Managing Director
Global Talent International School

VISION

GTIS strives to discover the talent within and nurture them to develop their skills and self Confidence....to excel in life and stand out globally. Our statement “EXPLORE...ENHANCE....EXCEL” reflects our understanding and beliefs. We aim to ensure that the children at our school are provided with high-quality learning experiences based on a broad and balanced curriculum.

MISSION

To create such an educational environment in which all the students will experience the joy of learning and inculcate moral and social values in them, not only to succeed in life but also be a good human being. We are committed to provide a positive, safe and stimulating environment for children to learn, where all are valued. Our focus is to provide a learning which promotes each child's social/emotional, physical and cognitive development.

VALUES

Explore:

Every Child is gifted with a unique combination of talents... Explore it.

Enhance:

Provide favorable environment & encouragement to Enhance them.

Excel:

So that child can Excel in it...to succeed in life.

GTIS Curriculum Model....

The **GTIS Curriculum Model** represents the School's commitment to optimize teaching and learning, and facilitate children's holistic development and well-being. Through a curriculum that is stimulating and creative, and an environment that is safe and child-centered, we enable the learner to explore multiple dimensions of excellence, encompassing intellectual, social, emotional and physical development. There is equal emphasis on academic rigor and engagements beyond the classroom through a wide spectrum of opportunities. The School's guiding statements underpin the facts that cherishing one's own culture and respecting that of others, as well as values-based learning, are pivotal to holistic education. The educational programmes at the School focus on inculcating in the learner **five key attributes: creativity and innovation, collaboration, leadership, global citizenship and life-long learning.** All the elements in our curriculum model converge to bring out the best in every child and enable them to be on the path of continuous development and progress.

Alone we are one drop....
together we are ocean...

Activity Activity Based

Learning

GTIS Academic Program

The Pre Primary Programme inculcates in children the qualities of curiosity, exploration and discovery in a fun-filled, safe and happy learning environment. An individualized approach helps nurture a love of learning; develop social skills, and instill moral values. The emphasis is on developing in students, self-confidence and the ability to effectively communicate in English as well as in their mother tongue; teachers ensure this through effective use of language and by encouraging children to express themselves freely. This Programme makes use of a range of individual and group activities which create a lively and positive learning environment. Games, songs, creative projects, story-telling, role-playing, drawing and painting help develop children's foundational skills in literacy and numeracy.

The use of manipulatives, pictures and symbols helps them identify relationships between sets and groups of things to be sorted, counted, shared and represented. Sports and interactions with sports teachers help in strengthening coordination and motor skills, and instill enthusiasm for sports. Picnics and field trips enhance students' understanding of their surroundings. Celebration of festivals sensitizes them to multiple traditions and cultures.

The Primary Programme encourages inquiry and exploration, and develops children's competence in various skills - listening, speaking, reading, writing (LSRW), problem-solving, observation, measurement and use of information and communications technology. It has an exciting and creative learning environment, with an inter-disciplinary appreciation of Languages, Mathematics, Science and Social Studies. Equal emphasis is given to individual, small group and whole-group activities, to improve children's ability to work across all levels. Physical Education develops sports skills and creates health awareness. Exposure to team and individual sports encourage a sense of team spirit, and individual effort and accomplishment.

The wide range of curricular and co-curricular opportunities like Music (Vocal & Instrumental), Clubs (Nature club, cooking club, ICT club, DIY club, Yoga club) etc. helps instill in children confidence and discipline. The focus on developing communication skills helps them appreciate the value of education, as it reflects in their ability to express themselves, in addition to developing pragmatic skills.

The Middle and High School Programme is structured to meet children's varied intellectual and developmental need. The main aims of the Programme are developing skills related to reading, writing, reflecting, critical thinking, public speaking, fostering initiative among students and a desire to acquire knowledge. Academic subjects include English, Mathematics, Science, Social Studies, Hindi, Marathi, one foreign language. PSHE (Personal, Social, Health Education) helps students address their age-specific interests and concerns, builds awareness, and promotes compassionate and ethical conduct. Physical Education is offered in a more formal manner and sports skills are fine-tuned. This prepares students to pursue sports in a more structured and purposeful manner, Projects, presentations and group activities are more formal and research-based. Inter-house cultural and sports competitions encourage healthy competition and team spirit. Students begin to contribute to class assemblies, events, and take up roles of responsibility.

Language

- *Part of upbringing
- *Brain develops rapidly
- *Stimulate sight, sounds and speech patterns
- *Start with small words and move on to complex sentences

Cognitive

- * Thinking
- * Problem solving
- * Conceptual understanding
- * Overall intelligence

Key Elements of Holistic Development

Social-Emotional

- *Helps in development of all other areas
- *Understanding and expressing emotions
- *Build confidence and curiosity
- *Social relationships

Physical

- *Fine motor skills
- *Gross motor skills
- *Hand-eye coordination
- *Balancing
- *Build sensory capabilities

Co-Curricular

- Clubs (Nature, ICT, Yoga, DIY, Cooking etc.).
- Music (Vocal & Instrumental).
- Yoga & Zumba.

Indoor Sports

- Chess.
- Skating.
- Gymnastics.
- Mallakhamb, Karate etc

Outdoor Sports

- **Cricket.**
- **Basketball.**
- **Football.**
- **Kabaddi, Kho – Kho etc.**

Art & Craft

- **Drawing.**
- **Crafts.**
- **Painting.**

Library

Well equipped with books to developing

Digital Classroom

- **Smart Class.**
- **E - Learning.**
- **Age Specific Software Learning.**

Performance Arts

- **Recitation.**
- **Elocution.**
- **Role Plays.**

Competitions

- **Spell Bee.**
- **GK Quiz.**
- **Story Telling, Fancy Dress.**
- **Mental Math etc.**

Workshops

- **Parenting sessions.**
- **Meditation & Relaxation sessions.**
- **Health & Nutrition sessions.**
