## MESSAGE FROM THE HON'BLE CHAIRMAN, DPS SOCIETY

**SHRI. V.K. SHUNGLU**

DPS Greater Noida is consistently adding to its accolades in all fields, under the able leadership of its dynamic principal Mrs. Sandhya Awasthi.

Braving all odds during the pandemic, the principal has led the school to a stupendous success in academic achievement and the results speak for themselves.

I congratulate the students and teachers also, who have done us proud.

I am confident that in times to come, and not too far in the distance, DPS Greater Noida will be the one of the brightest stars in the global education map.

**V.K. Shunglu**

**Chairman, DPS Society**

## MESSAGE FROM THE HON'BLE CHAIRPERSON, DPS GREATER NOIDA

**MS. VRINDA SARUP**

The true measure of a school's achievement lies not just in its academic conduct, but the pathways that it creates and possibilities that it holds for the next generation.

Within a short time that Ms. Sandhya Awasthi has taken charge as the Principal at DPS Greater Noida, we can see a vision firmly embedded in the future.

The school has surpassed itself in its own achievements, despite the disruption caused by the pandemic.

The school has held its own, made to the headlines with CBSE toppers, and has led by example in co-scholastic and scholastic excellence. Smart learning throughout the pandemic without let up, and intelligent planning has gone into the making of the toppers and the superlative results.

Introduction of the Cambridge Early Years Programme is a stellar example of bringing about proactive changes, with a futuristic approach. As the school completes twenty five years, it is apt not to rest on laurels of the past but to think ahead. Set indeed for a new beginning, I am confident that greater laurels await DPS Greater Noida.

Congratulations on the Silver Jubilee and Best Wishes for the years to come.

**Vrinda Sarup**

**Chairperson, DPS Greater Noida**

# USHERING IN A NEW, DYNAMIC WORLD

## FROM THE PRINCIPAL'S DESK

*‘The objective of education is to prepare the young to educate themselves throughout their lives,’*

We have entered interesting times in Education.

Technology has played the role of a major disruptor with communication and modes of interaction changing and developing at such tremendous speed that education and the way it is sought to be propagated is on the cusp of change.

At DPS, Greater Noida we are bringing in changes in curriculum and pedagogy to meet these challenges head on.

For the children have to be prepared for a future that is unpredictable and therefore have to be empowered with the tools of critical thinking, become technology-savvy, develop problem solving skills and help foster a predilection for analytical thinking to handle the barrage of information that they are assailed with every day.

With this objective occupying the pride of place in our thinking, we at DPS Greater Noida have created a warm, lovely and secure environment that encourages creativity, helps excite curiosity, instils self-confidence and nurtures independence so that children can succeed in a perpetually evolving world.

Not just as individuals well versed in the varied aspects of a professional activity but also as responsible citizens of the world willing to take on their share of the burden to make this world that bit more equitable.

I would like to place on record my sincere appreciation to those parents who have reposed confidence in our core competencies and continue to do so and assure them that our unstinted efforts to live up to our onerous responsibilities shall persist.

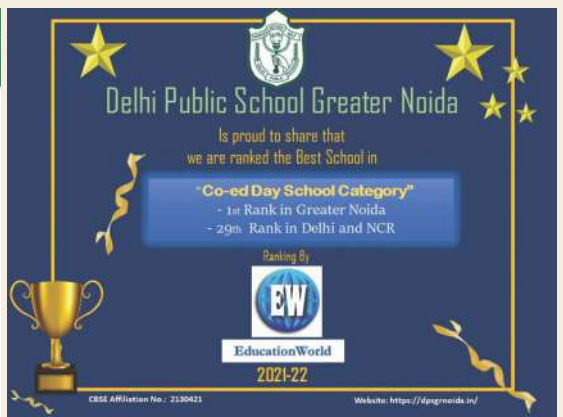

I invite all parents to actively partner with our teachers and administrators in a spirit of co-operation to help our children conquer new horizons.

I personally look forward to seeing all of you at our school throughout the year.

Regards

**Sandhya Awasthi**

# SCALING HEIGHTS

**DELHI PUBLIC  
SCHOOL**  
GREATER NOIDA

CELEBRATING  
**25**  
YEARS

## SILVER JUBILEE

We at DPS Greater Noida, are witness to the unfolding of history.

We are 25 years and counting. Ever since its inception in 1998, DPS, Greater Noida has seen thousands of children who have entered the portals of this school and over the years have emerged through the very same portals as worthy citizens primed to bring laurels to self, society and the country.

These 25 years of DPS, Greater Noida's stupendous journey has now indeed become the underpinning of a new vision in a world that has been transformed by the vagaries of fortune and the unrelentless march of technology.

Our children have to be empowered to meet the challenges of the future, building further without resting on the laurels of the past.

It is this futuristic perception in our mind that guides our fundamental aim to try and

provide our students the wherewithal in a class room to learn the skills that are needed to survive and thrive in a complex and connected world to infuse in them, the 21st century skills of critical thinking, problem solving, communication, technology literacy and much more.

Of course, at the very core of DPS, Greater Noida's Philosophy is that children are Founts of creativity and it has always been our sincere Endeavour to be instrumental in trying to inspire original thinking and a lifelong passion for learning and exploration among them. Our curriculum and pedagogy are therefore appropriately tailored to meet this laudable end.

This singular inclination of ours is perfectly complemented and more than amply augmented by a sprawling campus housing modern educational infrastructure ranging from smart class rooms to various subject labs, from well stocked libraries to a sports zone to a magnificent auditorium. To add to this the opulent greens that embellish the campus makes for a natural environment to further the objectives of our school.

To enhance the all-round development of our wards, the school is home to excellent Sports facilities for Athletics, Cricket, Football, Basketball, Table Tennis, Swimming, Taekwondo, Yoga etc.

DPS Greater Noida will continue to move ahead with the firm conviction that our goals can be met and met only by inculcating among our students the values of our venerated civilization and our heritage, for we believe that in a firm mooring in our past lies the fundamental key to an enlightened and successful future for our children.

For, the child simply is the future.

# THE DELHI PUBLIC SCHOOL SOCIETY

## CHANGING THE EDUCATION LANDSCAPE

### The Legacy:

The Delhi Public School Society was founded in 1949 with the primary objective of making available to children education that would enable them to excel in all walks of life.

The society indeed has been doing yeoman's service in the field of education and the more than 200 odd school initiatives spread within and outside the

country is a standing testimony to the prescient brilliance of the founding members.

Delhi Public School Society is Governed by a board that is graced by distinguished personalities from various spheres of eminence and reads like a virtual 'who's 'who' of Indian society and who have guided the society over the years to keep pace with the times and to provide the best in education to the discerning populace at large.

It has been a constant endeavour by the society to provide education of impeccable standards and proof of which can be seen in the profusion of DPS Schools across the length and breadth of the country and quite a few abroad.

It is a matter of pride that this education movement has seen DPS Society become the single largest, CBSE Affiliated K-12 Schools network..

# Guiding Philosophy

## Service Before Self

This saying or adage is more than just that to DPS. It is truly emblematic of the very ethos that drives the DPS family of schools. It is the most powerful tool that has seen DPS schools reach distinctive heights in the field of education.

This philosophy that reflects a commitment to be of service to others willingly, graciously and selflessly and has served as a bedrock for the DPS movement is a vivid reflection of the mettle and diligence that goes into the making of a great educational institution.

The Delhi Public School, Greater Noida is a veritable example of a center of excellence that abounds with happy, enthusiastic learners exploring the world around them.

# WINGS TO FLY....

## **It's not only about learning.**

It is a well-established axiom; that after the family, it is the school that sets the foundation for a child's personality.

The school encourages the natural in-born curiosity of the children and tries to seamlessly inculcate this into the character along with a love for learning that will hold an individual in good stead throughout their academic and professional life.

DPS Greater Noida insists upon developing the right study habits and in-depth conceptual knowledge. A research-oriented, thinking curriculum based on experiential, hands on learning has withstood the incessant and changing demands of time. Children among other things are exposed to project-based learning (PBL) and to the modus of discovery and exploration.

We mindfully provide for aesthetic experiences and to develop aesthetic awareness in the visual arts, in music, in drama, in dance and in Literature.

We offer a wide range of indoor and outdoor activities and sports which boosts confidence, encourages team work, good sports spirit and promotes happiness.

The children are provided ample opportunities to not only be proficient in academics, but also to be socially aware and responsible and are so empowered that they can copiously contribute to the society they live in or in any arena of their choice.

## NEW DIMENSIONS

# Introducing Cambridge Early Years Programme

Our Early Years Center is a separate segment dedicated to classes Nursery, Prep and the 1st standards surrounded by verdant greens that provide a naturally perfect foil for the innate inquisitive mind of the little child. Added to

'Catch them young' may sound clichéd but it is a maxim that is pivotal to harnessing the energy and the inquiring, probing mind of the tiny tot who is as yet relatively untouched by the over-bearing world. It is this view that is mirrored in DPS, Greater Noida's Commitment to Fostering and Nurturing a child's journey through his or her early and formative years and is indeed uniquely equipped to play a sensitive role as a child centric guide and mentor.

Consequent to this very deeply held conviction of catch them young we will in the academic year 2023-24 commence our Cambridge Early Years Center as an affiliate to Cambridge International. This also is in alignment with the vision of the NEP 2020, of the Government.

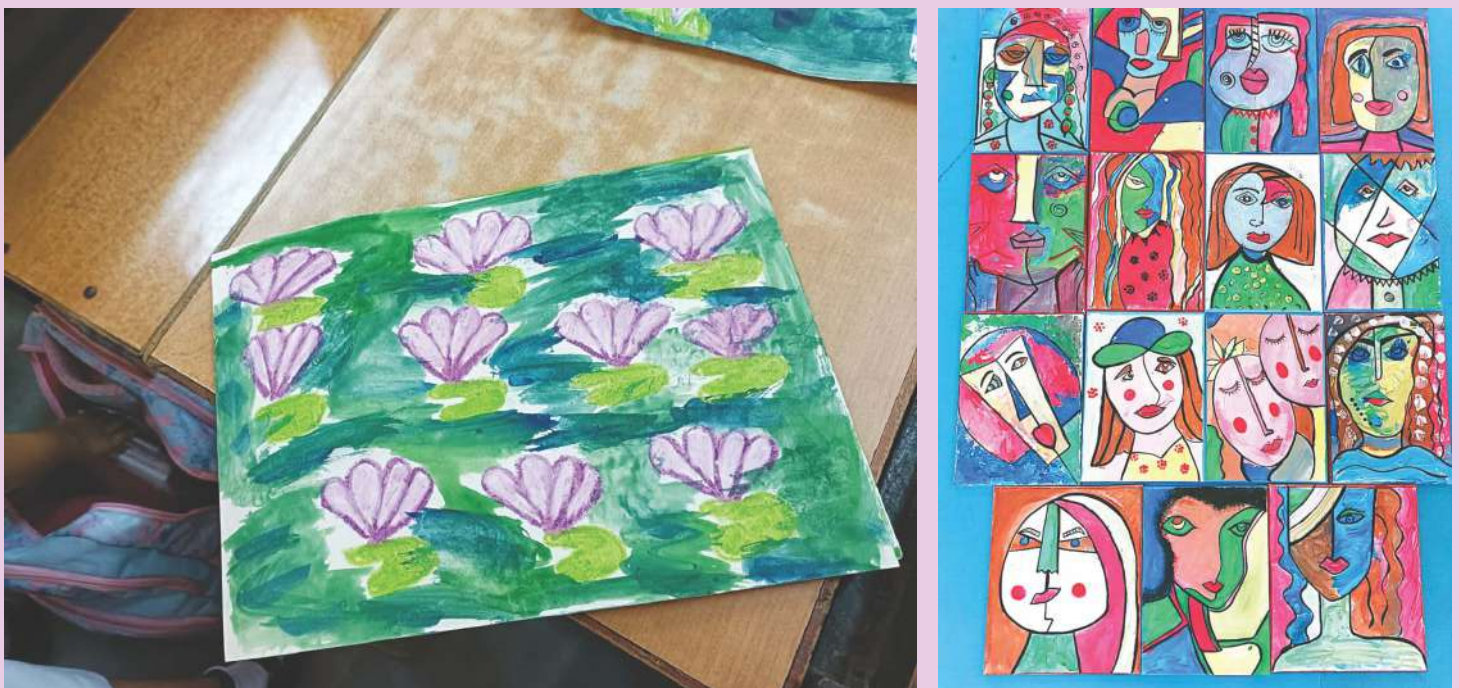

this, the spacious and well-ventilated classrooms and highly qualified teachers and caretakers lend an ideal ecosystem for children to glide seamlessly through their learning processes.

The five centers within the programme constitute the guiding module for the students:

- Focus Center
- Literacy
- Numeracy
- Understanding the World
- Expressive Art and Design

As a team of responsible educators, we are aware that kindergarten is the first experience of the children in a structured environment where leaving the safety and comfort of their homes the young children embark on a new journey of learning. Providing them a holistic education experience that is totally Learner-Centric, Interactive and Experiential is the prime objective of all our endeavours.

The DPS–Cambridge International Early Years programme promises a holistic and balanced curriculum and engaging classroom resources with an advanced assessment approach to measure learner’s progress. Teaching and learning is play-based and child-centered, and focuses on building learners’ skills and confidence in key developmental areas.

There is an Intuitive explorer in every child and we have always strived to nurture this natural curiosity, so that they may develop into thinking questioning individuals. We are a team of educational and child care specialists and teaching professionals who understand the working of young minds. We take a holistic view of teaching the child and to this end create a stimulating, playing learning

environment where each child follows a personal development path where activities are designed to cater to the requirement of every individual based on his or her unique strengths and character traits. From class II, children would be offered a choice between Cambridge Curriculum or the CBSE curriculum.

# CO-SCHOLASTIC AND HOLISTIC EDUCATION

## Activities and Sports

We are of the firm belief that the education of a child is not complete until the body itself is so trained to match-up to the physical rigours of life. Ideally, an optimal balance between body and mind.

It is a given that a healthy body and a healthy mind complement each other and the importance of sports and games in the development of an individual cannot be emphasized enough. They not only play a cardinal role in building fitness and fostering team spirit but

also at times provide a much-needed break from academics.

The school has excellent facilities for all the team games as well as individual games, covering Football, Cricket, Basketball, Badminton, Table Tennis, Skating, Gymnastics, Taekwondo, et al. The school runs an enviable NCC unit for both boys and girls. A 400m athletic track and impressive Lawn Tennis Courts, ensure our children are exposed to the highest standards of Sports Infrastructure.

The Early Years celebrates the joy of Early childhood. Few glimpses of which are:

## A CARNIVAL OF LIFE CALLED CHRISTMAS

Love, gratitude, appreciation for one another the bubbling spirit, the laughter, the fun, the joy. The sheer ecstasy of living! Christmas 2021! The junior wing of DPS, Greater Noida came alive with a Christmas themed carnival in December ringing in the joyous festival and the new year. The festive spirit was raised up to a stratospheric level by a beautifully decked up ambience with balloons, tinsels and a giant Christmas tree. The Children participated in fun activities like circus games, cupcake decoration, puppetry, music, carnival food and pottery. They bonded with their teachers,

sang Christmas carols and danced with the in-house Santa Claus. The games stalls were an instant attraction for the children.

The Little Dipsites went back home with Christmas gifts and loads of memories of a festival well spent and are biding their time until next year; for another Celebration of the carnival of life called Christmas.

## OF DANCE AND RAIN...

The monsoon brings in the rains and with it the unleashing of true happiness!

A rain party was organized this year at the Junior Wing and the sprightly children looked winsome in their swimming costumes with their colourful umbrellas and raincoats. There was music. There was dance in the shower. Children and the teachers bonded together dancing in the rain. The euphoria of dancing in the rain was infectious and defied all age groups.

## OF SLEEP AND STORIES

It was an amazing amalgamation of fun, frolic and joy unlimited as the tiny tots of class Nursery, clad in colourful pyjamas enjoyed themselves with toys, teachers and friends at the Pyjama party organized in the Early Years Wing of the school.

The amphitheater was aptly decked up for the occasion, decorated with balloons and streamers that built the right ambience for the much-awaited sleep over in make shift tents.

The students had the experience of a life time. They returned the next morning with valuable lessons on how to conduct themselves and be independent while being away from the familiar surroundings of their homes.

# MOTHER'S LOVE LIBERATES

Mother's Day is a special day when students of all age groups wish to express their love, appreciation and gratitude for their mother or Motherly figures. This year our Early Learners celebrated this day by conducting a Special Assembly.

The assembly included a choir performance, Hindi shloka chanting and songs in Hindi as well as English. Through these songs, the little Dipsites expressed their love and respect for their mothers. This was followed by the dance group tapping their feet on lovely, Mother's Day dance melodies.

Children also got an opportunity to interact with the Head Mistress through a short question and answer session conducted on the spot.

# CAMARADERIE AND TEAM SPIRIT

## Building Bridges with Foreign Languages & Exchanges

Technology indeed has contributed in making the whole world a village and effective communication an absolute imperative. Towards this end we have facilitated for students from Class IV onwards the option to study any one of these languages- German, French, Spanish and Japanese. These languages not only enhance linguistic skills of the students but also give them a glimpse of the social and cultural lives of the people of different countries. Various seminars are conducted with experts of these languages, such as the MINT programme by Max Mueller Bhavan.

Exchange programs provide students an opportunity to be closely associated with students and teachers of different countries and get hands on experience of the social and cultural aspects of that nation.

We have been organizing German, French and Japanese exchange programs in the past. For many years our school has worked in partnership with its partner school Katherinen Gymnasium, Germany on the prestigious Robert Bosch project.

For a hands-on experience on the latest healthy environmental trends a trip was organized by DPS Greater Noida, to Copenhagen, Denmark. A Group of students visited Denmark for a week, as a part of the earth week this year, organised by Nordic consult in association with the UN. The students as a learning experience visited the local waste segregating area. Interaction with students from Danish schools on ways to perspective the environment was the norm.

## SCHOOL ACTIVITIES

**Myriad Manifestation:** Delhi Public School, Greater Noida hosted the 5<sup>th</sup> edition of its Annual Literary Fest, 'Myriad Manifestation - The English Language Conclave-2021' in December 2021. The fest provided nearly **200 participants from 35 schools across the country and abroad**, a perfect platform to exhibit their multifarious language skills through an array of online competitions held on Zoom platform, viz, Creative Writing, Literary Quiz and the Multi Format Debate.

The event was conducted by Mr. Parnab Mukherjee, renowned Knowledge Resource Curator who, in the course of the 3 day event, gave the contestants invaluable tips to fine tune their literary skills. The conclave was dedicated to the **75 years of India's Independence and the centenary year of 'The Waste Land' by T.S. Eliot.**

**CBSE FIT India Quiz:** Divyanshu Chamoli of Class VIII and Mohd. Ayaan of Class XI achieved a rare feat by securing the **First Rank in the Semi Final Round to further represent the school in the Final of the FIT India Quiz.** To test awareness among students about sports and to encourage them to adopt a physically active lifestyle, CBSE organised an online FIT INDIA Quiz-2021, as per the directives from **SAI and the Ministry of Youth Affairs and Sports, Government of India.** 741 students of the School from Classes VIII to XII participated in the school round of the contest. Top 10 students from the school participated in the prelim rounds conducted by the National Testing Agency. DPS Greater Noida has earned a place in the elite group of top 16 schools from U.P.

**75 Lakh Postcard Campaign:** 100 students from Classes III to V participated offline in writing postcards on one of the two topics, 'Unsung Heroes of Freedom Struggle' and 'My Vision for India in 2047'. 10 entries with best ideas were uploaded on the CBSE portal.

## SCHOLARS' DAY

DPS Greater Noida organized 'Scholars' Day' to felicitate the meritorious students of various Classes for their excellent academic performance in the Session 2021-22. Nearly 350 students were the proud recipients of the coveted academic awards comprising Scholar trophies, medals, blazers and badges.

Mr. Anurag Tripathi, Secretary, CBSE and Shri. Dilip Trivedi IPS (Retd), Member, School Managing Committee graced the occasion as the Chief Guests. Speaking on the occasion, Shri. Tripathi urged the school and the parent community to ignite critical thinking and a spirit of enquiry in the students to propel their holistic development. Mr. Trivedi congratulated the school for its superlative CBSE Board results and showered his best wishes for greater success in the future. The Principal, Ms. Sandhya Awasthi in her welcome address complimented all the awardees and urged them to stand tall and be advocates of 'Service before Self' and to become change makers in society. The occasion was made more special by the presence of the school toppers in the CBSE Class X and XII Board examination, who shared their success stories, leaving everyone highly inspired.

To celebrate the joyous occasion, an impressive cultural potpourri was presented by the talented artists of the school that included a soothing invocation to Agni, a mellifluous instrumental symphony and a magnificent classical dance presentation that had the packed auditorium erupt in incessant applause. The two hour long programme was a testimony to the school's consistent endeavour to blend scholastic and co scholastic activities in its curriculum for the all round development of the students.

# MY HERO PROGRAMME

My Hero Programme is a school initiative for the students of classes III – V, under which parents of the Primary wing are invited to address and motivate the students with anecdotes from their own personal and professional lives. The first Tuesday of each month has been dedicated for this Programme. There has been a tremendous response from the parents to be a part of this collaborative platform for the betterment of the students.

# EK NAAM - TEEN AYAAM THE A.R.T SUMMMER WORKSHOP

## The Master Artisan Workshop

As part of the Summer Workshop organized in the school during the Summer break, renowned master artisans from various parts of the country were invited to introduce the students to different art forms like Madhubani (Ms. Priti Karn from Bihar), Terracota (Mr. Dinesh Molela from Rajasthan), Lippan Art (Mr. Masuali from Kutch) and Gond Art (Mr. Kailash from Madhya Pradesh). The artists gave a hands on experience on varied forms of art, creating an enabling cultural environment for the participants.

## THE ROBOTICS WORKSHOP

50 students enthusiastically participated in the Robotics Workshop held in school. This Workshop provided an opportunity for the learners to apply the concepts taught to solve real-world challenges. Students engaged in hands-on enquiry based technical learning.

## THEATRE WORKSHOP

Aspiring actors from Classes II-IX participated in the Summer theatre workshop. The resource persons Ms. Simran and Satyam introduced the students to the nuances of acting, acquainting them with the right techniques to perfect their skills. On the day of the culmination of the event, the students gave a demonstration of Navras, along with a presentation of stories chosen by them. The camp helped students to shed their inhibitions and express themselves with confidence.

## 38<sup>th</sup> SUB -JUNIOR NATIONAL AQUATIC CHAMPIONSHIP 2022

Amaris Patel of Class V of the school got the distinction of participation in the 38th Sub-Junior National Aquatic Championship held in Rajkot, Gujarat. She got this opportunity after qualifying at the State level competition held at Kailash Prakash stadium, Meerut.

## 36<sup>th</sup> UP STATE SUB-JUNIOR AQUATIC CHAMPIONSHIP 2022 UNDER SAMANVAY SCHEME

The champion swimmers of the school bagged 04 Gold, 04 Silver and 01 Bronze medal at the UP State Junior Aquatic Championship 2022 held at Kailash Prakash Stadium Swimming pool, Meerut.

## NATIONAL CADET CORPS (NCC)

Students of DPS Greater Noida have enrolled as NCC Boys and Girls cadet.

- 150 Boys Junior and Senior division have enrolled in 40 U.P. Boys Battalion NCC, Sikanderabad.
- 160 Girls Junior and Senior wing have enrolled in 31 U.P. Girls Battalion NCC, Greater Noida.

# PARENT INTERACTIONS

DPS Greater Noida adhere to an inclusive philosophy where all stake-holders work together towards a common goal, enrichment and future of children frequent parent interactions help bridge communication gaps between the home and the institution.

**GEHNA RANA**  
(Class VIII)

**KANAV SEHGAL**  
(Class X)

We invite eminent Scientists from department of Science & Technology DST to mentor our students.

# NEW INITIATIVES

Scholastic, Co-scholastic  
&  
Skill Development

# CAMBRIDGE EARLY YEARS

Aligned with NEP 2020

## CAMBRIDGE LEARNER ATTRIBUTES

### CONFIDENT

Our Cambridge learner attributes encourage students to become confident in working with information and ideas- their own and those of others.

### RESPONSIBLE

Our Cambridge learner attributes encourage students to become responsible for themselves, responsive to and respectful of others.

### REFLECTIVE

Our Cambridge learner attributes encourage students to become reflective as learners, developing their ability to learn.

### INNOVATIVE

Our Cambridge learner attributes encourage students to become innovative and equipped for new and future challenges.

### ENGAGED

Our Cambridge learner attributes encourage students to become engaged intellectually and socially, ready to make a difference.

### **INTRODUCTION OF MASTERY ASSESSMENT IN CLASSES III TO V**

Mastery Assessment success in Middle school in the last session has led to introduction of the same in the Primary Wing. To increase conceptual clarity and promote out of the box critical and creative thinking amongst the students in Mathematics and Science, a systematic change in the curriculum delivery has been incorporated in the Academic Calendar. We are systematically moving them away from rote learning to competency based teaching and learning.

The School has embedded a competency based education approach in Pedagogy and Assessment. Our Mastery Assessment is based on teach, test, re-teach, retest concept, followed by a detailed result analysis done by the teachers to identify the learning gaps in students. Growth and performance of every child is studied and tracked for individualised learning plan.

### **MATHEMATICS & SCIENCE BENCHMARKING**

Across the school, Benchmarking Test is conducted to identify gifted students who display aptitude for Science and Mathematics and exhibit a positive learning temperament. The test is conducted by Maths and Science departments individually.

Enrichment & Focus Classes for children who require additional support.

### **INTRODUCTION OF LIFE SKILL WORKSHOPS**

The school regularly organises life skill workshops for the students on practical problems that students face in their day to day life. The aim of Counselling is to enable the learners to make their own choices, reach their own decisions and act upon them mindfully.

## EDUCATION WORLD RANKING 2021-22

DPS Greater Noida has been ranked **First**, in the Day– cum– Boarding Schools category, in Greater Noida for the fourth consecutive year in the Education World-India School Rankings 2021-22- indeed a moment of great pride for the Management, Staff and Students of the school.

*The prestigious award was received by Ms. Sandhya Awasthi, Principal, DPS Greater Noida in the Award Ceremony held on December 18, 2021.*

## SURVEY ON VALUE BASED EDUCATION

Ms. Mallika, a student of the University College of London conducted a survey focussed on value based education and whether it contributes to the overall development of a Primary school. This was part of her dissertation for MBA in Education leadership from her institution. The survey was conducted independently and sent to student, parents and teacher of classes III-V. The survey response was very heartening.

## APPROVAL RATES ACROSS STUDENTS, PARENTS AND STAFF

	Students	Parents	Staff	Theme - wise Variance across
<b>Theme I:</b> Relationships across students, parents, staff	84%	79%	91%	12%
<b>Theme II:</b> Quality of school's environment	84%	74%	78%	10%
