

**New Dimensions  
In Global Education**

**K.R. MANGALAM WORLD SCHOOL**

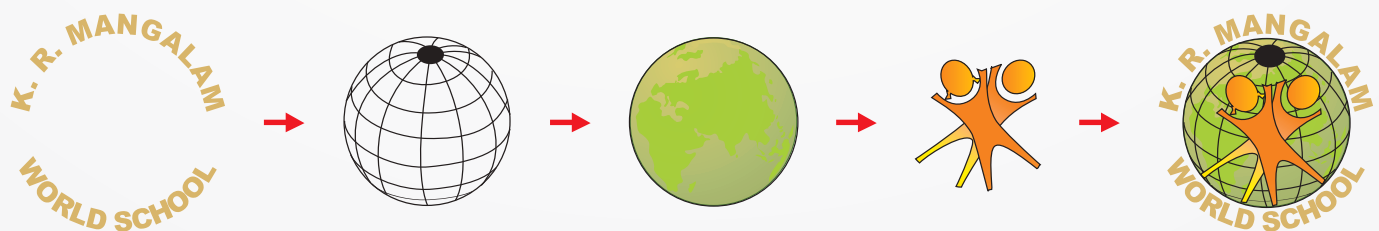

## Dynamic Learning

**D**ynamic Learning initiated by K.R. Mangalam is meant to be a movement to achieve concentration of the key strength in a student, with the entire paraphernalia of knowledge acquired additionally to augment such concentration. It is no more about mere talent identification and nurturing such identified talent, only to have it diluted in the calculation of the years of classroom learning. It is about stepping out with an accurate knowledge of where to go, when to go and how to go, without any scope for surmises and assumptions, or variables.

The focus is on connectivity, with strength of knowledge, strength of communication, strength of confidence and strength of focus itself!

This is dynamic learning at K.R. Mangalam World Schools.

**EVOLUTION OF A DREAM-REALISING IT WITH EDUCATION**

Ralph Waldo Emerson once said that  
'...knowing is the measure of a man. By how  
much we know, so we are.'

A sincere belief is the key to that piece of  
the truth. If we know enough, we shall  
achieve greatness. It is in that vein that  
our logo depicts children girdling  
the earth.

Their upraised hands speak of the  
joy that education promises  
and provides. The globe signifies  
our reluctance to restrict ourselves  
to parochial attitudes. Learning is  
meant to be open - we shall cherish  
that ideal. Wherever excellence  
shall be found, it shall be nurtured  
in the right environment, so that tender  
buds bloom into beautiful flowers.

K.R. Mangalam World School will strive to  
discover the depth of knowledge.

Continuously.

R R

We envision institutions that develop a cosmopolitan perspective and hold hands to take the path together towards tomorrow.

# PERSPECTIVE

Mr. Yash Dev Gupta, Chairman K.R. Mangalam Group of Institutions believes in Vivekananda's Philosophy of Education. For Mr. Gupta, education should tear off the veil of ignorance so that knowledge shines forth as an illuminating torch to enliven all the corners by and by. His mission is to achieve the latent perfection present in every child to the fullest.

## The Leading Force

“What we are today comes from our thoughts of yesterday, and our present thoughts build our life of tomorrow. Our life is the creation of our mind.”

**Yash Dev Gupta**  
*Chairman*

# HAR

# MONY

## HARMONY IN LEARNING

Knowledge is power. Rather, knowledge is happiness.

To have knowledge, deep broad knowledge, is to know truth from false, and lofty things from low. To know the thoughts and deeds that have marked man's progress, is to feel the heart-throb of humanity through the centuries; and if one does not feel in these pulsations a heaven-ward striving, one must indeed be deaf to the harmonies of life.

**Hellen Keller (1819-1891)**

A young girl with dark hair and sunglasses perched on her head is the central focus. She is looking slightly to the side with a thoughtful expression. She is wearing a red top with a gold lace collar. The background is a soft, out-of-focus image of the same girl, creating a layered effect.

# The Vaults of Wisdom

K.R. Mangalam World Schools are not just buildings. We have instead tried to create temples dedicated to learning. As priests to these temples of academic excellence and personal development, we understand that achievement and humility go hand-in-hand and is a result of nurturing our charges.

It is with this idea in mind that the schools have been laid out in an elegant manner, where architectural motifs vie with ornamentation for praise. While the atmosphere and ambience is conducive to learning, and an extensive amount of modern facilities have been provided, neither function nor form have been compromised. Striking in their appearance, the structures therefore exemplify the K.R. Mangalam World Schools' understanding of education. We believe that the next generation heroes will find the sense of orientation here, a feeling of being at home.

# THE METTLE

## OF K.R. MANGALAM SCHOOLS

The K.R. Mangalam World Schools provide a comprehensive infrastructure that includes LAN, Workstations, Net access, Computerised lab processes, Digital cameras, apart from scanning and printing facilities. This is just one facet of a school that takes development, very seriously.

So, while the outer crust provides sustenance, the inner mantle of softness and care comes from the focus that our teachers lavish on their charges. Enrichment is a key word here and the impetus comes from a skilled blending of 'core' and 'applied' education. Special attention will always be paid to any activity that builds competence and confidence in our children. We believe that teams work best when they work together. And that is what we are. Teacher, Pupil and Parents - a team that treasures knowledge.

It is with that ideation in mind that we at the K.R. Mangalam World Schools will be recognizing and rewarding achievements. We will teach that achievement is not always in the winning, but also in the understanding why failure takes place. In such an undertaking, the K.R. Mangalam World Schools, therefore accept the solemn onus of developing each student's mental, spiritual, physical, and aesthetic understanding.

# Exchange Programmes

A global environment demands the expansion of one's boundaries to reach out and assimilate the best the world offers.

The schools have entered into collaboration with schools from Australia, Canada and Germany. Besides providing the student a first-hand experience of the Australian, Canadian and German education system, the exchange programmes provide them with a window to the culture and customs of these countries. Moreover, the participants become more integrated and get to know each other better, thereby learning what it means to be responsible. In addition to this, the Exchange Programmes help in removing prejudices and intercultural communication barriers and give students global exposure and networking possibilities with their respective counterparts.

## Guiding the KRM Ship...

*"Associate yourself with men of good quality if you esteem your own reputation;  
for it's better to be alone than in bad company.- GEORGE WASHINGTON*

Institutions of learning have a pivotal role to play in the education scenario of today, given the pressing demands of the fast-paced, technology-driven world. As such, it is of prime importance that schools are guided in their endeavours by the astute insight and expertise of an erudite and efficient management.

Lending vision and direction to the K.R. Mangalam group of schools, is an expert panel that boasts of luminaries from the field of education. Together these stalwarts guide the KRM ship to soar to the skies in pursuit of excellence. Their experience and accomplishments in various realms of education has enabled the group to impart quality education and establish a common examination system across all K.R. Mangalam Schools.

**K.R. Mangalam Group  
presents a  
Premier School Initiative  
for  
Outbound Education**

**K.R. MANGALAM  
GLOBAL SCHOOL**

**An International Baccalaureate  
School**

# Emphasis on Global Citizenship

The prestigious K.R. Mangalam Group brings decades of experience and achievement in education, with 8 renowned institutions in Delhi / NCR, to the launch of a Global School, with international standard assessments, curriculum, and exposure.

K.R. Mangalam Global school, a candidate for the IB Primary Years Programme, and pursuing authorization as an IB World School, is a premier destination for outbound education, right in the heart of Delhi.

Against the backdrop of essential student-friendly amenities like round-the-clock surveillance and professional security, AC buses to all major locations in Delhi/ NCR, a unique emphasis on technology-driven approaches to teaching ensures a high engagement rate in learning, for a new generation.

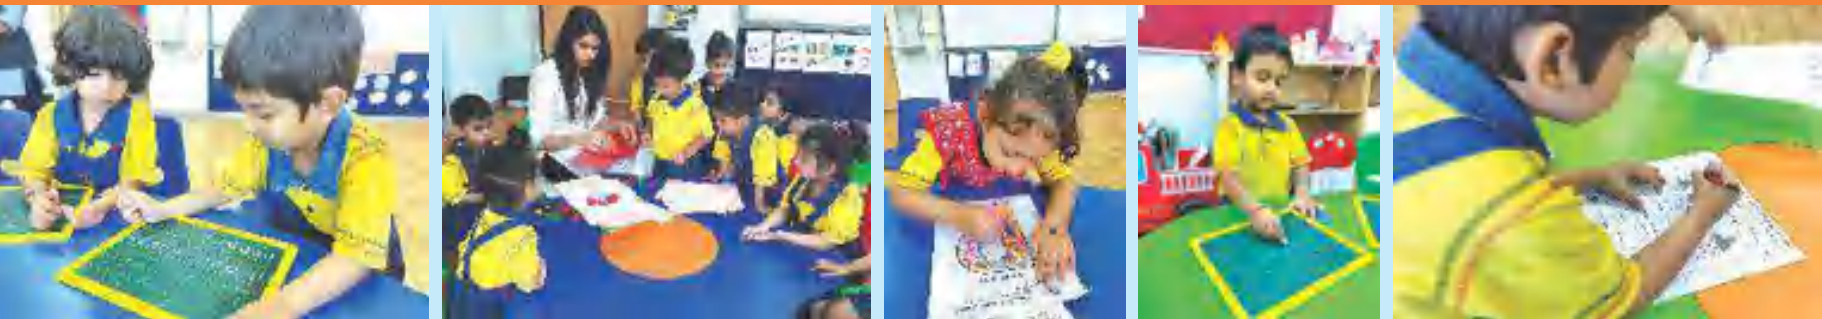

Children born between the mid-1990s, and early 2000s, also known as Generation Z, are distinctly characterised by their learning needs, in tune with a fast-paced, shrinking world. They have never known life without technology, and are even more native to a digital framework than their predecessors, Millennials. In contrast to a traditional approach to schooling, students now achieve high academic success rates with digital delivery and on-demand review of lessons, access to secure forums and international networks for knowledge exchange, and relevant education on social conscience development, personal image fundamentals, and skill development. The focus is on all-round, holistic development; not only on what to know and in how much depth, but on recognizing that achievement is a habit, and all worthwhile learnings are permanent tools for life.

With an emphasis on global citizenship at K.R. Mangalam Global School, students receive an education second to none, empowering them for careers in a globally dynamic economy with constantly evolving technologies.

IB Curriculum, recognized the world over for rigorous and balanced studies, provides an international student the perfect start to higher education abroad. It brings internationally renowned best practices in teaching to the development of a scientific temperament and skill-based, disciplined critical thinking in the leaders of tomorrow. By broadening students' educational experience, K.R. Mangalam Global School brings a new dimension to schooling, providing a springboard to a future-proof career in a globally dynamic economy.

# From the Principal

## Principal, K.R. Mangalam Global School, G.K.-1

### Cultivating Exceptional Thinkers

# Innovation in Education

“ At K R MANGALAM GLOBAL SCHOOL, we believe that a successful education is all about inspired, imaginative teaching, centered on the learner as an individual. We nurture students not only to achieve academic success but also to become true global citizens. KRM GLOBAL SCHOOL is stated to be the first school in Delhi to offer the International Baccalaureate Primary Years Programme from Early Years to Grade 5. It will grow to achieve accreditation in the full IB curriculum in the years to come. The IB is internationally acclaimed and respected for its relevance to today's multicultural and increasingly global society.

Our programme features an inquiry approach that aligns student's interest with what they learn, thereby enriching their natural curiosity and promoting a love of learning. Our team of experienced, skilled and passionate teachers model the attributes of the IB Learner Profile and encourage students to “respect themselves, others and the world around them”. A strong sense of common purpose pervades our learning community. We believe that trust and strong parental participation are an integral part of a quality education and we see parents as our partners in their children's learning journey.

As we continue to progress towards fulfilling our vision, we have come to recognize that to be truly exemplary we need to have an organizational culture that is well defined and deliberate. As such, we have identified three essential cultural components that we call our strategic anchors: **a culture of excellence, a culture of extraordinary care, and a culture of possibilities**. These anchors will make possible our vision and have created a filter by which we can make every decision, and pursue every activity in the best interest of the students we serve. We understand that when excellence, extraordinary care, and a culture of possibilities all converge, we create the optimal conditions for our students to truly achieve their potential and become world leaders in any field they choose. We are truly inspired by the possibilities that lay before our school this year and in the years to come.

We look forward to welcome you into the warm folds of K R MANGALAM GLOBAL SCHOOL ”

*Principal*

**K.R. MANGALAM WORLD SCHOOL - GK - II**

## Principal, K.R. Mangalam World School, GK-II

 *Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family.*

At K.R. Mangalam World School, it is our firm belief that the acquisition of knowledge demands a multi-dimensional, multi-faceted and a constructive approach. Knowledge for us is not restricted to just the academic domain but transcends the boundaries of scholastics to encompass co-scholastic activities and most importantly, facilitate a better understanding of the 'self', thus impacting the overall personality of the learner. At KRM, learning is a beautiful process of enlightenment and self-discovery. We are committed to creating the right environment for the young learner, an environment that fosters creativity, reasoning, understanding, tolerance and empathy.

The KRM classroom is the gateway to numerous possibilities. The School's World Class infrastructure provides the perfect environment to nurture the future citizens and leaders of the country and world. Our smart classes come alive with the intellectual acumen of our expert faculty, who besides broadening the horizons of the young learners also play a crucial role in helping the learners realize their potential and abilities. Each individual learner at K.R. Mangalam brims with the faith and confidence which comes from honing one's unique talent and strength, and also from acquiring a clear vision for life and realization of responsibilities towards the society and country.

Beyond academics, a host of activities have been initiated by the School to suit different tastes and aptitudes, thus bringing individual talent to the fore. Dramatics, Fine Arts, Public speaking, Pottery, Photography, Astronomy, Social work-to name a few- provide the students with a unique platform to pursue and showcase their potential.

KRM realizes that the World has irreversibly shrunk in terms of time, space and connectivity, and is now a global village, and as such, each individual has to be nurtured as a citizen of the World. As an initiative towards providing the learners a window to the World, the School has entered into educational exchanges with World renowned institutions from Canada, United Kingdom, Germany, and Australia among others.

The School's motto 'Together Towards Tomorrow' envisages the building of intellect and character, which is in consonance with the demands of the 21st century. Our motto epitomizes our progress towards the World of tomorrow, which would be peopled by citizens who brim with vision, empathy and intellect.

”

*Knowledge is love and light and vision. -Helen Keller*

## Inspirations &

# Motivation

Interaction opens up new perspectives and our school bears testimony to the magical power of interaction with eminent personalities like: Smt. Pratibha Devi Singh Patil (President of India), Smt. Sonia Gandhi (Chairperson UPA) Sh. Rahul Gandhi, Sh. Ajay Maken, Sh. Kapil Sibal, Sh. Vilas Rao Deshmukh, Sh. Joytiraditya Scindia, Smt. Sheila Dikshit, Sh. Arvinder Singh Lovely and Sh. Vineet Joshi. Such interactions help metamorphose the mundane to meaningful—the latent to laudable.

We, at all our institutions, are committed to fostering the development of leadership qualities by providing our students, opportunities to nurture and augment their inherent talent and potential by meeting eminent personalities of the nation, and gain from their inspiration and motivation.

# Academics :

## Foremost Priority

Academic excellence is the foremost priority at KRM. Continuous and Comprehensive Evaluation is put to optimum use to motivate the learners and augment their learning opportunity.

To supplement the student's awareness and learning, assignments, study-material and questions, encompassing all subjects, are regularly provided to the students. The school recognizes and awards academic excellence through the medium of Scholar Badges.

The school boasts of a vibrant and dynamic virtual school, which provides KRM students easy access to quality study material, sample papers and assignments in different subjects. It also strengthens the communication link between the parents and the school.

Audio-visual mediums are put to optimum use to facilitate learning. The installation of top-of-the line Interactive Boards in the classroom greatly aids the students in comprehension.

# E-magazine

## Instant Connectivity

### School E-magazine – *Nirantar*

The school has its monthly online magazine, Nirantar. Nirantar encapsulates school news and events besides providing the students with a platform to voice their thoughts and opinions. Each issue of Nirantar encapsulates a theme that holds importance in students' life such as 'The revamp in education', 'Envisaging a green future', 'Integration of science and technology in education' etc. It is broadly divided into editorial section, primary school, senior events and workshops, competition news and students' nook. Each of these sections gets contributions of every department, in a unique way creating an amalgam which in its final form presents interesting vignettes of school life.

Besides this, each issue comes packed with a variety of information, which includes articles on the theme of the month, issues of national and international importance, interviews with eminent personalities, recipe of the month and a lot more.

On the interactive front, each issue has a special quiz and riddle section.

### Wall Magazine

The Wall Magazine is an endeavour to enlighten our young learners with news articles that grabbed media and critic attention. Each month's edition covers the major events of the previous month headlines along with debates on a particular event or news. All this is incorporated in a visually appealing format that the readers enjoy reading.

The magazine is divided into three sections, namely: National News, International News and Pick of the Month which debate an issue in national headlines for a long time.

# Technological Initiatives

KRM acknowledges the fact that transformational technologies such as communication and information technology have a powerful impact on society with profound implications. Becoming technologically proficient is an imperative challenge in the 21st century.

The school has entered into a partnership with Microsoft, the word synonymous with the world of software and Live Education, to introduce students to a World Class Web Based system that enables Educational Institutes to collaborate in building a state-of-the-art learning environment. Besides strengthening the vital communication link between the teacher and the taught, the endeavour world facilitate online tutorials and distribution of assignments and study material.

KRM's technological initiative is an acknowledgment of the increasing role of technology in our daily lives and has received a tremendous response from teachers and students alike.

# Holistic Development

K.R. Mangalam World School believes in providing the best to its students, be it in academics or the co-curricular domain. In order to promote holistic development, numerous interesting, interactive

activities are conducted throughout the year. Clay modeling, Cookery, Puppetry, Origami, Shooting, Dance, Music, Aerobics, Fashion Designing, Art and Craft, Yoga, Skating, Tennis are some of the activities offered to the students. Sometimes expert coaches visit the school as in the case of “Dramatics” and “Gadgetronix”. Clubs like the Science Club, Literary Club hone not only the creativity of the learners, but also provide them with enriching experiences. The students get to work in teams, to exercise leadership qualities and this enables them to become balanced individuals.

**K.R. MANGALAM WORLD SCHOOL - Vikaspuri**

# From the Principal

## Principal, K.R. Mangalam World School, Vikaspuri

“ My brush with K.R. Mangalam and its students has been an extremely enriching experience. Every morning the bright face of the students oozing with energy and enthusiasm becomes a huge source of inspiration for me. Teaching has always been my passion and students' endeavour invigorates this passion all the more, helping me to shoulder immense responsibilities with enthusiasm.

It has been a challenge to take over a five year old school and make positive improvements through progressive steps within a short period of taking charge. To ensure that students' skills and talents are utilized in the most appropriate manner, productive steps have been taken both in academics and extracurricular activities to bring about an overall development in personality.

In our endeavour to extend the best to our students and to provide them right channels for outbound education, frequent exchange programmes and international meets are on schedule. With this initiative, the school has set new standards for itself. K.R. Mangalam World School welcomes the rising stars of tomorrow with open arms. ”

*Principal*

# Assemblies and Class Presentations

We take pride in the glorious customs and traditions of India and it is our endeavour to familiarize and imbue learners with the spirit of nationality by organizing Special Assemblies to mark the myriad festivals of the country like Raksha Bandhan, Deepawali, Christmas and so on. The fervour and zest on display during the assemblies reinforce the unity inherent in the diversity of our country. Special assemblies and class presentations,

organized on Independence Day and Republic Day, inculcate a feeling of patriotism in the students while instilling in them a sense of pride in their magnificent Indian heritage.

# ART OF THINKING

Different schools offer different promises - To teach students. To impart knowledge to them. To help them score high grades. To make them capable of making a living.

However, it is important to realise that if the aim set would be right, the steps would automatically catch the right direction.

K.R. Mangalam World School came into being not only to equip students to make a living but life. The school's philosophy is to inculcate in students the art of thinking. It is important for a child to go through the gradual but valuable process of growth. The school understands the need of every child to evolve. It is important for a child to realise his true potential himself/herself and in accordance take the desired direction. The school believes in making students independent and responsible individuals, capable of making intelligent choices. K.R. Mangalam World School absolutely understands the responsibility it has in shaping the future citizens of the country and happily undertakes the onus of contributing towards the society.

# POSITIVE GROWTH

# Our **Philosophy**

# Smart Learning at a Glance

**School Campuses** - All Schools in the K.R. Mangalam Network strive to create a pollution free, eco-friendly environment. The classrooms are airy and spacious, with quality-intensive surroundings. The schools have been designed keeping every facet of a student's life in mind:

**Library** - All the schools have a well-equipped and spacious library, designed to meet the specific needs of the students. Libraries are stocked with a vast collection of books and CDs to suit most varied interests.

**Lab Block** - A separate block in each school initiative, with lab systems for all science and social science disciplines is equipped with the latest demonstration facilities. There is a modern media centre and computer lab, with the latest books, CD ROMs and other learning material for interactive learning.

**Language Lab** - The language lab has the latest equipment to help / provide the students a first hand experience of foreign languages. Fun language games are carried out to make foreign languages more interesting and easy to learn.

**Maths Lab** - All the schools have Maths labs - separate ones for the Primary, Junior and Senior school. The labs are equipped with computers and teaching aids to make the learning of Maths an enjoyable process.

**Smart Classes** - All classrooms in the K.R. Mangalam Network are smart classes that keep up with technological advances in the field of education.

**Science Lab** - Separate science labs for the Senior, Middle & Junior school, are equipped with latest apparatus and equipment.

**Activity Block** - These blocks in each of the K.R. Mangalam World Schools are fully equipped with all the arts, craft and music facilities to develop an appreciation of the rich cultural heritage of our country.

**Conference Room & Audio-Visual Hall** - Excellent conference facilities and audio-visual halls in each School presents wider scope for interactive learning.

**Counseling and Assistance** : Well-trained counselors and psychologists assist students, teachers and parents in dealing with various situations in the interest of the children.

# K.R. MANGALAM WORLD SCHOOL - Gurugram

## Principal, K.R. Mangalam World School, Gurugram

K.R. Mangalam schools have established a “Tradition of Excellence” in academics, co-curricular activities and holistic development. The school’s motto is “Together Towards Tomorrow.” The motto and the school’s ethos promotes self motivation, responsibility for one’s own action, a constant strive for self-improvement and working together in achieving goals.

The students are encouraged to take responsibility for their actions. K.R. Mangalam is committed to developing individuals into confident and creative beings, actively involved in meaningful learning.

Within each student is a leader, a teacher, an architect, a mechanical engineer, an environmentalist, a song writer and a global economist. We, at K.R. Mangalam, empower students to discover themselves. Creativity, innovations and analytical abilities are all manifestations of the versatility of the powerful mind. I am proud of the wide range of educational opportunities that our school offers in literacy, numeracy, science and technology, art and craft, dance, vocal music, IT, instrumental music, yoga, personality development and sports. We cater to the needs of all our students and ensure that the curriculum we deliver, develops the child on the whole.

As the Principal of the school, I appreciate the opportunity to work with the students of K.R. Mangalam and support them in their development into caring, competent, talented and responsible citizens. ”

*Principal*

*“Education is the movement from darkness to light”  
- Allan Bloom*

## International Linkages

**International School Award (ISA)** : Awarded accreditation (2014-17) by British Council.

**International Youth Camp** : Beijing International students exchange programme with China is an annual feature. Students interact with participants around the globe in the international Youth Camp.

**Space Travel Experience** : Training programme by NASA at Kennedy Space Centre, Orlando provides an opportunity to get experience of Space on Earth!

**Education Exchange Programme** : Students and Teachers cultural and educational exchange programme with Australia.

**Earth KAM** : In Collaboration with NASA generation of satellite images of Earth by students.

**International Performances** : Drama presentation by 'Formela' a group from Czech Republic.

# Perfection Blended

Cosmopolitan campus of K.R. Mangalam World School Gurugram was established in 2010. The 5 acres eco friendly green campus with rain water harvesting facility is a pollution free secure place for students. The Campus comprises of 4 blocks with 2 playgrounds and special spaces for tender minds to shape into global citizens with holistic personality, ethical values and technological edge.

## Excellent Infrastructure

- Vibrant learning platform for students providing 100% Smart Classes.
- Majestic centrally air conditioned school building, Congenial atmosphere.

- State of the Art Computer Labs
- Robotics Lab
- Dance Rooms
- Music Rooms
- Art and Craft room
- Latest technology equipped Physics, Chemistry, Biology labs
- EVS Lab
- Maths Lab
- Language Lab
- Table Tennis Room
- Chess Room
- Library
- Dynamic Activity Rooms for Pre-Primary
- Amphitheatre
- Multipurpose Hall
- Fleet of comfortable, Air Conditioned Buses.

# Sensitizing Students towards Social Causes

K.R. Mangalam World School aims at inculcating social responsibility in its students by involving them in various activities that revolve around a social cause. The school has been involved in projects like 'Project Citizen' in which the students visit senior homes. They also organize cultural programs for the citizens.

Issues concerning the environment are taken up on a regular basis. The young eco-ambassadors of KRM stage street plays to spread their message. 'Say No to Crackers' was one such campaign organized to combat the evil of pollution that is generated during Diwali and its related health hazards.

By participation in community work, students also learn the value of service and of developing enduring friendships with one another, and become more conscious of individual and social responsibilities towards family, community and country.

All the programs undertaken by the schools have been successful and effective in instilling sensitivity in the students, which enables them to relate to the society around them.

- Eco Club : Protectors of environment.
- Interact Club - Instilling sensitivity towards society.
- Responsibility towards community & country.
- Regular Workshops on issues like organ donation.
- Visits to deaf and dumb school and old age homes.
- Collection and distribution of gifts for the underprivileged.
- Sensitizing students towards areas like, road safety, communal harmony, environmental issues.

# Education Beyond Books

Valuing range of intellectual capacities of the students, K.R. Mangalam Gurugram organized a wide spectrum of activities throughout the academic session. An amalgamation of literary, sports, life skills, cultural activities promotes positive self concept and sense of achievement amongst the students.

Activities promoting love for learning & building self confidence.

Field Trips  
Leadership Camps  
Workshops for parents  
Exhibitions  
Theme Parties  
Monthly Workshops  
Space Café Club  
Book Club  
Puppetry  
MUN Club activities

Educational Visits  
Class Presentations  
Sports Week  
Grand Parents Day  
Bal Mela  
Electronics Club  
Movie Making Club  
Cooking and Banking  
UNESCO Club

We actively pursue mentoring programmes aiming to strengthen our institution.

# Nurturing Multiple Intelligence

Range of intellectual capacities valued and developed at K.R. Mangalam World School, Gurugram covers the wide spectrum of multiple intelligence proposed by Gardner. The broad range covering linguistic, visual spatial, bodily kinesthetic, logical mathematical,

musical, interpersonal, intrapersonal and naturalistic intelligence are developed through relevant cognitive processes. The thrust of the entire curriculum is to engage students in diverse creative activities to identify and nurture their strengths.

## School Connect

24x7 connectivity with school through school connect

# On a Winning Spree

- Award winning performances by Skating, Gymnastics, Swimming teams at **National Level**.
- Best Quiz Team at Road Safety Mega Festival organized by Haryana Police.
- Screening of Movie "Mission Mars" at **National Science Film Festival** (only school to be screened).
- Awarded by Sachin Tendulkar for winning "Bat for the Planet" poster making competition and many more.....

# K.R. MANGALAM WORLD SCHOOL - Vaishali

### Principal, K.R. Mangalam World School, Vaishali

#### TOWARDS BUILDING A BETTER WORLD...

“ A school is a wonderland of learning, a universal institution that initiates children into the first steps of knowledge and instills and sustains in them the curiosity and passion to have a quest for learning and a zest for life, always. And, as in every human endeavour, for learning to be effective and enduring it ought to be engaging and enjoyable. We believe that every child is a reservoir of talents and given the right environment and impetus, they will blossom intellectually and holistically beyond our imagination. It is these central tenets that have defined and guided every thought and action at K.R. Mangalam World School, Vaishali ever since it dawned on the educational landscape three years ago, with a big dream. To build a school where learning is a joy, and teaching a pleasure; a school that places the child at the heart of every endeavour; a school that makes learning meaningful and progressive; a school with an Indian mind, an Indian heart, an Indian soul but with a Global Perspective” school that provides a robust foundation for children to grow into knowledgeable, creative, compassionate and capable human beings and responsible citizens. The School’s motto “Together Towards Tomorrow” encapsulates our aspirations and the enormity of effort required to bring about excellence in every facet of the School. Every element of the School resonates with this philosophy: curriculum, pedagogy, recruitment, professional development, use of technology, co-curricular life, international links, service to community, parents’ participation, and so on.

For the entire KRMWS community, these founding years have been a treasured journey, the realization of a shared dream, of giving 'what is best for the child'.

The future has always to be better than the past. Every achievement has inspired us to continually set new benchmarks of excellence, year after year. As we step into the third year of our school, we are focused on building on the strong foundation we have laid and look forward to be constantly on a continuum of excellence. We welcome you to be part of this journey as we strive to be a beacon of a better future for the next generation...“With the paradigm of education ever-changing, let’s take the arc of history in our hands and build a better tomorrow for our children, in imaginative and innovative ways.”

”

# Days and Dates

## Much more than a Calendar

### Days Celebrated at KRM Vaishali

To raise awareness about the world we live in and to demonstrate camaraderie and compassion, workshops are organized from time to time at K.R. Mangalam World School, Vaishali. These days provide a valid reason for adopting learning tools and methodology of learning by doing .

### LEARNING with a global edge

- WORLD HEALTH DAY
- INTERNATIONAL CHILDREN'S BOOK DAY
- INTERNATIONAL STREET CHILDREN DAY
- INTERNATIONAL HERITAGE DAY
- INTERNATIONAL DAY OF NON VIOLENCE
- WORLD POPULATION DAY
- WORLD POST DAY
- LABOUR DAY

# Taking the Cudgels Leadership Redefined

# Multiple Intelligence

## at K.R. Mangalam World School, Vaishali

The Theory of Multiple Intelligence as a model of intelligence that differentiates it into specific (primarily sensory) "modalities", rather than seeing it as dominated by a single general ability.

### Interpersonal

Learners are encouraged to be sensitive to others' moods, feelings, temperaments and motivations, and their ability to cooperate in order to work as part of a group.

through drawings, verbal and physical imagery.

This highlights introspective and self-reflective capacities. This refers to having a deep understanding of the self; what your strengths/ weaknesses are, what makes you unique, being able to predict your own reactions/ emotions.

### Kinesthetic

The core elements of the bodily-kinesthetic intelligence are control of one's bodily motions and the capacity to handle objects skillfully in sports, dance, acting, and making things.

### Musical - rhythmic & harmonic

It encourages sensitivity to sounds, rhythms, tones, and music. Learners with a high musical intelligence normally have good pitch and are able to sing, play musical instruments, and compose music.

### Visual - spatial

This area deals with spatial judgment and the ability to visualize with the mind's eye. They think in terms of physical space, as do architects and sailors. They can be taught

# Multiple Intelligence

## Logical -mathematical

Logical reasoning is closely linked to fluid intelligence and to general intelligence. Learners think conceptually, abstractly and are able to see and explore patterns and relationships. They like to experiment, solve puzzles, ask cosmic questions.

## Naturalistic

It reflects nurturing and relating information to one's natural surroundings. Examples include classifying natural forms such as animal and plant species and rocks and mountain types.

## Verbal - linguistic

Learners with high verbal-linguistic intelligence display a facility with words and languages. They are typically good at reading, writing, telling stories and memorizing words along with dates. They use words effectively.

# Redefining Education

### Holistic development for children's betterment

# From the Principal

We are living in an era where there is abundance of information but paucity of wisdom. ”

-Dalai Lama

The new millennials are constantly bombarded with numerous abstract and factual pieces of information; which they are unable to handle.

It therefore becomes the responsibility of the school, such as ours, to give youth a sense of direction and purpose. The skills to analyse, evaluate and assimilate should be learnt and taught along with theoretical aspects.

Therefore, to create a physically, mentally, socially and spiritually sound personality, becomes the responsibility of the school.

K.R. Mangalam World school, Greater Noida is a school which understands this vital responsibility. Schooling has become a much more intense and engaging experience. Education must become experiential and evolving. Learning experiences should encompass both the teachers and the students. Each should find their role rewarding and meaningful.

What we learn with pleasure, we never forget! So it will be our constant endeavor to combine learning with happy and joyful experiences.

We are committed to bringing quality in Learning and Teaching. If Education is the key to unlock many doors, then we would like these doors, then we at KRMWS provide you with the keys to this liberation.

Our Infrastructure is designed in a manner that delights our children. We have integrated indoor and outdoor learning experiences for our students. This coupled with our caring and indulgent faculty members will further enhance their happiness quotient.

Remember that when we invest in Knowledge it always pays rich dividends. So we endeavour to surround our children with joyful, creative and holistic experiences in order to make them future ready.

# A campus that **NURTURES TOMORROW'S DREAMS**

Driven by holistic development of the students, the school has developed an engaging curriculum involving both academic and extra-curricular activities. Students are encouraged to take up the activities of their choice like art, craft, music, and sports. Along with this, various quasi-academic activities like debates, group discussions, essay writing, foreign language learning and speech delivery are promoted among students. The school is well-equipped in terms of infrastructure to provide complete support to these activities. Vast fields, outdoor games courts, indoor games, swimming pool, music instruments, auditorium etc. complement the academic environment.

## A STAMP OF EXCELLENCE

### KRM Philosophy of Celebrating School Life

**Performing Arts** - Dance, Music, Theatre.

**Clubs** - Environment, Reading, Mathematics, Science, Performing Arts, Fine Arts, Music and Dance, Handicrafts.

# MULTI DIMENSIONAL EDUCATION

Education: Multi-Dimensional and Contemporary

There is little doubt about the fact that mere classroom teaching will not help shape the child's personality. All three Domains of Learning namely Affective, Cognitive and Psychomotor domains have to be chiseled and enhanced. The children have to be provided with opportunities and forums to perform.

There is a growing consensus now that just marks and good scores in examinations will not help students to succeed. They must also learn to be skilled, confident and 'internationally tuned' citizens. So, as educators we are responsible for providing these young people the opportunity to grow into well-rounded, creative citizens ready to engage with emergent and demanding labour markets and capable of crafting their own future as well as the future of generations.

There is a wide and vibrant range of co-curricular activities to keep the children active and engaged. All the students have to participate in certain activities. Some of them are:

- |              |             |
|--------------|-------------|
| ASTRONOMY    | ABACUS      |
| SKATING      | LAWN TENNIS |
| SELF DEFENCE | POTTERY     |
| FRENCH       | ROBOTICS    |
| YOGA         |             |

# CULTURALLY VIBRANT ENVIRONMENT

## THE EARLY TENDER YEARS

The Pre-Primary department of K.R. Mangalam World School, Greater Noida is a loving place to be. The low Student-Teacher ratio and the comfortable classrooms are the abode of learning and fun. The 'Early' childhood education primarily focuses on 'Habit Formation' and 'Skill Development.' The children are guided into mainstream education based on themes which are inspired from real life. Role play forms an important part of the Pre-Primary Education.

The Mother teachers not only initiate the little ones into the 3 R's but also teach them social etiquettes and courtesies.

In their Formative years children are exposed towards multifarious experiences such as

- Little Chef Activities (Chef De Cuisine)
- Podium Activities (Public Speaking)
- Group Work (Cooperation)
- Rhyme Time
- Role Play
- Taekwondo

Many other class activities mark the day in the life of a KRM Preschooler.

Besides this the children get to visit an outdoor location every month. Be it Traffic Park, Bal Bhavan, Museums or Picnics; there is no dearth of exposure and fun in our Kindergarten Department.

# PRIMARY SCHOOL- THE FORMATIVE YEARS OF LIFE

The school follows the CBSE system of education. Our qualified and knowledgeable teachers not only teach but also mentor! Children are given enough opportunities to solve doubts or express their thoughts.

There are a wide and vibrant range of co-curricular activities to keep the children active and engaged. Weekly celebrations, Inter-House Competitions and Inter-School Competitions, keep our students stimulated and engaged throughout the year.

Upto class II we have Mother teachers. They are largely responsible for the progress of the students enrolled in their classes. The entire welfare of these young minds is looked after by the Mother teachers. Considering the tender age of children, they form a greater level of trust and bonding with someone who consistently interacts with them throughout the day. Mother teachers are a source of comfort to our young children. They nurture them to form good habits. Class III onwards we have specialist teachers imparting instructions in various subjects.

## WE AREN'T JUST TEACHERS, WE ARE MENTORS!

The role of teachers has truly evolved. At K.R. Mangalam World school, greater Noida, teachers impart values, life skills and attitudes, in addition to knowledge and content. The school staff of K.R. Mangalam World school has a unique distinction of being highly dedicated and caring. Be it, in the classroom, or the sports field, they are always watchful, sensitive and alert to the requirements of the students.

Every teacher has a special bond with the students. She not only teaches but also inspires the students to enjoy the journey of Learning.

We have dedicated teachers for various subjects, including Art, Pottery, Lawn Tennis, Judo, Skating, Yoga, Robotics and many others. The staff is in regular touch with parents for ensuring that we leave no stone unturned to give nothing but the best to our students.

## WORKSHOP AND TRAINING

We provide regular workshops for professional enhancement and skill development of our staff. The teachers are exposed to the latest pedagogies in the field.

# SAFE AND COMFORTABLE TRANSPORT AND BUILDING – NO COMPROMISE POLICY

Safety standards are of the finest class and quality. Be it Transport or school campus, the child's safety and care is of foremost importance to us!

Our buses are comfortable and follow latest safety standards. Keeping the Delhi weather conditions in mind, they are Air Conditioned and spacious.

Our entire building is fitted with cameras and the support staff ensures that all the students are provided requisite support during times of need, be it in washrooms or outdoors.

# SPORTS – A PART AND PARCEL OF DAILY ROUTINE

With CBSE making Physical Education a daily compulsory subject, Sports is no more at the fringes of curriculum. For us Sports has always been important. Hence, we have a sprawling green field and excellent courts for children to play.

Some of Games which are fondly being pursued by students are

- |  |             |   |            |
|--|-------------|---|------------|
|  | LAWN TENNIS |  | CARROM     |
|  | BASKET BALL |  | ATHELETICS |
|  | VOLLEY BALL |  | YOGA       |
|  | FOOTBALL    |   |            |

We also encourage students to compete with other schools and organize sports events in our own school.

## LABS AND OTHER FACILITIES

It is beyond doubt that theoretical knowledge has to be supported with practical knowledge and skill enhancement.

Our students get continuous opportunities to visit Labs such as Maths Lab, Science Lab and IT Lab.

We have a large multi-purpose hall where we hold a large number of Cultural and Literary events.

## INCULCATING VALUES

As a school we do care for our student's Value Systems. Besides being academically endowed and talented, it is very important to be good human beings.

Our endeavour is to continuously teach our children values aligned to the Indian Culture. We invite Grandparents, not only for the Grandparents day but also on a weekly basis for 'Dada Dadi Ki Kahani'.

## HEALTH FACILITIES

We understand the value of Good Health and Fitness. Besides, we also have a round-the-clock Healthcare professional, who looks after the medical needs of the children.

There is an Infirmary for children to rest and recoup. It provides First Aid and help before we take the children to the Hospital, if the need arises.

## REGULAR HEALTH AND CHECK UP CAMPS

In order to monitor the physical development of the children, regular health practitioners visit the school to conduct Awareness Workshops and Health Check Up Camps.

## UNIQUE BIRTHDAY CELEBRATIONS

We believe that birthdays are the best times to give life to our Green Friends. Every student plants a Sapling on his or her birthday. Thus preserving the fond memories for years to come!

## PARENT TEACHER MEETINGS

PTM's are a Monthly feature. Teachers and parents spend quality time together discussing the progress of the students and also plan the course ahead.

# “Special Assemblies -Coming Together to Learn”

The school curriculum includes regular as well as Special Assemblies

## INTERACTION WITH RENOWNED ARTISTS AND ACADEMICIANS

# **The Legacy of Excellence Continues**

# From the Principal

## Principal, K.R. Mangalam World School, Faridabad

### Holistic development for children's betterment

# Innovation in Education

“The K.R. Mangalam legacy in a continuous journey of knowledge expansion as a mission, now opens its 8th branch in the promising city of Faridabad. In keeping with the tradition of offering a seamless learning ambience in the earlier seven initiatives at Greater Kailash-II, Vikipuri, South City 1-Gurugram, Paschim Vihar, Vaishali, Greater Noida, and Kailash Colony, K.R. Mangalam, Faridabad is spread over a sprawling open space campus with all basic infrastructure, smart classrooms, indoor and outdoor sports facilities, curricular and co-curricular activities to make learning, engaging and meaningful.

The abundance of greenery around augurs well with the School's commitment to environment as also adding to the aesthetic beauty that nature lends to an educational institution.

K.R. Mangalam's belief in the maxim, "Teachers who love teaching teach children to love learning" will continue to inspire teachers to give their best and motivate children towards holistic development. The School's motto "Together Towards Tomorrow" envisages offering education with a global perspective to nurture individuals as global citizens equipped to face the challenges of tomorrow.

The wide range of educational opportunities that the school offers in literacy, numeracy, science and technology, art & craft, indoor and outdoor sports ensures that students evolve and develop into high potential individuals with multi-tasking abilities.

The Exchange programmes with schools abroad will give an opportunity to learn and interact with different cultures overseas there by broadening the Students' perspectives and shedding their prejudices. ”

# Legacy of Excellence In Education

“Experience is the only teacher we have. We may talk and reason all our lives but we shall not understand a word of truth until we experience it ourselves.” This thought of experiential learning of Swami Vivekananda encapsulates the core curriculum of K.R. Mangalam World School Faridabad. As opposed to didactic learning, experiential learning enables the emotional, physical and social well-being of young minds who in turn become self-aware, creative, empathetic listeners and effective communicators.

At K.R. Mangalam World School Faridabad, it is our belief that education is a tool for exploring the student's sense of self, one's traditions and roots, while also exposing oneself to a wider knowledge base. The pedagogy involving scholastic and co-scholastic activities, for the toddlers till the middle school, is focused on value-based

holistic education to unfold the inherent talents of the students and help them accomplish the highest level of excellence. Our school has incorporated many innovations in education with the aim of transformation from an 'Enriching School' to an 'Empowering School'.

The interactive classrooms with latest learning technology enable students to develop effective self-directed learning skills as it sharpens their critical thinking and analytical reasoning skills. The educators effectively use project-based learning tools to close learning gaps and accelerate progress of learning.

The Science laboratory in the school boosts the scientific temper and spirit of enquiry to a new level and students eagerly engage in learning scientific concepts through experiments conducted in this modern set up. Field trips go hand in hand with laboratory experiments and augmented learning.

Individualized educational programme is specially designed by our educators to bridge the learning gap of slow learners. Continuous monitoring of such students and regular interaction with parents through face to face and social media enable students to reach their potential.

Classroom teaching is supplemented with co-scholastic activities that ensure the development of cognitive, affective and psychomotor domains of the personality of a child. While the preprimary and primary sections of the school engage in activities like special assemblies, theatre activities, literary week celebrations, sports, performing arts, astronomy, robotics, pottery, excursions/field trips to 'Explore, Learn and Create', the middle school students engage in similar activities to 'Learn, Live, Lead'.

To keep themselves abreast in this constructivist approach to learning, workshops and interactive sessions are organized for educators at regular intervals.

We believe 'children must be taught how to think, not what to think' so that we are able to prepare our students to become true global citizens in the tradition of our school's motto-Together Towards Tomorrow.

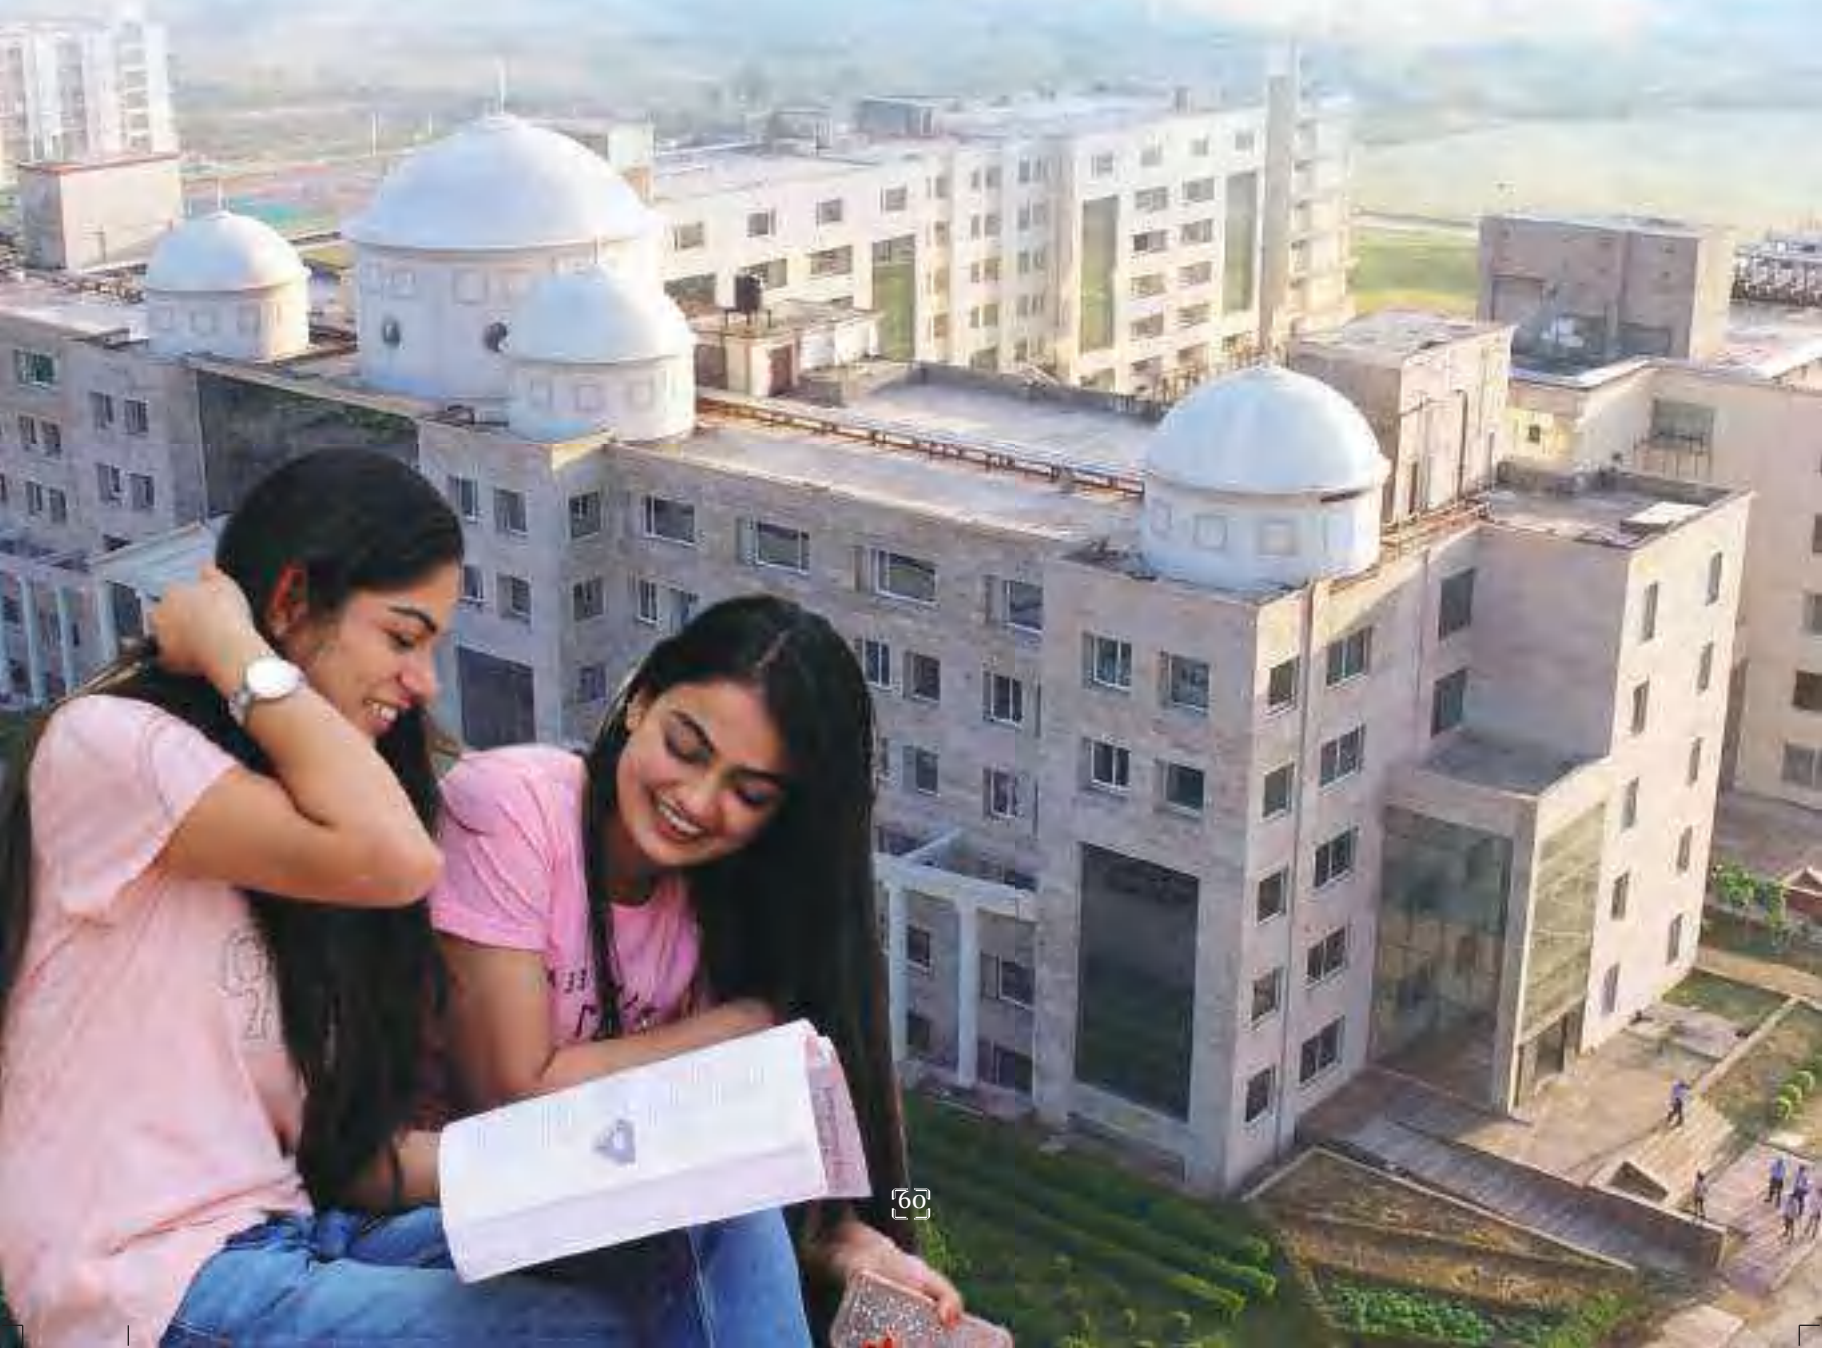

The complete world of education

# K.R. Mangalam University

## The complete world of education

### **SURPASSING A THOUSAND MILESTONES, THE KRM LEGACY...**

The K.R. Mangalam Group started its foray into school education with the launching of the K.R. Mangalam World School at Greater Kailash - II. Over a period of time, a chain of schools were set up in various parts of Delhi and the NCR. These magnificent schools changed the way education was being looked at, and gradually became an epitome of world-class education. Having established a successful brand and quality benchmark in education, the Group stepped into the field of higher education with the setting up of the K.R. Mangalam Institute of Management.

The K.R. Mangalam Group is now ready to expand its horizons with the launch of the K.R. Mangalam University at Sohna road, Gurugram. The University with 28 acres of lush green campus in the Millennium city will make education an enchanting experience. The world-class infrastructure and dynamic faculty of the University complements the glory and brand image of the K.R. Mangalam World Schools.

The KRM legacy can today boasts of its signature presence at all levels of education. The evolution from school to college and now the university, rightly makes it a complete world of education.

# FUTURE - CENTRIC HIGHER EDUCATION

The emblem of the K.R. Mangalam University is a symbolic representation of the spirit that it stands for and the true mettle that lies within. The flame represents a continuous and a burning desire for acquisition of knowledge and liveliness, the torch an everlasting penchant to achieve leadership. The human elements holding the torch reflect a value system that respects humanity as a whole and treats the world as a close-knit network. The convocation cap signifies accomplishment while the trophy represents achievement. The ultimate destination of any academic pursuit being success, the emblem embodies the spirit in its design principle. The legend of K.R. Mangalam incorporates all the elements together to make the institution what it is today-an institution dedicated to a generation of dynamic professionals with caliber to turn the world around for the better, with honesty, integrity, humility and selflessness.

# K.R. Mangalam University at Sohna

Our Belief that “Education is a journey not a destination” guides and directs every educational endeavour and program of the Group.

The K.R. Mangalam Group, established in the year 2004, has excelled in the field of quality education with an unparalleled expertise in catering to the diverse needs of its student community. K.R. Mangalam Group of Schools aspire to become institutions dedicated to moulding children into world citizens of tomorrow, who are equipped with knowledge, moral attributes, spiritual insight, dedication and love for humankind through applications of latest educational tools. Over the years, the group has established a name for itself as one of the trend-setters in the field of academic excellence. The educational initiatives are backed by a strong philosophy of innovation and technological advancement for meeting the demands of global markets. K.R. Mangalam Group believes strongly in nurturing talent for Creativity and Strategic thinking.

It is the value based approach and vision of the Chairman, Mr. Yash Dev Gupta, that has seen K.R. Mangalam grow into an Education conglomerate today.

Committed to the responsibility of upholding the promise of quality education, we surged ahead with an University in the academic session 2013-14, located on a 28 acre campus on Sohna Road, Gurugram, Haryana. Into the fifth year now, the University will foster creativity in all its hues from research to hands-on experiences. Throughout the evolution, it will be a harbinger of quality and a prime mover on the industrial front introducing new courses geared towards achieving desired benchmarks of excellence. Degree and Diploma programs recognized by the University Grant Commission are offered in Engineering & Technology, Basic & Applied Sciences, Management and Commerce, Medical and Allied Sciences, Architecture & Planning, Law, Humanities, Journalism & Mass Communication, Education and Fashion.

# Our Legacy

**A GATEWAY *to*  
EDUCATIONAL EXCELLENCE**

The Group plans to expand its educational initiatives, regardless of cultural diversity or differences in caste, creed or colour. We wish students to be well informed in all spheres. To encourage more and more students to understand how the world of science and arts is marching ahead, the K.R. Mangalam Group plans to expand its horizons.

The vision for us at K.R. Mangalam World School is to inculcate in students an appreciation for learning. The endeavour is a little step to point children, the future citizens of the country, in the right direction. It has always been our effort to instill in students the confidence to make them catalysts of change—change that is satisfying for people at large.
