With Innovative Ideas

"Education is the passport to the future, tomorrow belongs to those who prepare for it today"

Today the role of school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers and productive members of an ever changing global society.

At Aadharshila Vidyapeeth, we provide an atmosphere to the students for multifaceted development , where children are encouraged to channelize their potential in the pursuit of excellence. The school is striving hard to make the best possible efforts to inculcate strong values along with academics and extra curricular activities in the children.

At Aadharshila Vidyapeeth, our approach to learning is child centric, encouraging activity based learning and inculcating a scientific temper and a spirit of free enquiry in the young minds. While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face challenges of tomorrow and encourage them to be socially relevant.

I am confident that the Aadharshilians will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

PARENTS OF MEENAL GARG

Aadharshila Vidyapeeth is an institution whose name itself explains its virtues, Aadharshila means 'Foundation Stone'. My son Akshay Sehgal who is currently in 8th standard, has been in this institution since Pre-Nursery (2010). It is my experience that with the ambience and environment of the school, pattern of study, enthusiasm he is on the right path of his life. I am confident that he will turn out to be a good student and good human being once he will finish his studies from this institution. Also the guidance of its hardworking and wise teachers will turn these chumps of coal into diamonds. Although thanks is a small word for paying gratitude to these teachers but still I will say "THANK YOU VERY MUCH FOR ALL WHAT YOU ARE DOING".
