beansprouts  
PRE-SCHOOL

**Caring.**  
**Sharing.**  
**Friendship.**  
**Curiosity.**  
**Wonder.**  
**Discovery.**

Beansprouts, a contemporary pre-school comes to you from the team associated with Blue Bells. Housed on a one-acre campus, Beansprouts carries the promise of a child-centric environment backed by four decades of experience in school education. At Beansprouts, we believe that when one develops a love for learning one never ceases to grow.

For us, LOVE as a catalyst ignites LEARNING, and the two always walk hand-in-hand.

Through love, we instil purpose.  
And this is how we are able to harness a child's social and cognitive skills.

We teach with love and help children learn with love. So that they LEARN to LOVE and LOVE to LEARN.

We call this the **L2L** method

**LEARN**

to

**LOVE,**

and

**LOVE**

to

**LEARN**

# How does it work?

The Beansprouts curriculum is a **dynamic**, comprehensive approach towards learning with a **focus on active child-centred exploratory learning** experiences. We **aim to empower children to become leaders** of their own learning by pursuing their interests, curiosity and their natural quest for knowledge.

Our unique curriculum draws from various robust approaches to place the child at the centre of the learning experience within relationship-driven environments. It also integrates the outdoors as a ‘third teacher’.

This **360-degree curriculum** encourages children to be academically inquisitive and take responsibility and initiative. We create a **‘love for learning’** that builds confidence in a **caring, secure environment**. In this endeavour, we also provide large, accessible, sensory spaces that are flooded with natural light and equipped with tech-enabled facilities to support each child’s learning journey.

Children are thus empowered to pursue their own interests and curiosity. This natural quest for knowledge leads to inquiry, investigation, discovery and active exploration, enabling them to **experience a real sense of wonder!**

# The people behind the Beans

## Our leadership team

**Ashish Gulati**

FOUNDER

Ashish Gulati has a first degree in engineering and is a postgraduate in management from the prestigious Management Development Institute, Gurugram.

With a keen interest in behavioural sciences and change management, he has initiated and implemented several organisational development measures across schools. His vision for creating a green oasis for the critical foundation years of little ones has been brought to life through Beansprouts.

**Dr. Alka Saxena**

WELLNESS AMBASSADOR

An avid advocate of strengthening the socio-emotional well-being of children at different life stages, Dr. Alka's expertise covers the entire gamut of emotional health, from self-awareness and interpersonal relationships to positive parenting, child safety and much more. She is an alumnus of the prestigious Lady Hardinge Medical College in New Delhi and has over 25 years of experience in the areas of Health, Wellness and Education.

## Anshuka Aneja

TECHNOLOGY PROCTOR

Anshuka has 22 years of combined experience in education and in the corporate sector. She is a recipient of the Aavishkar Teaching Award (Technology) for initiatives in the field of Robotics and the Bharat Nirman Award for Excellence in Education. Anshuka is a graduate in economics, an MBA and a postgraduate diploma holder in systems management. She strongly believes that technology can do wonders for both teaching and enabling learning in schools.

## Soumya Gulati

LEARNING EVANGELIST

Soumya is an ideation and resource person for national and international practices in education. With over 28 years of experience in this field, she is a much sought after thought leader at various forums. Soumya has also authored several publications in the area of English Language. She holds a Masters in English Literature from Delhi University, a postgraduate diploma in journalism, a diploma in Japanese language and a Certificate in Pedagogy of Play by Fairydust Teaching, US. She is also certified in Coding in Early Years and in Hybrid and Blended Learning.

# Mission

Our goal is to offer the best possible foundation to nurture the social, cognitive, linguistic and physical development of children at their most tender and impressionable age.

We aim to provide a safe, friendly, playful environment where the seeds of learning will sprout, enrich young minds and prepare them for a sound future.

# A Field to Sow the Beans in

## Our campus

In 2020, Beansprouts opened its first branch on an impressive one-acre campus in Sector 50, Gurugram. It is here, in this vibrant ecosystem of learning and play, that the pre-school is housed. Large classrooms and open spaces will give children the freedom to explore and discover, and to express themselves. Every cluster classroom has its own well-equipped discovery space which allows students to extend their classroom learning in a stimulating and challenging space.

## BREATHE

in green spaces integrated for sensory stimulation and exploration

- Green campus
- Expansive, naturally lit sensory spaces on each floor catering to horizontal and vertical needs of our community of learners
- Indoor partially-covered space
- Sandpit
- Garden
- Cluster of 2-3 classrooms with open spaces including a terrace garden
- IGBC certified, Platinum-rated green building

## LEARN

in optimally equipped facilities for a variety of work and play activities

- Sensory spaces and expression walls
- Amphitheatre for stories and circle time, shaded and climatically comfortable, with walls that allow drawing/scribbling
- Open-air rain shower facility with changing rooms
- Performing Arts room
- Music room
- Learning Labs
- Infirmary with trained, full-time medical staff

## RELAX

Parents can be assured: their kids' safety and security comes first

- Campus accessible only to authorised school personnel on duty
