Principal's Message

"Intelligence plus character - that is the goal of true education."

Dr. Martin Luther King Jr.

Education in all its multi-dimensional magnificence is the very bedrock of an evolved society and educational institutions are the obelisks that bolster the very structure of it. Over the years we humans have taken plethora of challenges that came our way in our stride and have always managed to proactively steer the younger generation towards a socially responsible and humane course in life and needless to say that education has a strong role to play in this maneuvering.

At GDGPSD we strongly believe that our commitment to excellence is always a worthwhile pursuit. Our focused approach is directed to prepare the youngsters who join our portals with outstanding thought process so that they develop to their full potential and take on the journey of life as thoughtful, responsible and versatile participants in a global society.

Our deeply embedded roots and growth mindset steers us to urge our students to always build on their core skills and strive for better and best. It is widely proclaimed that every challenge is an opportunity and we Goenkans surely do know how to prepare our future generations as entrepreneurs and innovators so that they embrace new ideas and become authors of affirmative transformation in the world around.

We believe in constantly reinventing education in all domains of learning. Members of our distinguished and dedicated faculty leave no stone unturned in making learning a thought provoking and insightful experience. Over the years there has been a paradigm shift in education, it has moved from four walled classroom to the cloud in the form of e- learning.

Our adaptive curriculum and research-based assessments help students to access quality instruction and resources at all times as per their requirement.

Today, as the roots and branches of the mighty Goenkan tree are spread all over the world, it fills us with a profound sense of satisfaction about the laurels that our alumni bring home. The unfathomable sense of connect with our value system and sound education will always be a part of their disposition.

World is your oyster as you embark on a voyage of self-discovery with us.

Anita Khosla
Principal

Vice Principal's Message

G D Goenka Public School, Dwarka unwaveringly embraces the legacy passed on by renowned Irish poet, W.B. Yeats- "Education is not the filling of a pail, but the lighting of a fire."

An educational institution is a sacrosanct abode of learning and any child who passes through the Goenkan portals carries with him/her values of social responsibility, righteousness and love for all creations of God along with an enlightened heart and mind.

The verdant environs of the institute beckon learners into its fold and help them to transform into better versions of themselves. The loving and supportive mentors facilitate metamorphosis of young naïve minds into eager and enthusiastic learners. Goenkan forte is to promote a system of integral education in a child-friendly environment that emphasizes the harmony of all knowledge and recognizes the fact that each child is unique and needs personalized attention. The hallmark of our system of education is to give priority to the teaching of critical thinking skills such as reasoning and problem solving, to help our students develop the ability to reach sound conclusions based on observation and information. Our school curriculum also allows our teachers the elasticity to adopt pioneering methods to stimulate interest and attention among the students and develop in them an appreciation for our glorious past, pride in splendid present and prepares them for the challenges of the future. We support an open and transparent culture that stokes curiosity at every turn to get the best out of every student.

We take great pride in building a responsive alumni base and preparing our students for a complex world where they will have to take responsible decisions and shape it and lead to make it a better place.

Bimla Bist
Vice- Principal

Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.” - Dr. APJ Abdul Kalam

AT A GLANCE

- State-of-the-art premier educational hub
- Ergonomically designed four storey building
- Verdant greens
- High tech laboratories
- Well-equipped activity zones & work stations
- Indoor & outdoor sports facilities
- Well stocked knowledge hub with more than 13,000 books, Membership of British Library & a digital e-library
- Smart classrooms
- Mini auditorium
- Audio -visual halls
- Inclusive education
- Art Integrated education
- FIT-India school
- Green school initiative
- Rich technological edge
- Highly qualified & dedicated staff, who work in close collaboration with CBSE for development of curriculum.

Character is the result of two things: Mental attitude and the way we spend our time.

– Elbert Hubbard

VISION

We at GDGPSD envision setting global ideals in the realm of education and creating footprints in ultra-modern educational standards that will create benchmarks in molding denizens for a better tomorrow through an internationally recognized school framework. The ideological edge and the deeply imbibed values at GDGPSD provide a Launchpad for all those who pass through our portals.

MISSION

Creating a bedrock of cultural bonhomie in this land of ancient wisdom where diversity is woven in the very fabric of being and raising outstanding world citizens who can contribute to the furtherance of humanity through affirmative thoughts and deeds.

VALUES

- Integrity
- Accountability
- Gratitude
- Social Responsibility

BEYOND ACADEMICS

A place the children come to know of as their second home; a place which is focussed completely on honing their innate skills and potential, facilitating the individualistic growth they are meant to attain; a place that not only acuminates their flair but also provides the apt platform to showcase their all-round development.

GUARDIANS OF MOTHER NATURE

"No generation has a freehold on this earth. All we have is a life tenancy - with a full repairing lease".
-Margaret Thatcher

We are in a transitory phase on this planet, and awareness regarding the sustainability of Earth's resources is of paramount importance. This sense of guarding and protecting Mother Nature is inculcated and whetted from the very beginning, so that our students attain an intrinsic sense of responsibility towards our planet. This also hones life skills.

LEADERS OF TOMORROW

Effective leadership skills are honed from the formative years among our students. An effective leader does not search for consensus, but sways public opinion to his favour. They are mighty because they empower others.

"Leadership and learning are indispensable to each other. -
- John F. Kennedy

ACING THE GAME

Offering a diverse array of sports and games (both indoor and outdoor), the school maintains an impeccable pedigree of sportspersons. Identifying ingrained potential at the developmental stage and honing their knack to expertise are some areas our dedicated staff members work upon. Assorted sports arenas ensure non-encroachment of space for students playing different games. We have created a niche for ourselves in various sports, and our students have proved their mettle on international and national levels as well.

DEVELOPING MENTAL ACUMEN

"The mind, once stretched by a new idea, never returns to its original dimensions." –
Ralph Waldo Emerson

OBLITERATING BOUNDARIES

Our relationship with culture is mind-boggling and undeniable. Perhaps one of the biggest cultures we are aware of is the school environment. Conservation of our heritage is a vital link to our cultural, educational, aesthetic, inspirational and economic legacies – basically everything that constitutes our identity. Through special assemblies, knowledge of our culture and heritage, languages, diverse customs and rituals, festivals and commemorations is disseminated among the students to integrate them into the cultural fabric seamlessly. The same objective is attained through art & craft, annual shows, cultural shows, debates & declamations and performing arts – all of which are so readily offered by the school.

YOU & I: PERSONALISED ATTENTION

The most valuable relationship in the school is between a mentor and her/his pupils. We, at GDGPSD, strive to build this relationship to perfection, and in the process, instil a love for creative expression, fervent ardour for discovery, quench the insatiable thirst for knowledge, and assist them to become percipient members of the society.

“The art of teaching is the art of assisting discovery.” -
- Mark Van Doren

AREA AND BUILDING

- Spread over four acres, G. D. Goenka Public School, Dwarka is an English Medium, Co-educational Senior Secondary School.
- The building has a unique U-shaped architectural design on four levels.
- The furniture is ergonomically designed to cater to the needs of growing children of every age group.
- A spacious, elegant reception and verdant playgrounds provide a very welcoming façade to the school.

- The philosophy of a school gets manifest through its infrastructure - its classrooms, laboratories, activity rooms, playground, cafeteria, recreational and other facilities. At school a child should get the best of everything – education, amenities and care.

Our scientifically made building, vast playgrounds, high-tech labs, student clubs and cultural organizations will make one's time worthwhile at our prestigious educational institution.

"Do not belong to the past dawns, but to the noons of future"
- Sri Aurobindo

PRE PRIMARY SCHOOL CLASSES NURSERY, KG AND I

- A unique 21st century multi centre (a fully computerized educational centre) which integrates learning process with Play-way method.
- Amalgamation of Project work, Demonstrations and Excursions which aim at propelling curiosity.
- Learning integrated with creative arts and physical activities

A WORLD CLASS EDUCATIONAL INSTITUTION WHERE TINY SEEDS GROW INTO MIGHTY OAKS!

Pioneers are built, not made. The perspective is developed through various interactions and pep-talks with knowledgeable and discerning individuals of the society, so that the child may grow into an altruistic, responsible, articulate and progressive thinking individual; one who does not get bogged down by adversities but stands tall in its wake, focussing on solutions.

PRIMARY SCHOOL: CLASSES II TO V

The child is now familiar with the school environment and is exposed to more formal ways of learning and testing.

The subjects taught are English, Hindi, Mathematics, EVS, GK and Computers.

Introduction to an additional language. They can choose any one of the following languages: French/German/Sanskrit.

The school instils social consciousness, concern for others and involvement in the community both within and without the school with a broad vision of humanity, compassion and sensitivity to issues around them. The school also focusses to foster the norms for social behavior and interaction. It also develops within students a will to face challenges in both work and play as also a sense of competence, self-confidence and emotional and physical well-being. Children are taught to appreciate the dignity of human labour. Sports and other co-curricular activities remain an integral part of the curriculum.

MIDDLE SCHOOL: CLASSES VI TO X

Students are exposed to a wide spectrum of knowledge which revolves around the basic syllabus- Project work, Audio Visual aids, Hands-on experience, Excursions and Visiting dignitaries.

- The subjects taught are English, Hindi, Mathematics, General Science, Social Studies, Third Languages-French/ German/ Sanskrit and Computers.
- In classes IX and X, a two language system is followed. Students may choose between Hindi and the Third Language of their choice
- The School also gives the benefit to the students of classes IX and X to study six subjects. This enables the students to continue studying a third language of their choice, if they so desire.

EQUIPPED WITH WINGS TO SOAR HIGH

SENIOR SECONDARY SCHOOL: CLASSES XI AND XII

- Senior school aims to provide holistic education, facilitating students to achieve their optimum potential and equipping them to meet the challenges of life. The school accordingly envisions equipping young students to face the rigors of pursuing excellence in different fields when they eventually move to centres of higher learning elsewhere.
- The school doesn't believe in providing tightly compartmentalized subject choices to students. Over the years the school has been proactive in offering a variety of subject choices to students that not only cater to their interest but also spur their interest in their domain of choices.

LEARNING ENVIRONMENT

- Air-conditioned classrooms and functional activity rooms.
- To overcome the problem of heavy bags being carried by students, the school provides open shelves (pigeon holes) to each pupil within the classroom.
- Smart boards are fixed in every class and these provide interactive learning with an e-access even at home.
- Optimum teacher-student ratio ensures individual attention.
- Our pupils are encouraged and guided to develop analytical and problem solving skills.
- Special tutorial/remedial teaching, both during and after school hours are arranged according to the need of each child.

HOUSE SYSTEM

- The School has four houses – Radhakrishnan, Tagore, Teresa and Vivekanand and all pupils are grouped in either of them. Captain and a vice-captain for each house are elected through a democratic procedure.
- This grouping fosters a vertical integration in the School and gives students a feeling of belonging and sharing. Healthy competition and team spirit between the Houses is developed in Inter-House games, sports, debates, dramatics, music, quizzes and other co-curricular activities.

STUDENT PARTICIPATION

- Each class conducts the morning assembly every day. These class assemblies give each student an opportunity to participate. This develops their confidence and oratory skills.
- The cultural show put up for the Founders' Day as well as the Sports day too has a hundred percent participation. The Annual Art Exhibition, Science Exhibition/Week gives every student a platform to exhibit his or her work.

SPECIAL HINDI LANGUAGE COURSE (SHLC)

- Pupils whose mother tongue is not Hindi or who have not studied Hindi earlier (wards of NRIs) are offered a 'Special Hindi' Course and are gradually trained to come up to the required levels.

MAGAZINE AND NEWSLETTERS

- Periodic School updates and newsletters are published to develop the writing skills of the students and keep their parents well informed.

TOURS AND EXCURSIONS

- Well planned tours are arranged for students to visit Museums, Art Galleries, Exhibitions and places of Historical, Cultural, Scientific and Economic interest for experiential learning
- Camping expeditions, excursions to Game parks, Picnic spots etc are also organized outside Delhi.
- Excursion to NASA to explore and enrich social and intellectual skills.

ART INTEGRATED EDUCATION:

- Holistic education being the cornerstone of our education policy, we have integrated art into all domains of education so as to make teaching learning process a wholesome, interesting and lasting phenomenon.
- All forms of art and creativity like Painting, Dance, Music, and Craft are interwoven with the curriculum for all-inclusive results.

PHYSICAL FITNESS

- The school is equipped with a state-of-the-art Gym with the latest computerized fitness equipment. The fitness experts closely guide the building-up of strength, speed, endurance and flexibility of the students. The equipments help in postural corrections.
- Aerobics, Yoga and Gymnastics too are compulsory activities. Highly specialized martial arts like Taekwondo, Judo and Karate are taught.

- The school has attained the coveted FIT-India school badge. The school takes great pride in State - of - the - Art sports amenities and National level coaches. The rigorous sports regimes chalked out for the students aims to train students in all aspects of physical and mental well-being.

INTERDISCIPLINARY LINKAGE

- The school focusses on well-rounded learning experience of students. Therefore, lesson plans are designed in such a manner so that students can inter link one subject with another and a multi-dimensional course is ready for them to cherish.

- Special sessions are organized for the students on regular basis, wherein experts from different domains are invited to widen their horizons. Motivational speakers from all walks of life encourage the children to break the glass ceiling and achieve the unachievable.
- Sessions on Linguistic skills, Robotics, AI, Memory enhancement, Cyber security etc. not only provide respite from monotony but also gives them food for thought.

MORAL EDUCATION IN COLLABORATION WITH RK MISSION-

- Value based education often takes a back seat in the busy day at school, but, we at G.D. Goenka, Dwarka collaborated with R K Mission to start Awakened Citizen Programme for the students of middle wing. These young children are at a very impressionable age and lessons of love, deeply immersed in age old Indian values are imparted to our students.

MEDITATION

- A normal day at G.D. Goenka Public School, Dwarka begins with a calming session of meditation, which is repeated post lunch break. Meditation not only calms the mind but also increases retention power.

GREEN SCHOOL INITIATIVE-

- Students have been active members in the green initiative drive. The school firmly believes that roots of a good samaritan are sown in the childhood and school is the ideal cradle of knowledge. Environmentally conscious children will surely be harbingers of a greener earth.

CLOSE COLLABORATION OF OUR TEACHERS WITH CBSE

- Ours teachers have been working in close collaboration with CBSE to work on the development of curriculum for various subjects like Yoga, Tourism and F&D. The expertise gained by the teachers is used to hone the teaching and learning process.

EXPERIENTIAL LEARNING

- Hands on experience definitely help children to cherish and retain experiences for a longer duration. The school organizes visits to theatres, puppet shows, monuments of historical and civic importance to help create a lasting impression on young minds. The students are then encouraged to create projects based on their experience. Handling projects facilitates critical thinking, team work and time management. The children are motivated for various tele-collaborative projects. The outcomes are rewarding to students and school and they are well connected to the real world.

PROVISION OF RICH TECHNOLOGICAL EDGE

- As per the requirements of the current technological advancement, the school not only frequently trains its staff and students to use online platforms for seamless teaching learning process. Both, scholastic and co-scholastic domains of technology are explored and used for the benefit of students. Online competitions, online labs and other interactive sessions are organized on online platforms.

CUSTOMIZED ASSIGNMENTS

- We believe that class is a heterogeneous assembly of students having different competencies. So the teachers prepare graded assignments which encourage children to use references / search engines and critical thinking.

CAPSULE COURSES

- School organizes tailored capsule courses where CBSE experts impart specialized teaching to students and empower them with adequate skills to appear in the board examinations.

REMEDIAL TEACHING

- Remedial teaching is provided to students who require special attention in after school hours.

INCLUSIVE EDUCATION

- School manages teaching in such a way that the needs of all the children are met. This is to adopt flexibility to enable all students to achieve the desired goals.

Libraries will get you through times of no money better than money will get you through times of no libraries. - Anne Herbert
