LEARNING FOR
BETTER
BEGINNINGS**

PRESENCE ACROSS

3 CONTINENTS IN
7 COUNTRIES IN
5 DIFFERENT
LANGUAGES.

NOW IN INDIA

At Garodia
International
School(GICLM)

OUR VALUES

Early education is the seed for lifelong learning and a brighter future.

We at Garodia FinlandWay® understand this and take care of not only the psychological but also the mental development of children while creating the best possible environment for their holistic growth.

We believe that each child is unique and therefore nurturing also has to be personalised. We take each child's specific requirements in consideration along their learning journey.

We thrive to bring out the best in your child through:

- ▲ Enhancing personal and shared wellbeing
- ▲ Strengthening autonomy and competence
- ▲ Inculcating social and environmental responsibility
- ▲ Holistic development

OUR UNIQUE METHODOLOGY

▲ **Play-based pedagogy**

Play is not just an activity for kids, but a process through which they learn and create deeper learning experiences.

Play is an integrated part of the programme and learning happens naturally - and later adopted and applied by children in their everyday life.

▲ **Phenomenon-based pedagogy**

Children learn the most from their surroundings. They explore concepts that are part of their everyday lives and society around them, to create meaningful learning experiences.

▲ **Participatory pedagogy**

Children are active agents of their own learning. We provide them with an environment to learn and acquire new skills. Their ideas and opinions are heard and encouraged through active participation that helps them evolve daily.

Garodia FinlandWay® curriculum supports inclusive education by age-appropriate learning experiences through guided and free play.

Our FinlandWay® certified teachers support the children treating each child as an individual.

OUR HOLISTIC APPROACH FOCUSES ON:

▲ **Power of Storytelling**

Acquire alphabetisation and literacy, communication, stories and history

▲ **Power of Curiosity**

Engage in numeracy and mathematics, natural & social sciences and media literature

▲ **Power of Performance**

Express through play, drama and other creative avenues

▲ **Power of Holistic Development**

Learn motor skills & physical, mental and social wellbeing

▲ **Power of Social Skills**

Acquire socio-emotional, participatory and citizenship skills
