A Science Post-Graduate from Cambridge University UK, an entrepreneur and an educationist, Mr. Singh is a visionary under whose leadership, Modern School's philosophy has been continuously nurtured to enable it to sustain as one of the top most schools in India even after 100 years of its existence. Integrating the ideals of modern education with traditional and rich human values is Mr. Singh's vision for education in India. He always says :

Sports facilitate the development of a peaceful mind, healthy body, sharp intellect and social skills. Our motto is to promote every student to play at least one sport, be it outdoors or indoors.

# Multifaceted Development at Modern

Every child has a unique combination of varied intelligence. Thus, we encourage our students to participate in a multitude of co-curricular activities offered beyond classroom learning to unravel their own competencies. We strive to create a space where children can speak their minds, express their hearts and explore their souls.

# Student Safety

Parents' trust is our responsibility and we go to every length to ensure our children's safety, through Police verified staff, security guards, CCTV cameras, electric fencing and all other necessary measures for safety.

Our vigilant team ensures a safe and secure environment for our students in the school.
