

**WELCOME TO THE FIRST SCHOOL IN NORTH AND
WEST DELHI TO BE AFFILIATED WITH
CAMBRIDGE ASSESSMENT AND INTERNATIONAL EDUCATION (CAIE),
UNIVERSITY OF CAMBRIDGE, U.K.**

Richmond Global School (RGS) is the most prestigious and fastest growing contemporary global school in India. RGS is a recognized, K-12 co-educational school providing education of global standards with Primary and Lower Secondary curriculum from Cambridge Assessment and International Education (CAIE, University of Cambridge, UK). At Secondary and Senior Secondary levels, students have an option to choose between CAIE Curriculum and CBSE Curriculum.

Richmond has a **Centrally Airconditioned Campus** with lush green gardens. The exciting interiors and modern amenities provide an environment that is congenial and conducive to every child's growth.

RGS has proved its mettle beyond excellence due to its innovative global education and high standards of quality and creativity. Being a recipient of '**International School Award**' (2015-18) and (2018-21) from U. K., '**Gold Award**' from **Tony Blair's Face to Faith Foundation, U. K.**, **National Award for Excellence in School Education** from Indian Institute of Human Rights, **Plastic Free School of the Year Award 2018**, **Green and Clean School Campus Award-2011**, '**National Human Resource Optimization Award**' and **Best Performing School Award** from former Chief Minister of Delhi, Smt. Sheila Dikshit for **Project SEARCH**, proves Richmond to be the most distinguished school.

The School has undertaken numerous global ventures and fostered Global collaborations with International Organizations and Educational Institutions Across the globe to give international exposure to the students.

PROUD TO JOIN THE GLOBAL NETWORK OF CAMBRIDGE SCHOOLS ALL OVER THE WORLD

University of Cambridge, UK, an 800 year old Research-based University of England, is the World's Premier University. It has been ranked at 1st Position in various global surveys year after year. It is a great honour for Richmond Global School to be affiliated with this prestigious institution. We are the 1st School in North and West Delhi and the 3rd School in entire Delhi to earn this distinction in 2015.

Richmond Global School is a part of the global network of Cambridge Schools offering Cambridge Education Programmes under Cambridge Assessment and International Education (CAIE), University of Cambridge, United Kingdom (U.K.). The School is following Cambridge Primary and Lower Secondary Curriculum which includes curricula for English, Maths, Science, IT and Global Perspectives.

RGS follows Cambridge Education Programme and Qualifications that have a proven reputation to prepare students for life by helping them develop curiosity and lasting passion for learning. These programmes and qualifications set the global standard for international education and are recognized by the world's best universities and employers, thus giving students a wide range of options in their education and career. They are created by subject experts, rooted in academic precision and reflect the latest educational research. They

provide a strong platform for learners to progress from one stage to the next and are well supported by teaching, learning and assessment resources.

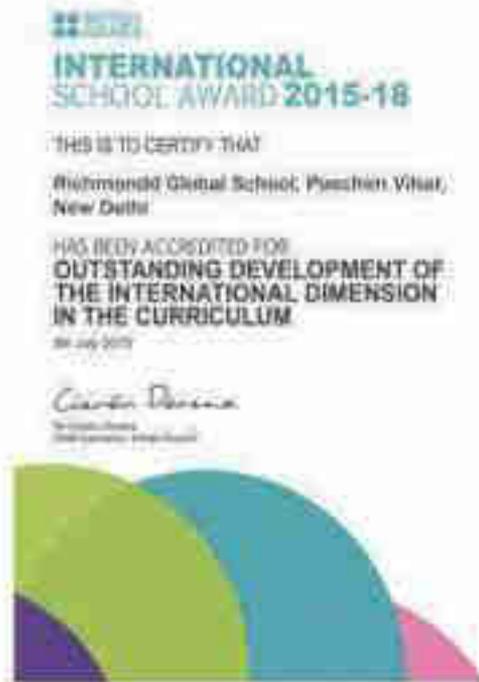

RGS manages the educational needs of its students by providing internationally sensitive curriculum which prepares the students to pursue their higher studies abroad too. The Cambridge curriculum followed by our school is competitive with global trends and current pedagogical patterns. It facilitates learners to become global citizens for the future in the context of an emerging global village concept. The curriculum is learner-friendly and stress-free with skill based approach in teaching-learning process. It is an enquiry based curriculum that caters to individual learning style and multiple intelligences in terms of learning, assessment, opportunities for research, extended learning and social empowerment.

We offer comprehensive support in

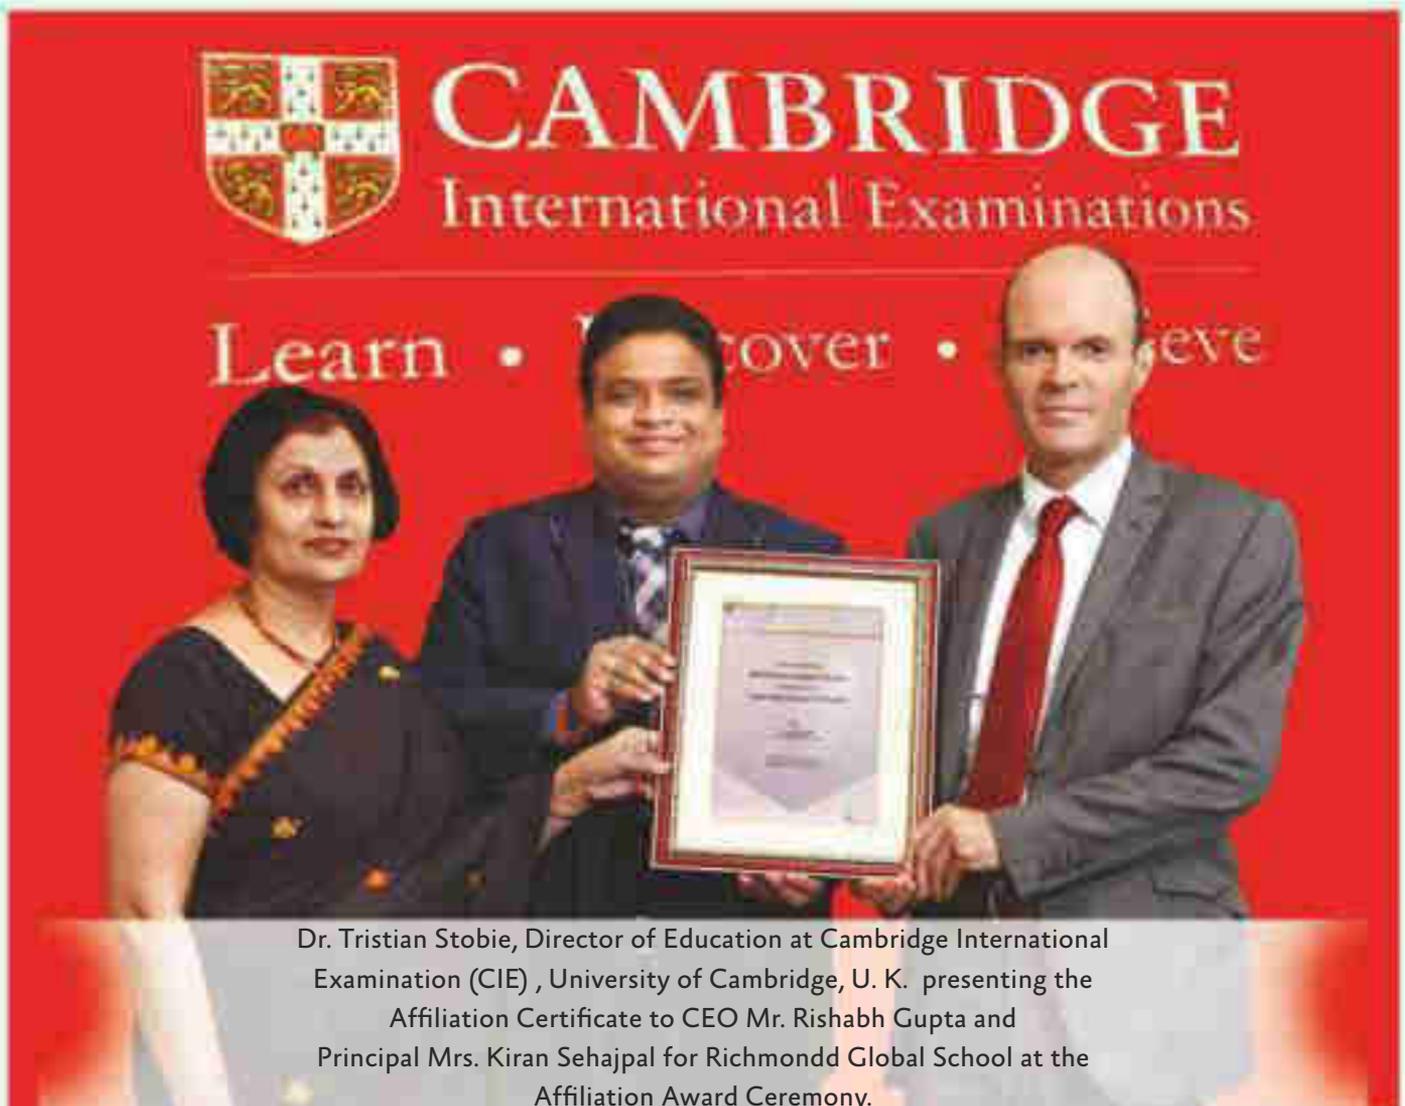

four areas, designed carefully around the needs of Cambridge learners and teachers:

- **Curriculum:** develops learners' knowledge, understanding and skills. Our curriculum sets clear goals for learners and teachers.
- **Classroom:** support and guidance helps teachers and learners perform to their maximum ability. We offer world-class teacher and learner resources.
- **Qualifications:** provide learners with a global passport to success. We offer reliable, rigorous and flexible assessment, leading to internationally recognized qualifications.
- **Community:** brings Cambridge schools, teachers and learners together through the sharing of best practices and ideas.

INTERNATIONAL SCHOOL AWARD

Richmond Global School has won the prestigious International School Award conferred by the British Council for the period of 2015-18 and 2018-21 for 'Outstanding Development of the International Dimension in the Curriculum'. The Award was presented by Mrs. Ruchira Ghosh, Regional Director, South Asia to the former Principal - Mrs. Kiran Sehajpal, CEO- Mr. Rishabh Gupta and Ms. Varinder Arora, ISA Coordinator.

Co-ordinator (U.K.)

Richmond Global School has an impressive advisory board selected for their exceptional stature and commitment in the field of education and child development. The School believes that education must be treated as an integrated process affecting all aspects of child's development. The School admires the panel's dedication, advice and rigorous efforts on all fronts to provide a better future for our children.

The panel meets annually by the end of the year. Throughout the year, all members remain actively engaged with the school, serving the cause of children in their own fields and providing guidance to management in their respective professional areas.

AN UNFORGETTABLE VISIT BY THE LEGEND, LATE FORMER PRESIDENT DR. A.P.J. ABDUL KALAM

While interacting with the students of Richmond Global School, Late Former President Dr. A. P. J. Abdul Kalam said, “I am really impressed by the warm reception and greetings received from Richmond Global School and the way the children have performed on stage. I am really happy to know how the school has grown to heights in a decade. The introduction of the concept-driven project-based learning and its implementation at Primary and Secondary School level will definitely enhance the creativity and innovation of the students.

The vision of Richmond Global School for developing a learning environment which is cheerful, safe, caring, exciting and full of opportunities will definitely allow developing of the full potential of children in multiple fields.

The ignited mind of the youth is the most powerful resource on the earth, above the earth and under the earth. I am convinced that the youth power, if properly directed and controlled, could bring about transformation and changes in humanity for its progress, meeting its challenges and bringing peace and prosperity.”

Dr. A.P.J. Abdul Kalam

PRE-PRIMARY CURRICULUM

COMMUNICATION, LANGUAGE AND LITERACY

The curriculum is planned to give children the opportunities to impart preliminary speaking, listening, reading and writing skills before reading and writing can be taught formally.

Communication skills are developed through a variety of activities and role plays. Children get ample opportunities to listen to stories, rhymes and sounds through a well stocked library and story books suited to their needs. They learn to recognize letters, sounds, signs and words in books and their environment. Pre-writing skills are developed as they experiment with various tools such as pencils, pens, crayons and brushes to convey their thoughts and feelings.

NUMERACY

Children learn to use mathematical vocabulary as they talk about shapes in their environment and sort, match, order, sequence, count and solve problems. Planned practical activities allow children to explore, enjoy, demonstrate and practice their learning and develop their understanding of early concepts of number, shape, pattern, time, measurement and space.

KNOWLEDGE AND UNDERSTANDING OF THE WORLD

With the aim to stimulate curiosity for the world around them, the children are provided opportunities to question, explore and find out about themselves, their environment and the people and places that have significance in their lives. Teachers extend their experience and knowledge by questioning, interaction, discussion and offering additional materials and resources.

SOCIAL, EMOTIONAL AND PERSONAL WELL-BEING

To develop personal and social skills, values and attitudes, we teach mutual respect and promote an inclusive ethos allowing each child to feel valued in such a way that a strong self-image and self-esteem is developed. Children learn to cooperate, build good relationship and share fairly through various activities.

ICT (INFORMATION COMMUNICATION TECHNOLOGY)

Children from an early age are given opportunities to play with simple machines, computer programs and explore the uses of everyday technology.

CREATIVE AND AESTHETIC DEVELOPMENT

Creative development is nurtured in children by providing opportunities to confidently explore and express their thoughts, ideas and feelings through art, design, technology, music, movement, imagination and role play activities.

DRAWING, PAINTING AND CRAFT WORK

Children are given opportunities to explore a range of colours, shapes, texture and techniques which offer sensory experiences and allow them to express their imaginations, thoughts and feelings through their artwork. Children are encouraged to evaluate and appreciate their own work and that of others.

DRAMATICS

Role-plays, puppets, themes and stories are used to recreate and invent situations. Ample training and wide platform is provided to groom their talent in dramatics.

MUSIC AND DANCE

Singing, playing instruments, movement and dance, all help the children to develop a sense of rhythm and give them another important means of expression. Children regularly participate in musical activities and also enjoy various dance forms.

School has a wide variety of musical instruments for the students to choose from and well-qualified instructors to train them to excel in competitions. Students are given opportunities to view a wide variety of classical and western dances from various sources such as live performances, peer choreography, guest dance artists and recordings.

PHYSICAL DEVELOPMENT - SKILLS AND THRILLS GALORE

- Physical development is essential for the overall well-being of children and is the most important way in which they can explore and learn.
- Their fine and large motor skills, hand and eye coordination, self confidence and self awareness are developed through indoor and outdoor play activities.
- Students are given access to safe and suitable open space and a wide variety of appropriate, small and large equipments which help them extend their skills in walking, running, hopping, jumping, climbing, balancing, throwing and catching.
- Regular opportunities and suitable environment are provided for proper physical development.

HEALTH AND WELLNESS

Richmondd Global School also recognizes the importance of good health and fitness of its children. Awareness is created amongst children on how to lead a healthy lifestyle which will have a positive impact on their academics. Children learn to make healthy choices in relation to their food, habits and surroundings.

We have a firm conviction that sports, games, development of hobbies and interests are an essential element for the personality development of every child for which our school provides facilities and coaching in activities like:

- | | |
|--------------|----------------|
| • Judo | • Archery |
| • Skating | • Taekwondo |
| • LawnTennis | • Badminton |
| • Gymnastics | • Basketball |
| • Volleyball | • Football |
| • Pipe Band | • Horse Riding |

The rigorous training in sports, life skills, visual and performing arts provide ample opportunities to learners and gives them a platform to unleash their hidden potential. They exhibit their skills and win several awards and accolades at national and international level.

Additional Courses in Summer

- Personality Enrichment
- Calligraphy

Cambridge English Language

- YLE
- KET
- PET

SMART CLASS PROGRAMME

Teachers use digital resources such as animations, video clips and simulated models to teach various topics. Visual presentation through Smart Class makes learning an enjoyable experience. Difficult diagrams, maps and illustrations are readily available making it vivid and interesting through **3D** animations on a large screen. There is a high-tech Interactive Digiboard in each classroom.

It serves as an effective tool to clear abstract concepts to the children. This results in faster and accurate understanding and better retention of concepts in the class and helps improve the overall academic performance of the students.

INTERNATIONAL COLLABORATIONS

To prepare the children as global citizens, it is essential that there are socio-cultural and educational exchanges between students of different countries. Keeping this in mind, Richmond Global School has forged alliances with International educational institutions. Our curriculum has been patterned and designed at an international level and the school has been a part of various International Projects since its inception.

- **Australian High Commission Project-Clean Up The World Campaign**

Being extremely environment friendly and ecologically conscious, school is an active partner of this project aiming at preservation of the ecological balance of nature in today's fast Tech World.

- **Tony Blair's Generation Global, U.K. in Collaboration with British Council, India**

Tony Blair's Generation Global is working towards promoting respect and understanding between major religions to tackle global issues and conflicts. This foundation has recruited RGS as one of the Face to Faith' member schools.

- **Stoughton Infants School, Surrey, U.K.**

It is a collaborative effort with an informative school through online links for information exchanges through video conferencing. Both schools are aiming at reinforcing a strong belief for children to understand the importance of love and respect for themselves, people of every race and culture, and the natural world.

STUDENT QUOTIENT

Starting 2014, the School has introduced its annual magazine 'Student Quotient'. This magazine is available to all students and their parents as a record of the years gone by and to keep them updated with all the activities during the year. The Magazine was inaugurated by Ms. Neha Dhupia (Famous Bollywood Actress and Femina Miss India 2002), Ms. Mahima Chaudhary (Well-known Bollywood Actress) and Mr. Manoj Shokeen (Leader of BJP) amidst the colourful Annual Day Fiesta - Mosaic 2014.

VIDEO-CONFERENCES

Richmond Global School sees it as a vital part of its International Policy to prepare its students for a successful life in an increasingly diverse and global community. RGS students are prepared to think critically, independently and assertively. They research on topics like global issues, faith, festivals and civil rights and enjoy sharing their views with students around the world.

To equip its students with the knowledge to understand major global issues, and to gain an appreciation of different cultures, school organizes video conferences in association with Tony Blair's Face to Faith Foundation, U.K.

Some of the video-conferences that have been conducted are:

- **Environment** with Nottingham Girls' High School, U.K.
- **Festivals** with Ockendon Academy, Essex, U.K.
- **Essentials of Dialogue : Faith, Values & Community** with:
 1. SMP Islam Al Azhar Kemandoran School, Jakarta, Indonesia
 2. IIS 8 Marzo School, Italy
 3. Jumeirah College, UAE

- **Civil Rights** with:
 1. Modern American School of Egypt (MASE-2000)
 2. IIS 8 Marzo School, Italy
 3. Okhtyrka Gymnasium, Ukraine

Essentials of Dialogue : Human Rights with:

- **Essentials of Dialogue : Human Rights** with:
 1. SMAN 1 Padang School, Indonesia
 2. Xavier University High School, Philippines

Medical Ethics with:

- **Medical Ethics** with:
 1. IEC-Boys School, Jabal Amman, Jordan
 2. Chettinad Vidya Mandir, Chennai, India
 3. SMAN 1 Padang School, Jakarta, Indonesia

PARENT INFORMATION WEB PORTAL

Richmond Global School has incorporated sophisticated “Integrated School Management Software” having a research based application in education domain.

Entab Web Portal is an interactive platform between school and parents where parents can track, analyze and monitor the progress of their child continuously and comprehensively.

The application assists in providing information technology network in all academic and administrative activities of the school and adds more value to facilitate the parents and children in the following ways:

- Track student’s complete profile from the time of registration till withdrawal electronically.
- It provides an unbiased view of student’s performance across years in academics as well as co-curricular activities.
- A view of relative performance of the child.
- Participation in events and achievements.
- A complete online library.
- Record of the various books the child is reading and his/her reading habits.
- Homework, Work sheets and Assignments.
- Information regarding bus routes and its timings.
- Fee scheduling and instalment dates.
- Assistance in addressing queries or grievances directly by respective authorities.

21ST CENTURY INNOVATIVE CENTRE

CAMBRIDGE ENGLISH LANGUAGE LAB

Our expert speech modulators and language trainers enhance the linguistic abilities of the students and teach them to speak with utmost confidence.

IT CENTRE

Our technically equipped Computer Lab with complete LAN connectivity and internet facility along with latest technological resources provide appropriate platform to the students to explore their aptitude for technology to excel and to be the future technocrats.

PHYSICS, CHEMISTRY AND BIOLOGY LABS

The scientific inquisitiveness of the students as well as their rationale on logical skills are triggered fabulously through our three major laboratories which are well equipped with apparatus of global standards to provide them with hands-on experience of practical demonstrations supporting their theoretical knowledge.

DIGITAL MATHEMATICS LAB AND ABACUS

The school has a well equipped Mathematics Lab providing geometrical instruments, games, puzzles, resources and materials that enable the children to verify or discover several mathematical properties and facts using models, drawings, paper folding and successfully relieving them from the fear of numbers, thus building confidence in them. **ABACUS** has been introduced as a tool to help the children do faster calculations mentally.

INTELLECTUAL DEVELOPMENT CENTRE

The school houses generously stocked Learning Resource Centre with a Computerized Catalogue System and Internet facility. The library has a large pool of Fictional and Non-fictional literature, Encyclopedias, Periodicals, Journals, References, Audios and Videos, CDs on all subjects to keep the students updated and knowledgeable.

COUNSELLING SESSIONS

Richmond Global School also holds special counselling sessions for the children and their parents. **Being an inclusive school, a full time counsellor (Child Psychologist) is available for students and their parents.** The school counsellor pays special attention to the children, especially those with special needs and provides remedial measures to them. The following initiatives are taken by the school:

- **Life Skill Education:** The school has a structured programme for Life Skill Education for all classes. It is also supplemented by inviting specialists and conducting workshops.
- **Career Counselling:** Special career counselling sessions are organized for senior students where in distinguished personalities from corporate sectors, professors from renowned educational institutions and engineering students from topmost colleges visit the school for their special talks and awareness programmes related to various career opportunities.

Also, there are exclusive programmes aimed at de-stressing students and solving their problems related to speedy and unhindered learning.

- **Interaction with Parents:** Eminent counsellors and psychologists specializing in early education and child behaviour are invited for comprehensive talks and interactive sessions with the parents to provide them an extra edge to deal with the challenges that may arise while managing their wards at home.

CHILD COMFORT

MEDICAL AND HEALTH CARE

Our Medical and health care department always has an experienced doctor and a nurse available for immediate medical attention. E.N.T., Eye and Dental check-ups of all the students are done on a regular basis. Parents are kept abreast of further treatment, if needed.

MID DAY MEAL

Wholesome and healthy Mid Day Meals are planned by nutritionist and prepared under hygienic conditions considering the balanced diet requirements of the growing children.

COMMUTING COMFORTABLY

For the comfort and security of its students, the school has a fleet of air-conditioned buses well-equipped with first aid facility and latest equipment, and an accompanying lady attendant to take care of the children.

Congratulations on creating such
a warm and inclusive learning
environment for your students!

Ms. Rosalya Scott

MESSAGE FROM THE FORMER CHIEF MINISTER OF DELHI

“Increased human activities and growing pressure to meet the demands are causing disastrous effects in the form of global warming, pollution, extinction of wild life and loss of biodiversity. It is now an essential and moral responsibility of everyone to contribute earnestly to the preservation of our environment. Every day is an occasion for us to realize and understand that we all are permanently connected to the web of life.

I congratulate the students of Richmond Global School, Paschim Vihar, New Delhi for their rigorous efforts to create environmentally sound school campus”.

Sheila Dikshit

Sheila Dikshit

MESSAGE

Chairperson's

*R*ichmond Global School, a distinctive global school, is soaring high in all spheres of education due to its strong commitment to provide opportunities for all to develop to their optimum potential.

Richmond, an educational institution with excellent infrastructure, technology and Cambridge (U.K.) curriculum has emerged as one of the best education providers in India. This escalation has been heralded by complex changes and numerous reforms in the field of education.

Research plays a vital role in development, quality assurance and validation of our global educational services. At Richmond Global School, everyone aspires to develop his or her knowledge, competence and skills for specialization in their particular field. The school takes pride to maintain British standards for its Quality Management Systems and for its academic and administrative procedures.

Richmondians are constantly motivated to develop interpersonal skills and enhance their talents to equip them for global outlook of the world. The curriculum is designed to sensitize them to current developments taking place worldwide and educate them for the future so that they can be versatile and are comfortable working, communicating and collaborating with people all over the world.

Richmond is just like a 'Prism' where a child enters like a beam of light and comes out matured with various qualities like the beautiful colours.

Nidhi Gupta

Nidhi Gupta

CHAIRPERSON

MESSAGE

The Perspective

*I*ndian education sector is growing day by day and is in full throttle to open brighter avenues for the country. One of the prime challenges for India's swelling growth is severe 'skill' gap across all sectors. Consequently, there is need to prepare and plan for world class, competent, skilled and innovative workforce by bringing in collaborative efforts between the key stakeholders – Government, Industry and Academia, in order to meet the challenges of the new age knowledge economy.

It gives me immense joy to see that our school has, over the years, acquired the true mark of excellence as a world class school not only in the field of academic learning but also in all areas of educational activity.

Richmond Global School (RGS) has set up an impressive state-of-the-art infrastructure with best facilities and resources and an eminent teaching faculty to facilitate global education in India.

RGS, being a highly progressive and enterprising school, caters to the needs of the contemporary society through technology in education. The Parent Information Web Portal (PIWP) enhances the education delivery systems by providing an interactive platform between the school and parents where parents can track, analyse and monitor the progress of the child continuously and comprehensively. The Educomp Smart Class Programme provides high-tech interactive teaching and learning experience to students through 3D animations, graphics, digital resources such as videos and simulated models.

Our unique Cambridge (U.K.) curriculum and collaborations with International Organizations such as Tony Blair's Face to Faith Foundation in collaboration with British Council of India, Pleckgate High School, U.K., Stoughton Infant School, Surrey, U.K. and projects with Australian High Commission, prepare every RGS student as a global citizen.

Special emphasis is laid on skill development programmes aiming to develop inquiring, knowledgeable, self-disciplined young learner with intense perseverance to meet the challenges of the modern society.

With this perspective, RGS seeks the height of success and glory to help its students fulfill their dreams.

MESSAGE

From the Principal's Desk

*The mind is not a vessel to be filled
but a fire to be ignited.*

We at Richmond Global School support that education is the perfect medium to develop the greatest abilities of students. The founding sentiment of the school is the staunch conviction that in each child there is a private hope and dream which can be translated to reality through the progressive discovery assisted by education.

The school not only nurtures aspirations of students but puts in incessant efforts towards enlightening and guiding the students to ascertain their prospects and confidently stride on the path leading to success.

In our endeavour to endorse the innate proclivity of students, we provide them plenitude of co-curricular activities not only within but beyond the school campus as well. Students are exposed to a various intra & inter-school competitions enabling them to enhance their horizons and intercept a larger vision of life.

Technology has found its place in all walks of life and education has found a new companion in it. Keeping pace with the tech-savvy world, RGS implements technology as a part of thoughtful, holistic approach to education. In the wake of the pandemic that has forced us to isolate, the school leaves no stone unturned in imparting quality education via virtual classrooms. Students are equipped with Google Docs, Google Sheets, Google slides and many more apps in the quest of facilitating smooth teaching-learning process.

It humbles me to head the institution that stands for excellence and continually sets highest benchmarks and sets new landmarks. With the cumulative efforts of the management and seasoned educators, we hope to shape students who aim for stars while firmly grounded to their roots.

It is rightly said-

"The greatest gift we can give to our children are roots of responsibility and wings of independence."

PRINCIPAL

THE SCHOOL WELCOMED DR. UMER AHMED ILYASI

The Chief Imam of India Dr. Umer Ahmed Ilyasi visited Richmond Global School on Friday 12th October 2018 for a "Spiritual Interactive Session" with the students. He enlightened and inspired the students with his words of wisdom. His teachings on Love, Peace, Harmony, Kindness, Green and

Clean India, having Good Sanskars, doing Yoga and saving the Environment will go a long way with Students of the School. We were indeed blessed to have a religious leader of his stature amidst us.

The total medal haul by the school was 14, and the gold medalists qualified for the Delhi State Taekwondo Championship.

Richmond Global School, Paschim Vihar celebrated its annual fest 'MUSIC 2012' based on the theme 'Dance, Music & Talents Indoor stadium. The occasion was graced by the chief guests, Prof (Dr) Kishor Wala, minister of education, social welfare, women & child development & languages, GNCT Dehradun & Pawan Agarwal IAS, chairman, House Committee, Lok Sabha, President, DPOCI. The chief guest awarded the RGS students with 'Gem of the Year' award for their

Richmond Global School

talents in academics and various co-curricular activities. The highlight of the programme was the 'shadow dance'. A ballet 'Veda Dees', scripted by Ghanshyam, showcasing the significance and value of eye donation was presented. Pawan Gupta (CEO of the school) and Kiren Sehajpal (school principal) were the present. School 1000+ students

of Richmond Global School, Paschim Vihar celebrated International Peace Day with lot of zeal and ardor. All the students from nursery to Class 12 participated in various activities starting with a peace prayer that was followed by a peace song, written and recited by the class teacher, Tripathi. Then, there was a year set play about making earth a peaceful place. Students of pre-primary and primary classes came dressed up as famous personalities and world leaders. This was followed by dance performances. Then there were speeches by students representing different cultures and religions. The principal, Kiren Sehajpal addressed the students sharing the story of King Ashoka. Closing the peace events the school principal and senior school public relations manager, Varinder Arora released white balloons with peace messages written on them. The students of Classes 8 to 12, accompanied by the teachers, went for a peace march in the Paschim Vihar area. Peace posters were made by students of Classes 5 to 8.

Tradition served on a palette

Richmond Global School, Paschim Vihar used the medium of food to reunite children with their traditions as it conducted the event 'Virsaat' for class IX. Students brought a variety of dishes, along with a menu card, such representative of a different state of India. Some narrated interesting stories related to their traditional food, besides describing different appliances used in their homes to cook it. 'Virsaat' was a perfect way to assure the taste of India and to create awareness of the various traditional foods of the different Indian states. The guests and judges appreciated the efforts of the students and the school for conducting a vibrant exercise.

Richmond Global School

To beat the heat of Delhi, Richmond Global School, Paschim Vihar organised a trip to Mussoorie 'Queen of hills' for its students for 3 days. The students took no time to venture in to the hills, their a ripe way rise to Sunhill, overlooking at Kempty Falls, before moving towards Company Bagh a garden full of roses having a picturesque view. Besides this, they took part in group games, enjoyed different rides and shopped for their family.
