# JINVANI BHARTI PUBLIC SCHOOL

SECTOR-4 DWARKA, NEW DELHI

**Brochure**

JBPS Affiliated to C.B.S.E.

## **About Us**

Jinvani Bharti Public School was established by Palam Jain Educational & Welfare Society in July 1997 at Sec -4, Dwarka, New Delhi. The school is an English medium , Co-educational, Senior Secondary School, spread over an area of 4 acres, out of which more than 2 acres of land is exclusively for playgrounds. It has the privilege of being the first CBSE affiliated recognized senior secondary school in Dwarka area. The school has now been acknowledged as a premier educational institution in Dwarka and its vicinity which aims at harnessing, nurturing and transforming the potential of students coming from diverse social and economic background. Now the school is bustling in a lush green picturesque environment, its children are sparking and their future is inspiring. It provides an equal opportunity to the students to shine brighter. Here proper ambiance is provided to the students for building their dreams, spread the enthusiasm and make the environment shine around them brighter.

The real strength of our system lies in its broad based quality curriculum that offers diverse range of subjects that meets the requirement of modern times. Our endeavour is to let the learning be a fun and relevant, make the schooling a joyous experience. Teaching less dreary and education a wise investment.

Be one of the few who can gloriously call JINVANI their Alma matter.

For Academic Excellence & Developing self-confidence

Breaking limits, surpassing expectations, setting new horizons.

**JBPS ANOTHER NAME FOR LAURELS**

"A boon for meritorious and blessing for slow learners and under - achievers.

## **Chairman's Message**

Children are our valuable assets and we need to invest in their future adequately. Hence, we have to build up character of the students from the very childhood. They have to be taught to honour family and social values. Only if these children imbibe in themselves such a value system can we expect a bright future. I am hopeful that such a change is inevitable. But, this calls for a very active partnership between the teachers and the parents. Each has to complement and supplement each other's efforts in this regard.

It is our school's vision that when the students pass out from the school, they should not be the one in the crowd, but they should stand out in the crowd they pass through.

The school already has excellent infrastructural facilities and expansion is going on for creation of state of the art facilities. Besides, the teaching faculty is constantly motivated to make all out efforts to generate creativity, confidence, ethical values, decision making capability, quick initiative taking qualities in the student community. Though the task is challenging, I am glad to state that teaching faculty and management have always endeavoured to turn this challenge into an opportunity to bring out on the surface the hidden talent in very individual student.

All these efforts have generated a lot of goodwill for the school in Dwarka and its vicinity. It has now become the most sought after destination for educational pursuit upto senior secondary level. The school objective is to prepare individuals academically as well as to create self-confidence in them to face the world and the future with a positive approach.

Pankaj Jain

Chairman
