Redefining Education and Learning

An integrated, comprehensive, KG to PG Learning Model - designed and refined over the last 3 decades

An intellectually demanding curriculum that combines academic rigour with practical relevance

Robust learning facilities that are exciting, flexible, healthy, secure and sustainable

Engaging technology-rich content delivered interactively to make learning come alive

An efficient administration that delivers smart solutions for learner satisfaction and success

Emphasis on wholesome growth through creativity, values, fitness, cultural literacy & life/career skills

Learning & Pedagogy

The think tank at Universal Education prepares the child for several 21st century competencies like:

- Global awareness and responsibility
- Co-existence skills in a pluralistic world
- Critical and creative thinking
- Collaboration, communication and information skills
- The curriculum is regularly updated based on global innovations in the field of curriculum design.
