Vision 🎯

To prepare future global citizens who are empowered to make independent choices and are responsible, sensitive human beings.

Mission 📖

We are dedicated to empowering students so that they construct their own knowledge and learn to share and care. We are committed to providing a multicultural, child-friendly learning environment. We strive to make the teaching-learning process skill-based, encouraging inquisitiveness. We promote flexibility in the curriculum to enable students to become independent learners and grow as homogenous personalities.

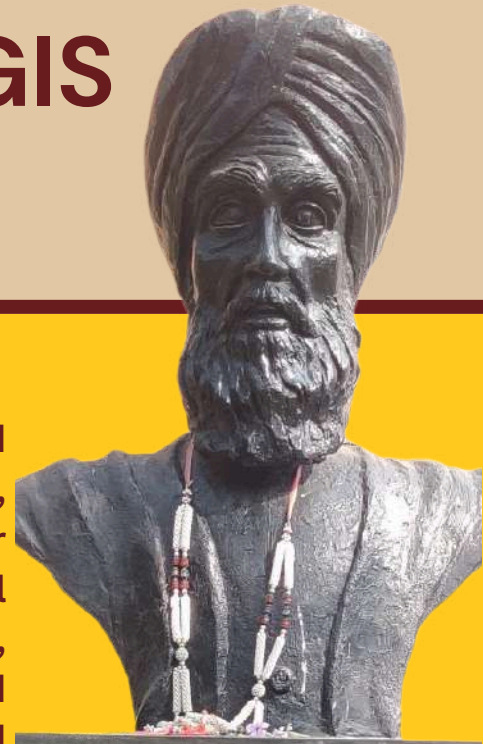

RAMJAS FOUNDATION

A 112 YEARS OLD AEGIS

“

Late Shri Rai Kedarnath Ji founded Ramjas Schools 112 years ago, dedicating his life to their establishment and development until his passing on 12th June 1942. Today, over 16,000 students are educated under the guidance of 700 dedicated teachers across one college, one day boarding school, and 16 schools managed by the Ramjas Foundation. The foundation invests generously on the holistic development of students and the professional growth of teachers, ensuring a nurturing environment for learning and personal advancement.

”

A SCHOOL THAT LEARNS....

“

Ramjas International School, a co-educational public school in New Delhi, offers CBSE Curriculum to classes from Nursery to XII. It is recognized as one of the best schools in the city, providing world-class education with affiliations to several foreign organizations. The school has three sections, a strength of over 1,900 students, and around 100 staff members. Fully prepared to face the challenges of the next millennium, the school strives to equip its students for a rapidly changing world. The need for an open, flexible, interdisciplinary, and global curriculum has never been more crucial, and the school is committed to meeting this demand.

”

THE CURRICULUM

“ Having a vision to impart value-based education is central to our school leadership...a source of motivation and inspiration which powerfully transforms each and every child into a good human being. This vision is understood, articulated and owned by the whole community that practices collegiality in school where everyone (the governing body, Principal, teachers, students and parents) is thereby encouraging everyone else’s learning and building a strong community of learners that will move society through hard work and values. Our curriculum acknowledges a child’s ‘Right to Learn’ at their own pace, and ‘Right to Freedom’ to work on developing their passion and the art of asking good questions. We inculcate a set of spiritual and moral values, a sense of integrity, ethics and uncompromising honesty. ”

THE LEARNING HUB

The School, the hub of 'innovative learning,' boasts state-of-the-art classrooms that blend technology with education seamlessly. The integration of Android touch screens and high-speed internet at School indeed sets a benchmark for modern education, enabling innovative learning and fostering critical thinking among students. Complementing this is our futuristic library, designed as a modern knowledge hub, offering a wide array of resources to ignite curiosity and a passion for reading.

The school also houses an Atal Tinkering Lab (ATL), where students explore innovation by designing robotic and mechanical models, nurturing problem-solving skills and preparing them for future technological advancements.

A CREATIVE , EMPOWERING ENVIRONMENT

Visual and Performing art has been an integral part of our school curriculum. Integrated Live performances in music, theatre, dance under the guidance of trained faculty provides an outlet to students for making creative choices, thinking new ideas, and interpreting the material in expressive ways. We encourage every student to take part in Indian and Western, Choirs and Bands. We nurture creativity by training students in diverse visual arts and motivating them to participate in exhibitions, providing a platform to showcase their talent and artistic expression.

BUILDING STRENGTH, SKILL & SPORTSMANSHIP

“Play is an active form of learning that unites the mind, body, and spirit. Great emphasis is laid on the physical and socio-development of students in our school. The sports staff is highly committed to fitness and wellness, providing coaching in Cricket, Badminton, Football, Basketball, Athletics, Table Tennis, Chess, and Taekwondo. Teamwork and sportsmanship skills are imbibed in the students, who have won medals at national and international levels. The Ramjas Basketball Champions League is a premier annual event where schools from across the nation compete for the championship title. It was once graced by NBA legend Kevin Durant, inspiring young athletes nationwide.”

AWARDS & ACCOLADES

GLOBAL HORIZONS: BUILDING BRIDGES

“ The principle of "United we stand, divided we fall" drives our global outreach efforts. Through exchange programs with Taichung Municipal CingShuei High School, Taiwan, and Droitwich Spa High School, UK, students engage in meaningful discussions on global issues, fostering cultural understanding. Under the Queensland Future Leaders Project, an online interaction on Sustainable Development Goals was held with Queensland students and teachers. These initiatives reflect our commitment to nurturing global citizenship, promoting cross-cultural collaboration, and equipping students with the skills to address shared challenges in a connected world. ”

CLUBS : WHERE PASSION THRIVES!

“ Our school offers a vibrant array of extracurricular activities, including Art and Craft, Robotics, Meal Planning, Model United Nations (MUN), Skating, Football, Health and Fitness, Basketball, Tabla, Indian Dance, Keyboard, Dynamix, Aryabhata Maths, Theatre, Pottery, Chess, Spoken English, and Aerobics clubs. These clubs provide students with opportunities to explore their interests, develop critical skills, and foster holistic personality development. ”

POTTERY CLUB

“ Fosters creativity through pottery, helping students create unique designs and improve motor skills. ”

MODEL UNITED NATIONS CLUB

“ Engages students as delegates, exploring diplomacy, public speaking, and global issues while building leadership skills. ”

ARYABHATTA CLUB

“ Develops problem-solving and reasoning skills through puzzles, games, and hands-on math activities. ”

CHESS CLUB

“ Builds strategic thinking, patience, and focus as students learn chess tactics and compete in friendly games. ”

ROBOTICS CLUB

“ Introduces students to robotics through simple models, building problem-solving skills, teamwork, and a love for technology. ”
