### FROM OUR CHAIRPERSON'S DESK

Every new day dawns with different challenges. The future rushing towards us with supersonic speed has to be faced boldly. The aim of Amity is to equip the students to tread on the untrodden path with dedicated discipline and internal motivation to take success in their stride. To achieve success is one of the toughest challenges but the highly committed staff and students of Amity have been achieving it year after year.

Amitians must believe in themselves and in their lofty goals. They must make big plans, aim even higher and work tirelessly to always remain at the pinnacle of success. I have complete faith in their inherent potential to revolutionise the meaning of success and excellence.

# CURRICULUM THAT NURTURES GLOBAL LEADERS

## PRIMARY YEARS

At Amity Global School Noida, students in Primary Years (3-12 years old) learn and inquire about the world around them through the International Baccalaureate (IB) Primary Years Programme (PYP). This programme promotes the exploration of global and local issues through relevant and engaging units of inquiry. These units are guided by six transdisciplinary themes and integrate learning in language, mathematics, science, social studies and the arts, as well as developing personal, social and physical education. Learning experiences are meaningful, inclusive and multi-sensory, in order to provoke the students' natural curiosity and interests.

The PYP encourages students to take responsibility for their own learning and challenges them to become active world citizens through the IB learner profile. The whole school community are actively involved in creating a holistic learning environment.

Amity Global School Noida is a candidate school\* for the PYP. This school is pursuing authorization as an IB World School. These are schools that share a common philosophy- a commitment to high-quality, challenging, international education-that Amity Global School Noida, believes is important for our students.

\*Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted.
