...where every child matters

PROSPECTUS

Give Your Child The Future-Ready Advantage!

WELCOME TO THE BCG FAMILY!

The Bombay Cambridge Gurukul schools are unique in that they have evolved out of a philosophy, an idea. It began in 1988 with the awareness that the true meaning of education is yet to be discovered. Inspired by great thinkers of the times, BCG pioneered several educational child-friendly concepts ahead of time. Cognizant that the child today will apply his/her learning in a future that is 20 years away, BCG ensures our faculty is trained to nurture the minds and hearts of the developing child. Today, more than 30 years later, all of our innovations have found validation. Every educator and behaviourist unanimously holds these practices as essential to the growth of children.

- 1989: Focussed on developing a healthy mind, BCG instituted the first **counselling and remedial centre**.
- 1990: **Computer education** was introduced for all students from the age of 6 years.
- 1991: **Stress-free educational practices** adopted, eliminating competition and formal examinations for children upto age 10.
- 1993: To help students make a smooth transition through developmental stages, BCG introduced **life skills education and career guidance** (now SELC).
- 1995: **HRD department** established to create sensitive school environments.
- 1996: Department for **Curricular Planning and Development** instituted to provide the best educational material for our students.
- 1996: **Parent programmes** offered to develop a strong and positive school-parent partnership.

Innovation in education is no one's prerogative. Every child everywhere deserves a good education with caring and sensitive educators. We have been fortunate to have been able to serve and contribute to this field, and have generously shared our learning with the fraternity and the community. To be a part of BCG means to learn along with your child, to share your learning, and to move into the future with confidence and clarity. Our students excel in all fields, at all levels. Their achievements in public examinations and competitions are a matter of pride and a testimonial to our educational philosophy.

As Plato said, "The direction in which education starts a man, will determine his future life." In BCG, **every child matters**... and it is reflected in every plan, process, and practice of our schools. We welcome you to begin your child's journey with us.

About Bombay Cambridge Gurukul

Our Mission

is to provide a dynamic learning environment in school that is committed to achieving excellence in academics and behavior in our students. Our school provides a nurturing climate for children, caring teachers to facilitate the development of 21st century skills, and a sensitive curriculum which develops equally the hearts and minds of our students.

Studying in Bombay Cambridge Gurukul

is an unforgettable experience. Our students are our priority and at the heart of all our planning. It is our constant endeavour to provide learning experiences that are rich in diversity, appeal to multiple learning styles, and empower students with the confidence that comes from experiencing success.

Our Vision

is to generate world graduates, who possess the crucial skills and values to develop a humane society, and be the fore-runners of thought as responsible citizens of a global community.

Welcome to Bombay Cambridge International School

Poonam Arora
Principal

School plays a pivotal role in nurturing and developing the potential of children and we at Bombay Cambridge International School believe that every child is unique, waiting for that potential to be tapped and channelized.

In the fast paced world, characterised by new challenges, we ensure a happy and safe learning experience. The school philosophy and child centred practices are reflected in all the academic and non-academic activities and are the foundation of the humane and sensitive school climate. Along with our knowledge-friendly and student sensitive curriculum, our Social Emotional Learning Curriculum (SEL) from Kindergarten to class 10 equips learners to make good decisions, behave ethically and develop positive relationships. The PEACE Code formulated by the school Student Council, promotes an attitude of friendliness, acceptance and comfort for all students.

The pandemic has created a global crisis and the impact on education has been felt by all. Our school has ensured a seamless experience of virtual classrooms through intensive research, training and support for all – parents, teachers as well as students. Our parents have been our co-partners in this new journey making it possible for us to explore and develop methodologies to meet the needs of our children in these difficult times.

Our goal is to create 'World Graduates' who are future ready when they leave school and are able to apply the 21st century skills to successfully negotiate every turn in life. It is our commitment to our students to provide the best learning environment - whether offline or online, so that each one of them is confident, skilled and feels valued because to us, 'Every Child Matters'.

**Multi-Dimensional
Modes of Learning...**

BCG Academia provides students with an option to study under the

- Cambridge Assessment International Education, UK (IGCSE) or
- Maharashtra State Board Secondary School Certificate (SSC)

With our highly trained teachers and over 25 years of educational research and refined methodology, we ensure that each student is able to maximize their academic potential.

With World Toppers and A* achievers in IGCSE and over 75% of our students scoring over 90% in the SSC exams – BCG's superior curricular program caters to every type of learner.

KINDERGARTEN

INTRODUCING

Adapted
EYFS
Early Years Foundation Stage
CURRICULUM

Here, at the Bombay Cambridge Gurukul, we take the approach that each child is unique, with special talents and abilities and an individual learning style.

The EYFS or Early Years Foundation Stage sets high standards for inclusive learning and development of children in pre-school years. The cognitive development of the child is highest during these formative years, and the curriculum has been effectively designed to make sure children get to the next stage of learning with confidence.

Our Prep classes offer a safe and caring learning environment, which promotes age appropriate and all-round development. More importantly, students are prepared with the right attitude to learning that will ensure success in mastering the world-class content of the Cambridge course.

Learning through play, activities and field trips, the EYFS course content builds on the inter-connections inherent in:

Communication
& Language

Physical
Development

Personal,
Social &
Emotional
Development

Literacy

Understanding

Mathematics

Expressive
Arts & Design

Cambridge Primary & Secondary Course

CAMBRIDGE
International Examinations

Learn • Discover • Achieve

Cambridge Associate School

The Cambridge International curriculum sets a global standard for education, and is recognised by universities and employers worldwide. The curriculum is flexible, challenging and inspiring, culturally sensitive yet international in approach.

Cambridge students develop an informed curiosity and a lasting passion for learning. They also gain the essential skills they need for success at university and in their future careers. Cambridge uses internationally benchmarked tests, giving parents extra trust in the feedback they receive.

The programme at Bombay Cambridge International School develops young learners who are confident, responsible, reflective, innovative and engaged. At each stage, students build on their previous learning – and our syllabus design reflects a ‘spiral’ approach, providing a natural progression throughout the primary years and beyond.

The popularity of Cambridge IGCSE curriculum has been steadily increasing among parents because the Cambridge Assessment International Education offers students several advantages over other boards.

Here are some of the biggest benefits and advantages IGCSE offers:

A Range of Choices:

Our students choose subjects by grade 8, so that they can focus their attention and energy on building crucial concepts and skills in a stream of their choice.

Proficiency in English:

With English as a First Language, our learners gain high proficiency and fluency in communication skills, leading to a strong identity and voice in the global space.

Global Connect, Local Relevance:

While IGCSE strongly encourages students to develop a global outlook and promotes international mindedness, our students build strong ties to their local and cultural roots right from the early stages.

Maharashtra State Board (SSC)

The Kindergarten curriculum is implemented using the play-way method, and includes consciously planned activities for all round development. It is designed to match the pace of individual learners and calibrated to their developmental stage. The students enter the world of Primary education with confidence and build on the foundations of skills acquired in pre-school.

Primary and Secondary education:

The course is as prescribed by the Brihanmumbai Municipal Corporation for the Primary, and as per the Maharashtra State Board of Education for the Secondary section. The teaching methodology uses the prescribed textbooks of the Maharashtra Board and includes field trips, project work, and specially designed worksheets that ensure complete learning and inculcate the habit of self-management.

Students have an environment that allows them freedom for individual expression, and develops the capability that is required to show achievement in the final examinations as per the standards set by the Board. The academic level of students shows that they are well upto the standards of measurement, while at the same time, able to participate in the numerous activities that the school provides for them. The students are bench-marked with the best in the State and participate in various events and competitions organized by the Education Department.

Our students have consistently made us proud with their extraordinary achievement at the SSC Board examinations.

World-Wide Recognition:

IGCSE is like the Gold Standard of educational qualifications and is accepted and recognized by the world's best universities, organizations and governments. Several BCG students are now studying or working with the best minds in the world.

Lessons for Life:

The methodology encouraged by CAIE builds sustainable academic skills in students. With its application based approach, students develop into independent and confident learners.

With its quality assessments and inquiry-based approach to learning, the Cambridge IGCSE ensures that its learners have 21st century skills preparing them to be international citizens of tomorrow.

IGCSE Topper

2019-20

Aadil Haider

86.83%

"Being part of Bombay Cambridge International School since grade 7 has been an immeasurable experience. It is the entire atmosphere and the surroundings of the school that helped me in learning and played a very crucial role in shaping my personality.

My teachers, who personify encouragement and positivity, are the ones whom I would like to thank the most since they gave me a clear strategy to work on. Their positive influence and guidance helped me realise that I should give equal importance to each subject and should work harder on the ones which required more effort.

Words can never do justice to the immense contribution school has made in my life. It has taught me to continue and pursue my dreams even when faced with adversity.

My family was also very supportive in creating the right environment for me to study at home and I am very grateful to Bombay Cambridge International School, all my teachers and family for supporting me."

SSC Topper

2019-20

Aadishree Rane

97%

Being the School topper, scoring 97%, is a great feeling. The journey was not easy, and behind this achievement is hard work, sincere effort and sheer determination.

I focused on my studies right from the beginning with motivation from family members, teachers and my Principal, which helped. But, one should also participate in physical education, games and hobbies to stay fit and feel fresh. The sky's the limit so you can always do more than your limit to prove yourself. My message to the 10th batch of this year and the coming batches - study hard, be focused, set your action plan, follow it religiously and you can create magic for yourself and our school. Hope this will boost your confidence and I'm sure you all will succeed.

Thank you!

Top Scores: SSC 2019-20

Research has discovered that the most crucial skills for healthy emotional and physical development are Social-Emotional skills. Combining these skills with academic development creates high-quality learning experiences and environments that empower students to be more effective contributors in their classrooms today and in their workplaces and communities tomorrow.

The Social-Emotional Learning Curriculum (SEL)

Social and emotional learning (SEL) is the process through which children understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

1 Life Skills Education Modules:

The emotional safety and well-being of children is as important as their physical growth and well-being. The life skills sessions are developed by trained and experienced professionals from the field of Education and Psychology to provide platforms for discussions with students at all levels from pre-school to class 10.

2 Global Responsiveness and Sensitivity Program (GRASP):

Relationships form the core of all human values, and the programme helps students learn their relationship with themselves, with people around them, and with all elements of their environment. In GRASP sessions, educators provide students opportunities to learn about their environment, the impact of human behaviour, the advantages of diversity, and priorities set in the world agenda. Secondary section students have an opportunity to serve on the Student Council, and involve themselves in the planning and implementation of the Student PEACE Code towards building a positive school environment.

Senior students are provided important life experiences during camp, where they engage in adventure and inter-personal bonding activities under the professional supervision of experienced trainers. Placed in semi rustic conditions and surrounded by nature, students work in teams, explore their inter-personal strengths and challenges, build resilience, learn to care for the environment, and share resources.

The 5 competencies of SELC:

Self awareness

Self management

Social awareness

Relationship skills

Responsible decision making

3 Annual Fests:

With the school's 100% participation policy, every student from Kindergarten to class 10, participates in events that display their particular talents and aptitudes. Students present these skills to their parents in a grand function that is celebratory and euphoric, filling everyone with a deep sense of pride for the school and its students.

Performing Arts:

Kaleidoscope for the Kindergarten and **Crescendo** for the Primary and Secondary – students display their talents on the annual cultural day, a fine blend of skills and aesthetics learned through their art, craft, dance, drama and music courses.

Sports and Games:

Head-Over-Heels in Kindergarten and **Momentum** for Primary and Secondary – the Annual Sports Meet is the culmination of fine and gross motor skills learning, set in age appropriate activities, displays and competitive sports. Senior students can opt to be in the school's sports teams for basketball, throw-ball, handball, football and kho-kho, & play at inter-school matches and sports meets. Indoor games such as chess, carrom, table-tennis and badminton are also encouraged in school.

School Exhibition:

The school annual exhibition **Effervescence** has students' present to parents their skills with academic projects related to the different subjects they study, and the practical application of key concepts. Students prepare models and charts and demonstrate experiments which showcase their knowledge and skills. In the lower classes, the school organizes a fun-fair where parents can bring their children to enjoy games, rides, and edible treats. It is a great family outing and lots of fun.

What make the annual fests special is that the best of the school is on display, the students and staff play host to our honoured guests – the parents, and a festive environment of camaraderie and excitement pervades the hearts and minds of all present.

4 Personal Awareness and Career Explorations (PACE):

The PACE programme provides access to professional online portals so that students can explore their interests and aptitudes. Students acquire the competencies and awareness required to develop a road-map to their further education and future career.

5 Enrichment Activities:

Under the **Global Schools Program**, supported by UNESCO, our senior students engage in various community projects that bring to them the experience of civic responsibility, social awareness, understanding realities of different segments of society, value of empathy, compassion and generosity, as well as understanding the power of action. Students learn that they can make a difference, and that real change has to begin with them.

In keeping with the school's belief that competitions and comparison are damaging to children at a young age, BCG introduces **interschool competitions and examinations** from the age of 11 years onwards. From class 5 onwards, students are offered a multitude of opportunities at the national and international level.

With trained teachers to guide their preparations, our students excel in these and their achievements are our pride.

School Facilities

Our school facilities are consciously planned to provide the best advantage to the learner, and to ensure educators have every teaching method available to them. These systems provide support for all types of learners, and ensure that essential skills for responsible citizenship and personal care are taught to students, leading to successful integration in a rapidly-changing global environment.

- Qualified and Experienced team of educators
- Air-conditioned classrooms
- Play area for Kindergarten
- SMART Board technology
- Contemporary Science Laboratories
- State-of-the-art Computer Centres
- Open-access Library
- Coaching for Games & Sports Activities
- Counselling & Remedial Services
- PACE – Career Development Programme
- Centre for Educational Design & Publishing
- Department of HRD

The school canteen offers delicious and hygienic food for students, a fond memory of the alumni. The transport services of the school are professionally managed, with female staff. The school security system is manned by experienced staff, and supported by CCTV cameras and biometric systems. The school has regular safety audits and an active **Child Protection Policy**.

We have a **dedicated school app** for parents which regularly updates them about the activities in their child's class, their data on school records and notifications about important events. This helps the parent stay current on all information related to their child and the school at the click of a button.

During the pandemic, the school has successfully established a fully functioning online classroom system with Google Classrooms, so that student learning continues effectively. Our fully trained staff rose to the occasion magnificently and guided students and parents into a smooth transition with sensitivity and care, providing exciting and interesting activities for learning on our online platform.

The School Captain Speaks...

The badge that I display proudly on my chest truly depicts the school motto 'Every Child Matters'. Incorporating a strong academic program with Social Emotional Learning and the PEACE code, BCG truly lives upto the adage 'We are the change'.

Even during the present tribulation, nothing could deter the determination of our Principal and teachers from sharing their knowledge with all the students through the online portal. This I feel was possible through practicing resilience and seeking to generate solutions. The care and individual attention that we receive as students is unmatched. Also, the interactive and creative teaching methodology makes us feel interested and challenged, helping boost our confidence level.

Being a part of the School Student Council, I have learnt to work as a team, motivate and participate in myriad activities ranging from quizzes, games, debates etc., aiding students to practice mindfulness and allowing opportunities to resolve conflict. Community outreach programmes have always been the soul of all council activities, teaching us the value of empathy and reminding us that a whole world exists outside the four walls of our classroom. This we continued uninterrupted even during the pandemic. Success of council programmes is the result of detailed and meticulous planning that we are trained into during our leadership workshops. The confidence built in students is all possible due to the constant, unstinted support of my teachers, patient hearing and practical solutions of our Section Head and the perfect leadership of our Principal.

If the world is an ocean and life the waves, the values imbibed at BCISW guide us to surf the waves. We strive to live by our core values of Courage, Sensitivity, Integrity and Reason which help us to take right decisions, leaving no stone unturned. This is possible because at the Gurukul, we are not only rooted to our culture but also trained to reach out to catch the sunshine of today.

Our Illustrious Alumni

Dr. Dwayne Menezes
2001
Associate Fellow, Institute of
Commonwealth Studies,
Univ. of London

At Bombay Cambridge, every child was taught - whether in classroom, exhibitions or competitions - that aspiration is good, that everything is possible if one sets one's mind to it, and that courage, confidence, strategy and diligence were greater determinants of achievement than one's background. What is likelier to affect a child's attainment in school and in life is his or her mental and emotional well-being. This is one area where I believe Bombay Cambridge sets the gold standard.

Swapnali Yadav
2003

I can proudly say that my school has greatly influenced me to pursue my dreams. BCISW supported my passion for swimming in every way. I take pride that I was conferred upon the title of 'The Little Mermaid' by Greece, 'Dolphin Princess' by Bermuda, 'Crocodile Princess' by Australia. I have won 12 National awards and broken 5 world records, have been mentioned in 6 Limca Book of Records - all due to the constant motivation of my Principal and my teachers' persistence.

Mirza Samnani

Years of experiences, lessons and memories summed up in one word - BCISW. My school has played a vital role in shaping me into a responsible citizen of the society. It's here that I imbibed the qualities of discipline, empathy, honesty, punctuality, in addition to the four core values that a BCGian possesses. I am grateful to my teachers who provided me a platform to nurture my passion and make it my career.

Parent Testimonials

Bombay Cambridge International school has always given their best to their children. The teachers teach students in different innovative ways which makes learning fun, engaging and more interesting. They give personal attention to each and every child in the classroom. Their teaching sessions are interactive, where students can get their doubts cleared by the teachers within no time.

I also feel proud to share that there are no limits when it comes to teaching - online teaching has never restricted them from giving their best during this pandemic.

I would definitely recommend Bombay Cambridge School to others. This school not only focuses on academics but also help children to build their personality and prepare them to face the outside world. They work hard for the betterment of every child's future; after all, here, every child matters.

Ms. Aparna Gaonkar
Parent of Nikita Gaonkar - Class 10

There are many things that I admire about the school; friendly and safe environment, brilliant teachers and modern learning - just to name a few. The school helps the children grow intellectually and emotionally.

I really appreciate how quickly the school adapted to the "new normal" during this pandemic by implementing a radical way to teach. The teachers made sure that the students kept learning even in these trying times. I have witnessed how Chaitra turned from a shy, introverted boy to a confident public speaker - props to the teachers and staff of the school.

Surely I would recommend this school to other parents as it has, along with helping my child in academics, also inculcated moral values and skills in him. I am sure that he will always cherish the memories of the school forever.

Ms. Sunila N. Samant
Parent of Chaitra N. Samant - Class 10

Our journey with BCIS started 3 years back when our daughter was first enrolled for the Prep 1 class and must say, it has been an incredible one.

The school provides a very safe, supportive and stimulating environment for all students, encouraging them to forego their fears and shine in every field with excellence. The dedicated teaching staff goes an extra mile in recognizing the innate potential of every child and inspires them to follow the righteous path. The support staff is very friendly and approachable, ensuring they provide a very conducive home like environment for kids to grow. The school not only emphasizes on quality education but also believes in providing a global exposure to all students, keeping them abreast with today's modern evolving society. Overall, the school strives in developing the all-round personality of each and every child, making it one of the best schools in Mumbai. We as parents are very happy and fortunate to have chosen BCIS as our daughter's center for learning.

Much gratitude & many many thanks!!!

Kind Regards,
Ms. Sushma Salian
Parent of Saisha Salian - Class 2

At the beginning, Mohammed and I were very sceptical about classes being conducted online. I doubted his ability to sit for long hours in front of a screen.

However, I must say I am delighted with this initiative now. The best part about e-learning is that kids don't have to waste this crucial time.

I am immensely thankful to all the teachers for being patient with him. I know a lot of efforts have gone to make online studying platform work. However, with no end in the sight of this pandemic, this was very much needed.

Parent of Mohammad Adenwala, Class 10

Since lockdown, we were tensed about Tanishq's studies since this was his crucial year of 10th std. The day our school started this new endeavour of 'online teaching', we were convinced that our son's study is not going to suffer in any way. All the teachers are giving their best. I can see my son enjoying the sessions and that makes me feel relaxed about his boards now.

Let me extend our regards to the entire team of Bombay Cambridge International School who are handling such a complicated platform of online teaching so calmly and patiently.

This Corona pandemic will definitely get over but the impact both good and bad will always be remembered.

Ms. Maya Hemat Arora
Parent of Tanishq Arora - Class 10

I, parent of Ayesha Shaikh would like to share my gratitude to the principal and teachers with a summary of my experience at school. I got influenced when I came across a student of this school while I was in my professional college. Till date the quality is not compromised, the ethics and etiquettes are intact. The principal stands for the word 'principle', which she passionately tries to imbibe in her students.

As a head, yes, she is a leader who leads by example. Her words are promises and she fulfils them. If you need quality education with morals, and a conscientious fighter with the weapon of knowledge, Bombay Cambridge International School, Andheri West is the perfect choice.

I thank Poonam ma'am and all the teachers of all classes and subjects who helped to transform my child from wet clay to a beautiful precious pot. I wish success and blessings to all the staff including security, bus, reception and peons who provide a secure and safe environment - a parent can blindly rely upon.
Thank you,

Dr. Yasmeen
Parent of Ayesha Shaikh (IGCSE Topper)
2018-19

Gurukul Song

We are the Leaders that inspire
We are the spirit of the People
We are the Force that's driven
To achieve the impossible

Chorus
We dream and we know
We care and we show
We are the teachers and
We are the learners
Forever thus we grow (2)

We are the wave
We are the ocean
We are the heirs
To the legacy of Reason
We are the Force that's driven
To achieve the impossible
(Repeat chorus)

We are the light
We are the laughter
We are the caretakers
Of Time hereafter
We can change the lives
Of all like you and me
We can turn the tide
And create the land and sea
(Repeat chorus)

We are the Leaders that inspire
We are the spirit of the People
We are the Force that's driven
To achieve the impossible
(Repeat chorus)

The LeAD offers programmes for schools and its various stakeholders, towards developing an environment conducive to student's healthy growth and development. Students are challenged with rapid changes in the social and technological environment, while adults are struggling to guide them. LeAD provides many opportunities for adults and students to brainstorm, discuss, and learn based on professional research and study. LeAD provides training programs, workshops and consultation to educators, parents, and students, in BCG and in the larger educational community.

CEDP is the BCG's hub for academic analysis and development. Comprised of professionals, they study syllabi and develop learning material for teachers and students, including worksheets. Guided by the CEO, they provide content that supplements the course plan as well as material that enriches the teaching-learning process. In addition, they design and develop resources for educators, customizing it to their requirements. Their high quality services ensure that the BCG schools are always well supported and equipped with the best curricular material.

Our Mentor

“Religion and practical life are not different. The real spirit is to make the country, your family, work together instead of working only for your own. The step beyond is to serve humanity and the next step is to serve God.”
