EDITORIAL

"Temper us in fire, and we grow stronger; when we suffer, we survive."

- Cassandra Claire, City of Heavenly Fire

"The more we sweat in peace the less we bleed in war" is a dictum that motivates any soldier to strive even harder during good times. Similarly, the trials and tribulations faced by human race for the last couple of years, did teach us to adopt this motto in letter and spirit. It goes without saying that we will only succeed if we are ready to constantly adapt to the situation presented before us. We at St. Mark's, have taken this very seriously.

We all braved the COVID tsunami in our own way. It did test our grit but couldn't break us, just like the fresh water springs that move incessantly on stormy paths, to merge finally with river water. Online method of teaching couldn't stifle our growth and accolade winning spree. We shall always strive for excellence no matter what the situation is. Happy Reading !

FOUNDATION DAY

“School is not just a building having four walls, but an institution with TOMORROW germinating inside.”

It goes without saying that the level of greatness, both literally and metaphorically, to which any institution raises, depends on the vision and efforts of its founders. So to commemorate their legacy, every year we celebrate Foundation Day on 07 January.

Our young growing bundles of energy have been cocooned at home for the last couple of years. Yet, no stones were left unturned while celebrating our school’s birthday. Sharing their precious memories, students of each class of the Primary Wing participated in the celebrations by making birthday badges (Class I), decorating cup cakes and muffins (Class II), making anniversary school murals (Class III), creating ‘Happy Birthday’ banners (Class IV) and designing school logo (Class V).

REMEMBER WHAT YOU ARE

WORLD POETRY DAY

No one, no one, no one is alone

We have a family and a home.

Still something is making me mad

For all those days which I had.

Never, never, I felt alone,

I too had a family, I had a home.

Still don't know why, why I am restless,

I had my work to do but was still listless.

I am a student, but marks aren't my identity,

Neither they can stop, nor can shape my destiny.

Failure never means a big full stop,

It teaches you a lesson to reach to the top.

I wasn't broken, was just taking rest,

I still have power to chase the quest.

I got what I want, for what I had dreamt,

Because my dreams, my desire aren't weak and nor am I ..

On the occasion of World Poetry Day, we have a beautiful poem 'Remember What You Are' by Tushar Kumar Jha ,X C
