TAKING EDUCATION BEYOND THE CLASSROOM

Core Academics

The focus of teaching in DWPS is a personalised approach to build greater understanding through the physiology of experiential learning. As 21st century learners, they are made to develop their core competencies by focusing on academic excellence through a wide gamut of subjects to build up their level of awareness.

Emotional Development

The experienced educators and the school counsellors of DWPS make every effort to strengthen the emotional quotient of the students by gently and patiently dealing with their problems.

Critical Thinking Skills

In DWPS critical thinking is seen as an educational goal. We train the brain of the students to analyse and promote the spirit of enquiry fostering scientific temper within the bounds of humanism.

Conflict Resolution Skill

In DWPS it is understood that the process of conflict resolution is an opportunity for growth for the students with a great potential for a positive outcome. Personality Development Workshops are attended by the Students Council to inculcate leadership skills to handle any problem in a respectful, positive and compassionate way.

Character Formation

Character formation is ensured through deeply embedded pattern of values and attitude which is strengthened by conducting value intrinsic assemblies every week, the celebration of Value Embodiment day and the varied forms of Community Connect initiatives.

Healthy Social Skills

DWPS looks forward to seeing the students as happy confident people with apt interpersonal skills. The In- house and Inter School MUN sessions, the Youth Parliament in the pipeline are all conceived to enhance the social skills.

Manners

At the very heart of DWPS philosophy is an absolute conviction that individuals with effective and polished soft skills and good manners are more successful in life. Attired in his/ her school uniform, the behaviour of each and every student of DWPS is exemplary, as an ambassador of the school.

Hands-On Lessons

The specialised curriculum of DWPS is empowered to develop lifelong learning of key concepts, through application based 'Thematic Learning. The multifarious Club activities, the Science Labs, the Composite and Language Labs, the STEM and Astronomy classes have been incorporated in the curriculum to extend varied hands on exposure.

Delhi World Foundation comprises of a group of visionary members dedicated to the cause of quality education.

DELHI WORLD PUBLIC SCHOOLS

Delhi World Public Schools are a contemporary chain of schools under the aegis of the Delhi World Foundation initiated by Delhi Public School Alumni which includes luminaries like Salman Khurshid – Former External Affairs Minister, Government of India; Montek Singh Ahluwalia – Former Deputy Chairman, Planning Commission; Chintamani Rao – Former Vice Chairman, Times Broadcasting Company; Dr. Rakshanda Jalil, Historian, Sharmila Tagore, Actor and several others.

With about a 100 schools running or in the making, the Foundation spearheads a mission to achieve excellence in education through cutting edge learning tools combined with the human touch and the unique Guru-Shishya (Teacher-Pupil) bond of our ethos.

Delhi World Public School Noida Extension is one of the first member school of the Delhi World Foundation.

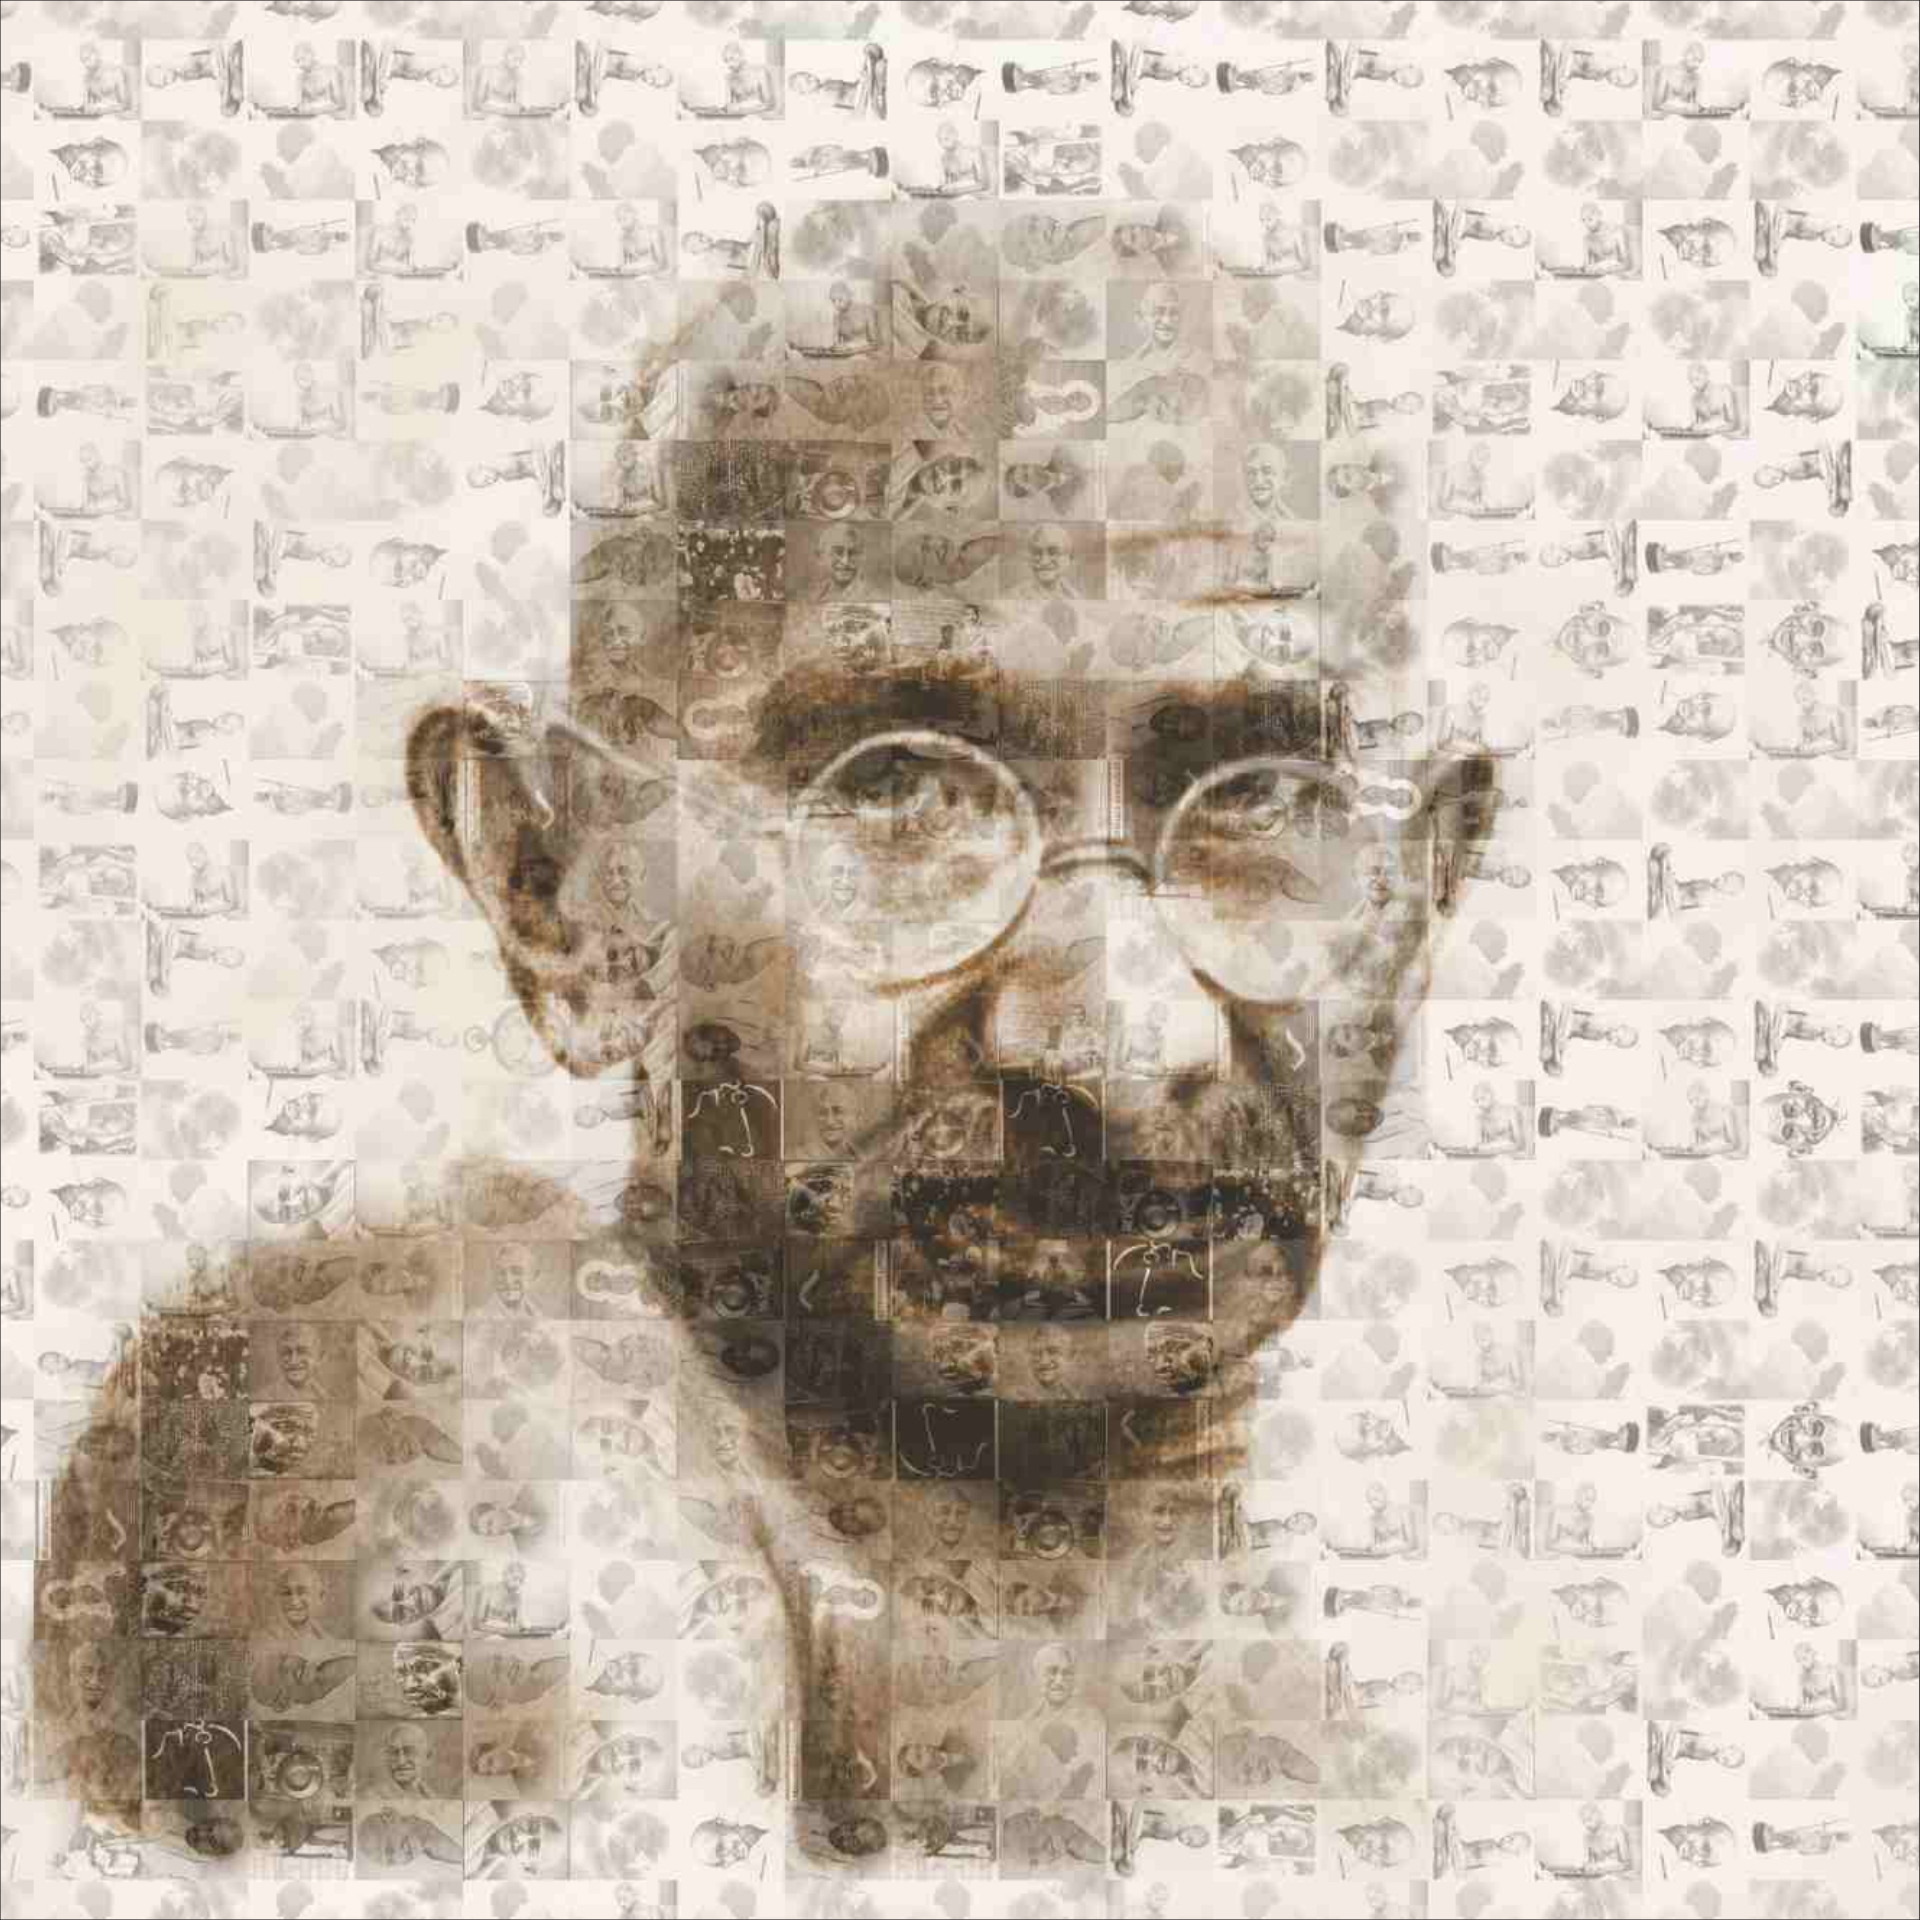

VISION

Delhi World Public Schools are committed to provide state-of-the-art education, incorporating Indian values and World culture, aiming to create global citizens as torch bearers of a dynamic and harmonious world.

MISSION

Delhi World Public Schools aim to instil in each child a sense of inquisitiveness and exploration, and an urge for experimentation, observation and synthesis. We endeavour to free the learning process from the confines of the four walls of classrooms and take it further to activity workshops, resource centres, laboratories and library, teaching less for learning more. Every child is encouraged to inculcate the values of citizenry; a commitment to good health, high values and sensitivity to the environment. We strive to guide and support each child in their journey from primary to senior school and prepare them for the journey beyond school.

DELHI WORLD PUBLIC SCHOOLS ARE DIFFERENT

Delhi World Public School is an innovative effort to integrate the best ideas in education taken from all good practices in India and around the world. For instance, we borrow from the Nai Talim principles of Mahatma Gandhi whereby learning takes place by doing, where knowledge and activities are not separated from each other, and the virtuous character of the child is built to last a life time. We also strive to make the principle of universal peace and tolerance the basis of DWPS, so that every child who comes to us leaves the school with a habit of humility making our future world a place of harmony and goodwill towards all.

Emphasis is laid on learning from the environment combining spiritual philosophies with different subjects in the curriculum. The DWPS ethos of equity, compassion, cooperation and service before self is our earnest endeavour. To achieve this blend, our student community is involved in peer tutoring to reach out to fellow students who may be less privileged than them; our teachers are provided opportunities for researching pedagogic systems, and for continuous training and learning.

In addition to excellent teaching and learning facilities, each of our schools is encouraged to offer a variety of creative courses and advanced opportunities in the sporting and cultural fields. And just as every Delhi World Public School is special, every student of our schools is nurtured and empowered to blossom in his or her own special way.

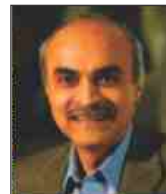

LIFE TRUSTEES

Montek Singh Ahluwalia
DPS Mathura Road 1958 and former Deputy Chairman, Planning Commission

Salman Khurshid

CHAIRPERSON'S THOUGHTS

Our Indian standard of education is excellent. Our students are amongst the best in the world. They score high on marks - to the extent of securing even 100% in English! But can we truly say that our children are well rounded? Not just masters of marks but also fluent in languages, communication and general knowledge? Have they developed team spirit and qualities of leadership? Do they see beyond the confines of their school and home to recognize inequalities around? Can they hold their own views in public debates or present themselves admirably in an interview?

There is so much of the past that was character forming which our schools have discarded or forgotten in the pursuit of High Grades. Institutions like National Cadet Corps and Scouts and Guides; Institutions like the Social Service League; the Arts, Crafts, Culture and Philosophies of our country that our children are unfamiliar with. We are losing many aspect of our history which must be gathered with care before it is all scattered in the vicissitudes of time.

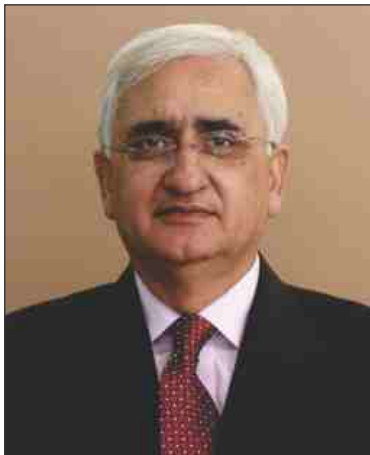

The DELHI WORLD FOUNDATION, pioneered by a group of graduates from the DPS Schools who have since made a mark in the world, seek to take education to a higher level; an overall

holistic, comprehensive and focused initiative to produce all-rounded human beings. What we emphasize is the road we are taking to get there – perhaps the road less travelled; but a road which we hope is filled with adventure, with curiosity, with wonder.

This is a challenge that we at the Delhi World Foundation have taken up in earnest. The wealth of knowledge and experience of our Life Trustees, Term Trustees, Advisory Council and Members of the Education & Resource Council is being harnessed to open our students' eyes to all the wonderful things that the world has to offer. To appreciate art as well as to create it, to establish their own individual identity through creativity. To not only carve a Printing Block or make Handmade Paper out of rags and waste but also to carry on further by printing on the paper and then on to adding value by making greeting cards stationery, decorative boxes, etc.

Modules are being created for our children to engage in Self Care, Social Service, Animal Welfare and Environment protection. To make them appreciate, understand and anticipate the dire necessity of valuing our depleting wildlife, threatened environment and ecology. To bring to them firsthand knowledge and information of new energy saving techniques and technology – Solar Energy, Rainwater Harvesting and just simple Vermi composting from household waste. They are encouraged to take time off from cramming for exams and tests to take part in Drama, Elocution, Music and all those varied expressions of impulsive creativity so as to express themselves on canvas or in stone or even just create a bonsai plant or a simple Ikebana.

In simple words we want them to be children, leading an exciting child's life and not be forced to become premature adults! Please join us and be part of our new adventure full of wonder and care.

*Salman
Khurshid*

OUR MENTOR

We are very lucky to have Mr. Salman Khurshid as our guide and mentor. Mr. Khurshid is an Indian politician and was the Cabinet Minister of the Ministry of External Affairs. He belongs to the Indian National Congress. He is a lawyer, and a writer who has been elected from Farrukhabad Lok Sabha constituency in the General Election of 2009. Prior to this he was elected to the 10th Lok Sabha (1991-1996) from the Farrukhabad Lok Sabha constituency. He became the Union Deputy Minister of Commerce in June 1991, and later became the Union Minister of State for External Affairs (Jan 1993 - June 1996). He started his political career in 1981 as an Officer on Special Duty in the Prime Minister's Office (PMO) under the prime minister ship of Indira Gandhi.

Early life and Education

Born in Aligarh, Uttar Pradesh, he is the son of Khurshed Alam Khan a former Union Minister of External affairs, Government of India, and maternal grandson of Zakir Hussain, the third President of India. He studied in St. Xavier's High School, Patna, Delhi Public School, Mathura Road and college at St. Stephen's College, Delhi and Edmund Hall, Oxford, UK (B.A. (English and Jurisprudence), M.A., B.C.L.). He also taught as Lecturer in Law at Trinity College, Oxford.

Party Political Offices

He has been the President of the Uttar Pradesh Pradesh Congress Committee twice. He was also the President of the Delhi Public School Society and Dr. Zakir Hussain Study Circle.

*Iyoti
Arora*

Principal's Message

Where the vision is one year - Cultivate flowers

Where the vision is of ten years - Cultivate trees

Where the vision is of eternity - Cultivate children

This thought is the very essence with which we at Delhi World Public School Noida Extension pursue all our endeavours. We firmly believe that education is not to teach children facts, theories of laws, not to reform or amuse them, or make them expert technicians- it is to trigger their minds, widen their horizons, and enflame their intellect so that they think creatively, laterally, innovatively and positively. We feel proud to provide quality education by equipping our students with skills, confidence and a positive approach with an all-round development. An amiable environment in the school nurtures creativity, passion, resilience, and leadership qualities among students for development of versatile personalities. We at DWPS not only sharpen the intellectual faculty of the student but also inculcate the ethical and aesthetic values.

I feel proud to acknowledge the contribution of highly qualified, dynamic and multi-talented faculty, non-teaching staff and my students for this. Our students have learnt to carve a niche and scale lofty heights up the escalator of success. Foreign language classes, STEM Robotic classes, Model United Nations sessions, Organic Farming classes and Astronomy club have now become a part of school culture. Our teachers work hard throughout the year with the students to provide them high quality educational experience in the form of debates, group discussions, workshops, seminars and cultural competitions. The faculty members have undoubtedly worked diligently to ensure outstanding result of the first batch of students who appeared for secondary Exam. All this ensures a happy teaching and a happy learning environment. A colossal spectrum of events such as International Education Week, The Literary Fest, Sports Fiesta, Community Connect are also organized apart from the array of experiential learning for students. Eminent personalities are invited from all walks of life to address the students and expose them to new ideas and thoughts.

My supporting members of the management also opine that one should reach out to the changing and dynamic world. The entire school team adopts the responsibility of fostering morally upright, intellectually luminous and physically sound leaders who have the insight and courage to lead the world. Before concluding through this forum, I would only say - Thank you, Parents, for entrusting to us your most cherished possession- your child.

I on behalf of my institution assure you our best, always.

Experienced Academicians Leading by example

Ms. Anjleen Berar
Vice Principal

Ms. Anjleen Berar, Vice -Principal of DWPS Noida Extension is an alumni of Maharani Gayatri Devi Girls Public School and Lady Irwin College, University of Delhi, with a rich and variegated experience in the field of education for over three decades. She has dedicated her ardent passion and energy towards teaching, learning and administration in premier organisations such as Amity International Schools, Bluebells International and Mount Litera Zee school. Her humility, exposure and open-mindedness enables her to implement values of tradition, while simultaneously scaffolding today's modern thought processes.

Ms. Sangeeta Mukherjee
Headmistress, Primary Wing

Ms. Sangeeta Mukerjee has a rich experience of working in different capacities for over 3 decades in premier institutes like DPS Vasant Vihar, R. K. Puram and DPS Jaipur. Apart from heading the cultural team, she has also worked in the field of language enhancement through effective lesson plans, and preparation of apt teaching materials. She has passionately followed her dream of working with children. She has attended premier CBSE workshops and has worked as Resource person and Facilitator.

STRIVING TOWARDS EXCELLENCE IN ACADEMICS

Delhi World Public Schools strive to achieve the best academic standards in the world and your child will have access to the finest environment and facilities for drawing out and maximising their best potential.

In terms of teaching, Delhi World Public Schools follow the guidance of the Education and Resource Council of the Delhi World Public Foundation, which comprises eminent names in the world of education.

Experiential Learning

‘Learning through reflection on doing’ - Experiential Learning is hands on learning and has distinctive advantage over traditional classroom and instructor centric method of teaching and learning.

As the student engagement increases so does learning accelerate with improved level of retention. It not only enhances the student’s knowledge and skills but also improves the attitude towards learning. Experiential learning is personal and effective in nature as it incorporates simple experiential activities in class.

Integrating experiential learning builds skills, confidence and expectations for successful work experience.

The school actively promotes scientific temperament and innovativeness. The students are encouraged to think innovatively to find ecofriendly and out-of-the-box solutions for the problems the world faces. The school is affiliated with **Vigyan Prasar** and **National Children Science Congress** and also has tie-ups with the **STEM, Astronomy and Space Academy**. To nurture the inherent potential of each student and to assist our students in accomplishing their goals, the school conducts various prestigious competitive examinations like **SOF International Olympiads, ASSET, NSTSE, NTSE, TERI Green Olympiad** and various such examinations from time to time.

The school takes immense pride in producing an outstanding result in the first secondary exam taken up in 2018-19.

Delhi World Public Schools has strong academic infrastructure and state-of-the-art facilities, including well stocked libraries, Mathematics, Science and Language labs, Rooms for workshops and Open spaces for sports.

OUR CURATORS - TEACHERS AND THEIR TRAINING

We place paramount importance on selection of teachers with best ability, potential, and proven track record. We realise that teachers are the spine of a successful school, and our selection procedures thus are elaborate and well-researched.

Our teachers have past experience of leading schools such as DPS, Amity etc. On an average our teachers have more than 10 years of teaching experience. We also look forward to maintain the most congenial classroom environment striving for a teacher student ratio of 1:15.

We also closely monitor the work of our teachers and review their performance regularly through teacher appraisals to assess their knowledge and skills, their attitude and behaviour in the classroom as well as in the community.

We seek regular 360° feedback from our students and parents about our teachers. All staff members of the school take part in a Continuous Professional Development (CPD) and adequate resources are allocated to develop their skills. Teachers have attended the capacity building workshops conducted by CBSE along with various teaching methodology enhancement workshops which has really made a difference.

PRE-PRIMARY STUDIES

The pre-primary wing at our school is a vibrant centre where innovation and grandeur is reflected by the colourful set-up and thematic approach in teaching and design. We believe that children are active learners, explorers, experimenters and artists. Therefore the young impressionable minds are provided with a rich, meaningful and balanced curriculum based on the development of the essential skills and 'Multiple Intelligence'. The system stresses on the importance of providing wings to our little angels.

Our classrooms have themes including underwater, space, animals etc., and we have both indoor and outdoor activity areas for our tiny tots where on one hand the indoor activity room has a range of exercises and models that help children develop necessary skills, on the other hand the outdoor area comes fitted with a train-themed playstation, a skating area, and an amphitheatre customised for our little angels.

The pre-primary wing is a kingdom of creative learning with exclusive trained professionals for introducing young minds to Music, Dance and Theatre, Pottery, Art, Organic Farming. Regular story telling sessions are a major attraction for the blooming buds.

We also have an all-weather splash pool and rain shower facility for our tiny tots to get them acquainted with water and take their first steps towards swimming.

A great amount of focus is given on development of multiple skills in children through language, phonic activities, and stress is laid on development of cognitive skills.

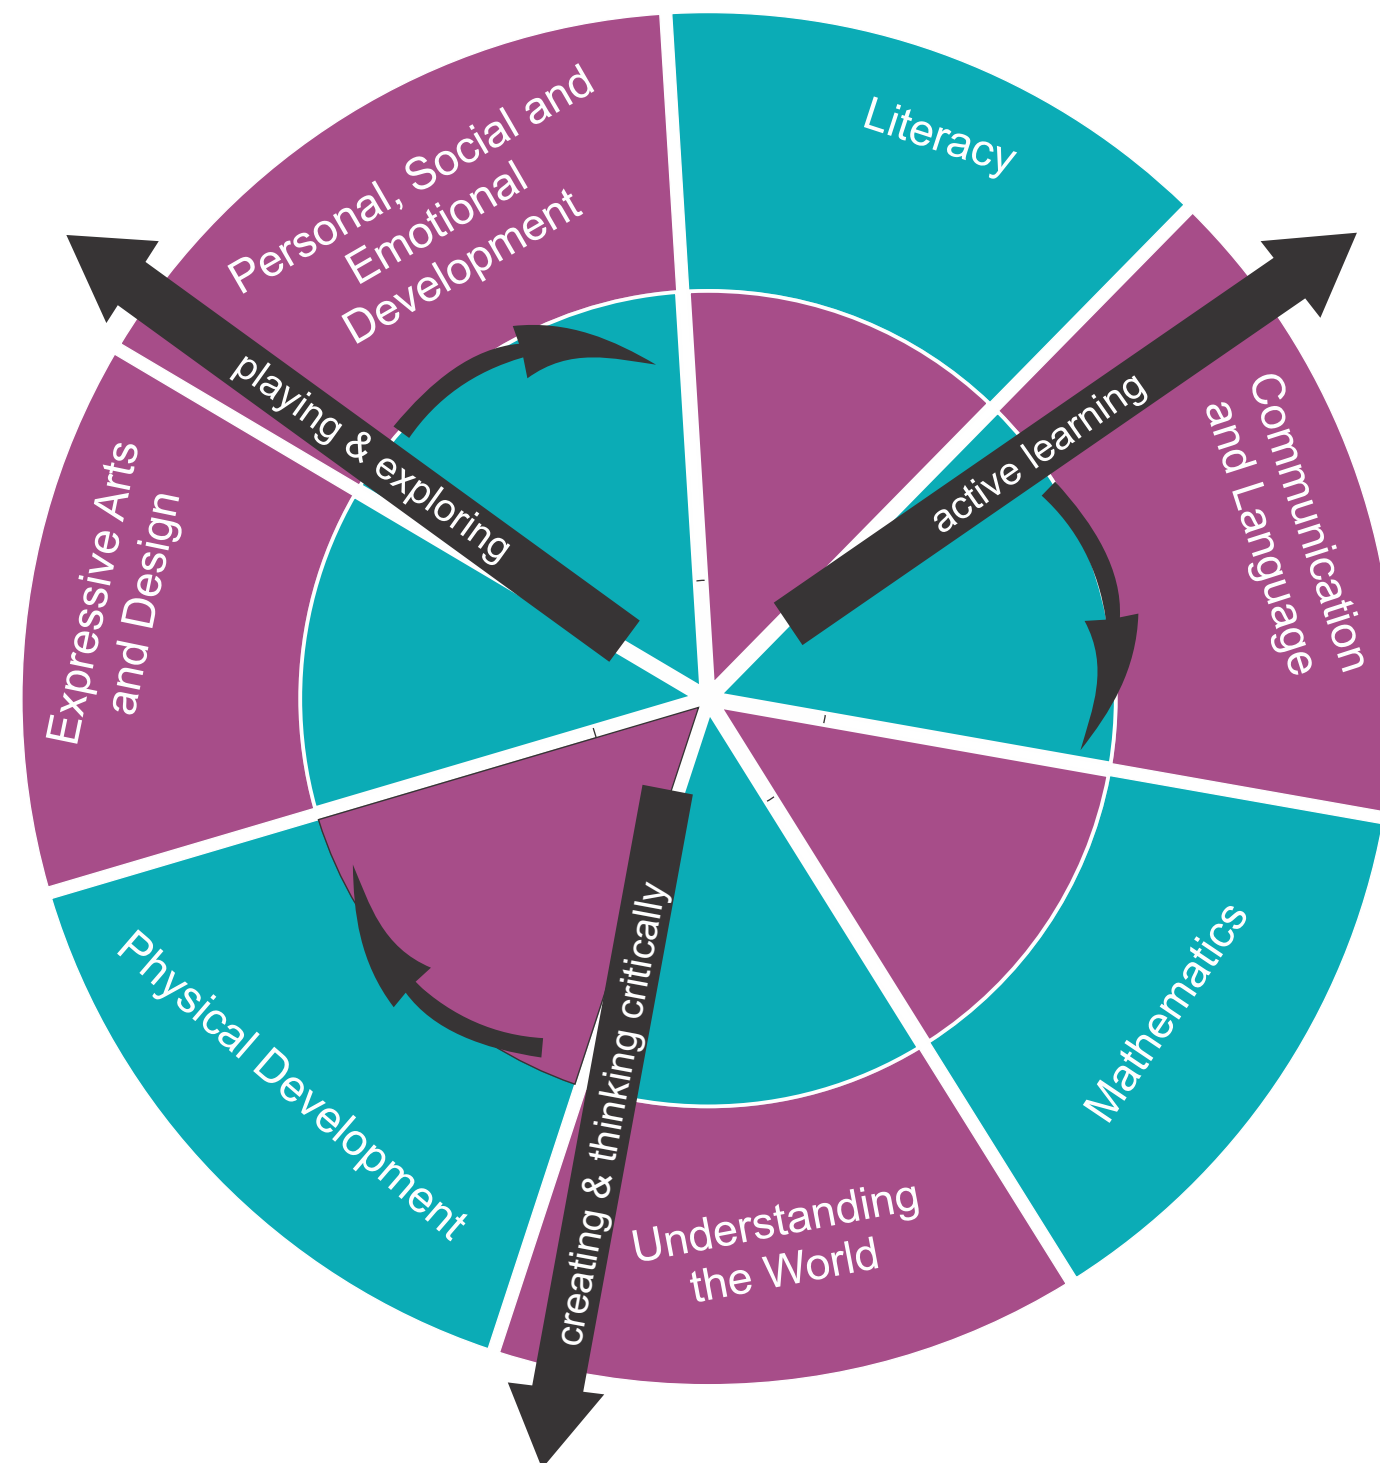

EARLY YEARS FOUNDATION STAGE

A Unique
Child

Positive
Relationships

Enabling
Environments

Learning and
Development

PRE-PRIMARY CURRICULUM

The school follows the much acclaimed Early Years Foundation Stage (EYFS) Curriculum which is an integrated Curriculum adopted and acknowledged by the British Government. There are 3 prime areas and 4 specific areas of learning in this Foundation Stage curriculum.

PRIME AREAS

PSED –Personal, Social Emotional Development

- Making relationships
- Self-confidence and self-awareness
- Managing feelings and behaviors

CL - Communication and Language

- Listening and attention
- Understanding
- Speaking

PD – Physical Development

- Moving and handling
- Health and self-care

SPECIFIC AREAS

L – Literacy

- Reading
- Writing

M – Mathematics

- Numbers
- Shape, space and measures

UW – Understanding the World

- People and communities
- The world
- Technology

EAD – Expressive Arts and Design

- Exploring and using media and materials
- Being imaginative

INFRASTRUCTURE

Delhi World Public School Noida Extension is equipped with first rate infrastructure that complements the noble aim of its foundation. The ultra-modern campus comes with fully air-conditioned classrooms and an elegant design that speaks for itself.

Our architects have gone out of their way to ensure that the building suits the needs of young minds, drawing on years of research to create an environment most conducive for over-all growth.

Our range of facilities, detailed separately, match global standards in education.

Swimming pool: Our students have found respite in the ‘all weather’ swimming pool to escape from the heat of the sun in summers.

Well designed and separate computer labs are used by senior and junior students, run by well educated & qualified faculty with one-on-one access.

Separate blocks for each department - Pre-primary, Primary, Middle and Senior

greenHOPE

A TREE PLANTATION INITIATIVE

GREEN SCHOOL

We are committed to instilling the concept of sustainability in our students and staff. Our building too is designed so as to promote students to think green. The vibrant designs and colours inspire students to open their minds to the omnipresent possibilities and opportunities in life.

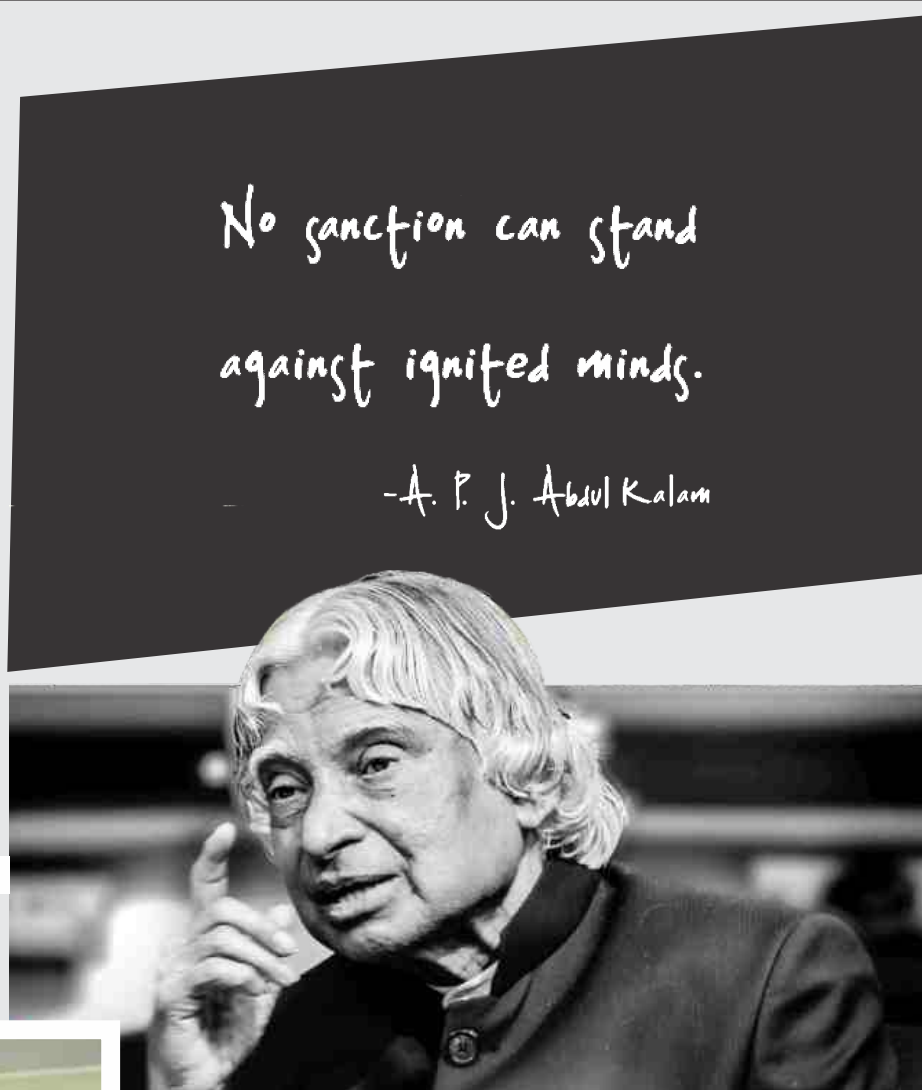

The school also maintains a substantial portion of its campus as green areas, also providing children the opportunity to experience the magnificence and vast variation in trees, plants and herbs.

In addition, the school environs promote a “learning through nature experience” approach as students are encouraged to observe and appreciate greenery and natural environment.

In keeping with this concept the school has launched a pioneering initiative called 'The Green Hope' in which over 10,000 saplings have been planted by our students all across Noida Extension.

Organic Farming

We at Delhi World Public School Noida Extension firmly believe that organic production is the best way we can enhance the natural environment while still growing food for our communities. The school takes pride in having an adequate gardening area in which the children grow and cultivate many fruits and vegetables like tomatoes, spinach, beetroot etc. The children are trained and guided by our in house expert and head out once a week to the gardening area where they do a thorough observation of the changes in the fields and crops while strategizing management options and planning the upcoming week's work.

THE A.P.J. ABDUL KALAM LIBRARY

"Books are a uniquely portable magic."

Stephen King, On Writing: A Memoir of the Craft

The spacious central library at Delhi World Public School Noida Extension is the heart of the campus. Encouraging students to realise the importance of language and literature, the library is a throw-back to a simpler world- where reading is the cornerstone for development of young minds.

Named after India's legendary 11th President, Dr. A.P.J. Abdul Kalam (1931-2015), the library represents and manifests the Bharat Ratna recipient's dream of igniting the imagination of school students.

The well-stocked library is also popularly known for its many design features, particularly the school-bus shaped book shelves. An annual literary fest called 'Off The Shelf' is organised at school to encourage the love for literature. This fest sees participants from various leading schools of Delhi-NCR.

SMART CLASSROOMS

In order to best facilitate learning, we offer smart classrooms that use audio-visual methods of engaging students with their lessons.

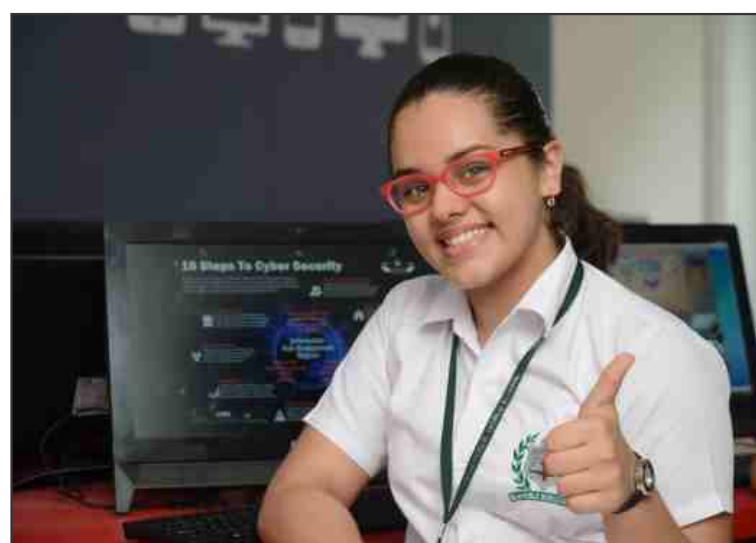

Our smart classes are equipped with latest innovative technology including LCD projectors and Interactive Digital board systems along with computers. Sections of curriculum are diligently imparted through smart class rooms that are networked to large repositories of digital content.

the radhakrishnan auditorium

The campus includes a modern auditorium which caters to over 300 students, and provides the perfect platform for students to exhibit their talent. The cinema-styled auditorium is of professional standards and motivates students to perform on a grand stage while accustoming them to face the spotlight with confidence.

RABINDRANATH TAGORE HALL

The newly constructed Rabindranath Tagore Multi- Purpose Hall (MPH) of DWPS is an AV enabled spacious, hall best utilised for organising in- house departmental school functions. The indoor meetings, performances and events are smoothly conducted in the well-equipped and well maintained hall. The temperature in the hall remains consistent and has provision for an excellent sound system. The Music and Dance rooms conveniently positioned right behind makes it easy for participants to participate on the stage. Due to its multi - functional amenities, it is an incubator for new ideas, knowledge exchange, shared experience and experimentation.

LABS

Composite Lab

DWPS has created a well equipped composite lab to give students an exposure to inductive reasoning which is Experiential learning for them. Various interactive tools are given to students which allows them to explore various mathematical concepts. They also have access to simple science experiments in order to fuel their curiosity. In addition to teaching in the lab, students are encouraged to use lab facilities on their own to inculcate in them a spirit of discovery and invention.

Computer Lab & Language Lab

The Computer Lab is well resourced with high-speed central servers and the latest educational software (with adequate security and safety features). Every student has access to a terminal in the lab. We are also keen to teach children about personal safety in the use of social media to ensure they are fully aware of the health and social risks involved. Parents can access the up-to-date progress of their children in each subject via the school's website.

Our Language Laboratory is fitted with latest multimedia equipment and audio-visual aids. Students are able to practise speaking a new language, record their work and take part in interactive sessions to improve their language skills while enjoying the experience.

Social Science Lab

Social Science Laboratory has equipment, apparatus and materials required for each subject, such as maps, globes, ethnic artefacts, etc. to promote practical as well as theoretical learning. It provides a work space for students and teachers for interactive activities such as role playing, visualisation, competing/cooperating, problem solving or focus group discussions.

Robotics Lab

The School has also built a Robotics lab for students to learn first-hand the wonders of science and also train students to build and control robots. Fostering scientific thinking and reasoning, the lab helps students to beyond the textbook and promotes learning-by-doing.

Science Labs

We have fully stocked advanced labs for Physics, Chemistry and Biology. The lab classes are held under the close supervision of teachers and lab assistants.

Our science labs provide students an opportunity to experiment and reinforce their learnings-adding a much needed practical approach. Students are able to enhance their problem solving and critical thinking skills as well as gain exposure to reactions of different chemicals.

Home Science Lab

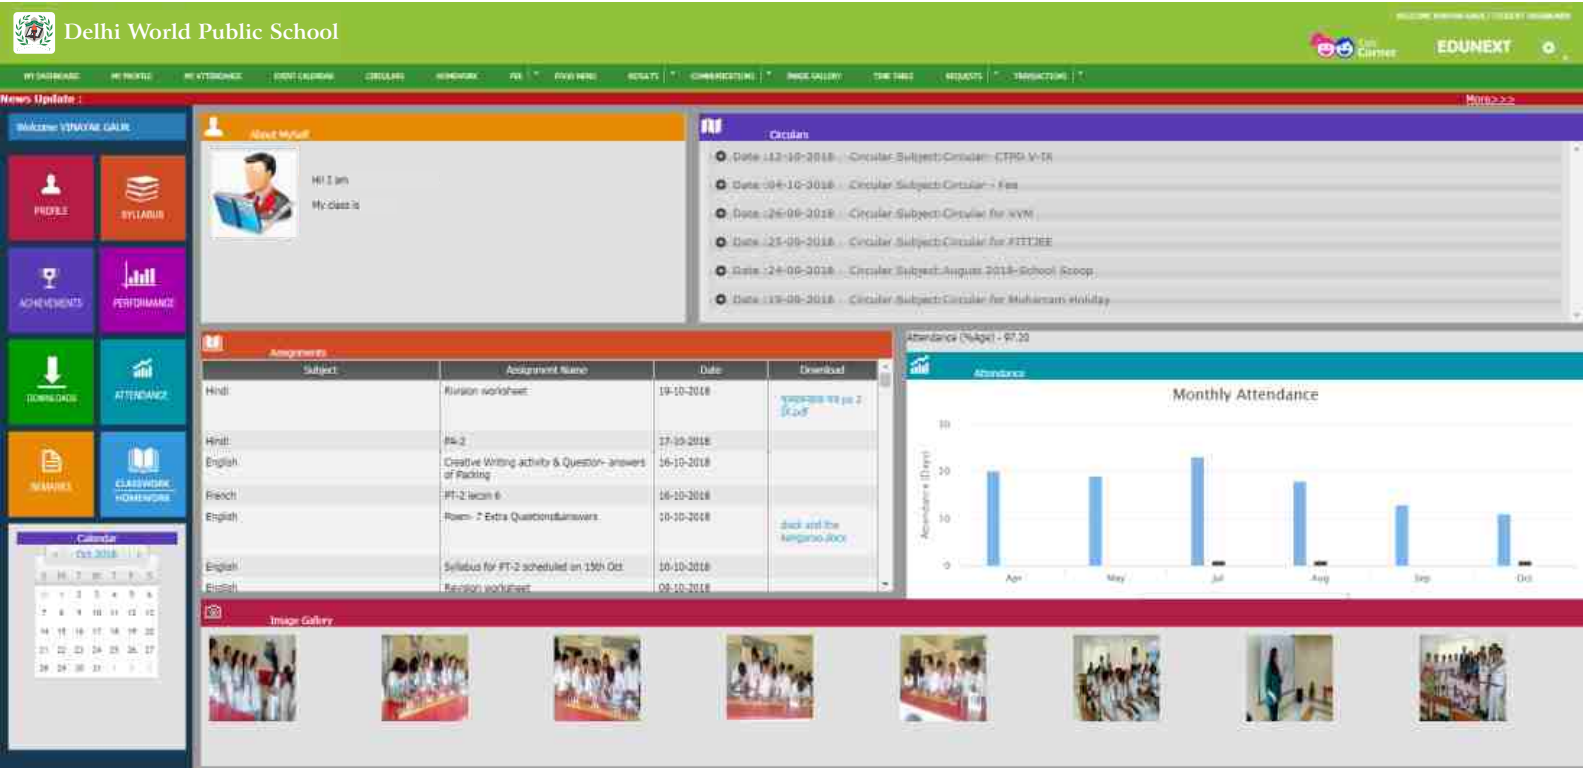

An ultra modern, well equipped Home Science lab has been set up where students are acquainted with hands-on knowledge and skills. The experienced teachers provide training and guidance in the fields of food and nutrition, Clothing and Textile and above all home management. Students are engaged in practicals where they learn how to cook, serve and present various cuisines, thus nurturing them to utilise their inherent potential.

TRANSPORT

Our School has outsourced a fleet of new Air-conditioned buses. Safety on the road is given paramount importance. The students embark and disembark within the school campus under the vigilance of transport managers and teaching staff. An escort teacher and helping staff accompanies the children in the bus. All the buses are equipped with a medical kit for emergency. There is easily accessible GPS Tracking available for all the busses and a message is delivered to the parents 5 minutes before their child is about to reach bus stop. In case of a delay due to unforeseen circumstances, parents are immediately informed through SMS.

We provide school transport to many sectors of Noida, throughout Noida Extension, Greater Noida and Crossing Republik, etc.

Student e-Portal

At Delhi World Public School, we think it is important that parents have access to information they need about their child's progress. E-Portal is the parent's gateway to the management information system (MIS) that we use within the school to record student details, attendance, assessment data, online fee payment and GPS bus tracking. When a student starts for the school, the parents are given login details to be able to access the information. Once the application is downloaded, e-portal can be accessed any time of the day by the parent.

WELLBEING CENTRE

A fully equipped and comfortable sick-bay, with a tie up with the renowned Yatharth Hospitals, ensures that your child is well looked after, in case there should be an emergency. A trained nurse is always at hand to render help and conduct regular medical check-up of students. We have also collaborated with renowned Senior Consultant Dr. Jitender Nagpal who visits the school frequently for Integrated Child Development Workshops. We are also a nodal centre for his school wellness program called 'Expressions India'

COUNSELLING

The school has experienced and seasoned counsellors to guide and support students in all ways, be it academic, social, behavioural or emotional. They work in collaboration with the teachers, parents and special educators to create a healthy learning environment that makes the children feel comfortable and happy.

SPORTS

At Delhi World Public School, we believe that Sports play an important role in the life of a child. The qualities of leadership, teamwork and sporting spirit are learnt on the sports field. Sports and games are compulsory and an integral part of a child's development. Programmes include competitive sports, outdoor adventure sports, regular fitness and physical recreation activities.

The school has excellent outdoor sports facilities including a full size football court, cricket, swimming, hockey, tennis, basketball, volleyball, track and field sports etc.

In addition, Delhi World Public School Noida Extension also boasts of a **state-of-art indoor sports facility**. A feature that sets the school apart from others, the magnificent indoor sports arena caters to several sports including badminton, table tennis, boxing, karate/taekwondo, chess, yoga, gymnasium etc.

In addition to Physical Education teachers, the school also provides professional coaches. The sports teachers do the 'talent spotting' to encourage children to take up the sport that most suits their interests and skills.

“MY PASSION IS MY GAME & THAT'S WHAT DRIVES ME.”

YUVRAJ SINGH CENTER OF EXCELLENCE

Delhi World Public School, Noida Extension feels immense pride in our valuable association with YSCE - The Yuvraj Singh Center of Excellence. YSCE is the culmination of many years of toil and sweat from a passionate, dedicated cricketer who has become one of India's cricketing icons. Cricket has given Yuvraj Singh everything he has today and with YSCE, Yuvraj is looking to give something back to the game. Through YSCE, Yuvraj, hopes to give young, budding cricketers the platform to follow and realize their dreams. Through innovative training techniques, national and international exposure and focus, individual development, the Yuvraj Singh Center of Excellence provides an unparalleled opportunity to passionate youngsters to excel on the cricket pitch.

YSCE provides the best fleet of coaches handpicked personally by Yuvraj Singh. YSCE offers state of the art facilities and equipments for a great learning experience. DWPS and YSCE together shall leave no stone unturned in preparing a potential cricketer. We try to cover every cricketing skill as well as physical and mental development which will help the children to conquer any challenge in life. YSCE also has a robust assessment system through which parents get quarterly video analysis and performance reports of their ward.

Our aim is not only to build a competitive sportsman but also an able and successful human being and a leader.

BARRY JOHN DRAMATICS CLUB

We at Delhi World Public School take great pride in our valuable collaboration with Barry John Dramatics club to host a variety of short term and long term theatre workshops within the school campus. Barry John Acting Studio operates under the Theatre in Education Trust, a non-profit association whose goals are to spread knowledge of and interest in theatrical and media arts through education.

BHAICHUNG BHUTIA FOOTBALL SCHOOL

Bhaichung Bhutia Football Schools is an exciting initiative by India's longest serving football captain - Bhaichung Bhutia. BBFS aims to provide a platform to nurture talent within grassroots & youth football to players and coaches through in-house training & development programs designed & executed by qualified Indian football coaches and instructors in consultation with resident European instructors.

We see BBFS as the first step for interested school kids becoming professional footballers and by leveraging Bhaichung's leadership, experience and network, plan to provide the complete path to an amateur towards becoming a successful professional footballer.

EXCELLENCE IN Co-CURRICULAR ACTIVITIES

The Delhi World Public Schools system aim at developing confident, well rounded students with capabilities and the spirit to reach for the stars. The curriculum provides a rich variety of co-curricular activities, which we consider not extra but an ESSENTIAL part of a child's education.

These include Indian Dance, Western Dance, Indian Music, Western Music, Yoga, Martial Arts, Drama, Debating, Elocution, Art, Abacus, Aero Modelling, Cotton Spinning and Weaving, Pottery, Handmade Paper Making, Carpentry, amongst many others.

Our students take part in social activities and learn about our diverse communities and about universal tolerance. Examples include sharing knowledge with children who are differently abled or are from minority communities, or tutoring peers who are academically weaker.

Art and Craft

In addition to drawing and painting, students explore a wide range of crafts including pottery, handmade paper, recycling of paper, cotton spinning, weaving and textiles. Our arts and crafts facilities are well re-sourced based on Indian traditions and culture.

Students are educated to learn and appreciate art and take pride and pleasure in colours and creativity.

EXCELLENCE IN CO-CURRICULAR ACTIVITIES

Music, Theatre, Dance & Performing Arts

We provide facilities to students for self expression via music, theatre, dance, and performing arts. Having excellent facilities, the school commits itself to fostering creativity and talent into the students so that they can live their dreams.

We ensure a 100% participation in all our events and encourage our students to unleash their potential. The school takes immense pride in itself for its initiatives with prestigious institutions for conducting workshops and theatre carnivals.

One of our latest additions, a state of the art multipurpose hall is designed in adherence to the ultra modern and eco friendly specifications. It is extensively utilised for a gallore of activities, events and competitions.

STORY TELLING

Storytelling is adaptive for all ages and is effectively used in DWPS to teach ethics, values and cultural norms to the most impressionable age group. The school has associated with professional story tellers to make the whole experience for the little ones more fun filled and fulfilling. Stories are generally based on experiential learning as it is not only the listener who learns but the teller also becomes aware of her own unique experiences. Story telling is an educational tool, a foundation for learning and teaching and creates an indelible impact on the lives of children.

We are very proud that Delhi World Public School Noida Extension has partnered with Spic Macay and will be the nodal centre for all activities of Spic Macay in Noida Extension area.

SPIC MACAY (Society for the Promotion of Indian Classical Music And Culture Amongst Youth) is a voluntary movement founded in 1977 by Dr Kiran Seth, a Professor at IIT-Delhi who was awarded the 'Padma Shri' for his contribution to the arts in 2009.

SPIC MACAY's intention is to enrich the quality of formal education by increasing awareness about different aspects of Indian heritage and inspiring the young minds to imbibe the values embedded in it. It seeks to inspire youth through experiencing the mysticism embodied in the rich and heterogeneous cultural tapestry of Indian and World Heritage, with a hope that the beauty, grace, values and wisdom embodied in these arts will influence their way of life and thinking and inspire one to become a better human being. For this, the most accomplished artistes of the country render programmes of Indian classical music and dance, folk, poetry, theatre, traditional paintings, crafts & yoga primarily in schools and colleges. In 2011, SPIC MACAY was awarded the Rajiv Gandhi Sadbhavana award in recognition of its contribution to youth development.

CLUBS AND COUNCILS

In all facets of student life, we want our students to take initiative and pursue the opportunity that interests them. With the support of dedicated faculty we offer huge variety of clubs and councils to provide an optimum boost to child's overall development.

Astronomy Club

Astronomy has been a cornerstone of technological progress throughout the history, has much to contribute in the future, and offers all humans a fundamental sense of our place in an unimaginably vast and exciting universe. The interesting and informative Astronomy Club aims at teaching the budding scientists advanced scientific methods and extend their horizons beyond the normal comprehension of curriculum. The club program aims to teach students life skills through the intelligent application of astronomy and space science concepts. It also brings the students closer to the environment through outdoor trips and hands-on activities focusing on inculcating a scientific temper and out of the box thinking.

Robotics Club

In today's world education has to be about adapting to the advancing technology. We believe in providing platform for the application of knowledge through Project Based Learning with initiatives like CS - STEM, an acronym dealing with Computer Science; Science; Technology; Engineering and Mathematics using Robotics as a platform. This programme imbibes a dynamic classroom approach in which students actively explore real-world problems and challenges and acquire a deeper knowledge and practicality in understanding the core fundamental topics. Robotics club helps the students improve their creativity, boost their problem solving skills and enhance teamwork and technical knowledge. They are being taught to investigate and work through observations, reasoning, predicting, reflecting and critical thinking. It is indeed a journey of discovery to unfold the true potential of each child.

International Education Week

Being a World school, we believe our students should be capable of fostering global agility and intercultural connections. One such event which promotes global harmony is the culturally rich **Annual International Education week**. This event is organised by the International Club and aims to celebrate international culture and diversity. This global celebration is marked by activities like honing linguistic skills, Visits to different Embassies, Quizes and Collage making and ensures that children learn about global amalgamation through crafts, culture, cuisine, costume etc.

Linguistics Club

We believe that learning foreign languages sharpens the critical thinking of the children and broadens their perspective about the world. By providing the option of studying French or German to the students under the guidance of our experienced faculty, we give them global exposure and at the same time increase their mental focus, reading and writing abilities.

UNESCO Club

This club creates awareness about preserving and promoting our rich and varied culture among the young learners. Various activities and educational excursions to India's heritage monuments enables students to appreciate the traditions, culture and diversity of our country.

Model United Nations Club

Model United Nations is an integrated educational simulation where the students learn about diplomacy and international relations. This is an excellent platform in which the delegates debate the stances of different countries and join together to think creatively about how global challenges may be overcome.

Barry John Dramatics Club

This club encourages confidence, creativity and team building in students. Energetic engagement with drama activities ensures healthy development of children.

STUDENT EXCHANGE PROGRAMME

A life enriching experience, in a nutshell, is what is derived from Student Exchange Programs. We, at Delhi World Public School, Noida Extension visualize the students as ambassadors of the nation, where they can make an impact on the global scenario. Such a prominent initiative has been undertaken by the school for students to gain independence and develop a global perspective. The sublime motive is to provide international learning opportunities to students to facilitate them to accept and understand the world that is a cauldron of composite cultures. Hosting students from schools abroad and also by visiting them the students get an opportunity to immerse themselves in a different culture altogether. The **Indo-French** and **Indo-Spanish** Students Exchange Programs help students discover, explore and experience a new world.

INTERNATIONAL EDUCATIONAL PARTNERSHIP between DWPS and GDS, Spain !
Delhi World Public School, Noida Extension has another feather added to its cap and takes pride in being a part of an International Educational Partnership by signing a Memorandum of Understanding with Gredos San Diego, S. Coop. Madrid, a highly reputed school in Spain. The students of both the countries work in collaboration to explore the entrenched culture and heritage of the nations.

Participation in the International Education Week, MUN for fostering peace and harmony worldwide, Community Connect to reach out to the society, partnership visits, building a scientific temperament and breaking the boundaries by learning a foreign language for interaction - What a superb and sublime way to create global champions!

OUR INITIATIVES

We endeavour to engage & Embrace both the parent community as well as the wider community around us. To this effect, we have launched three programmes namely Tête-à-Tête, and Ensemble for the parents and Community Connect for the inclusive society participation.

Tête-à-Tête - Home Visit Programme

We at DWPS, Noida Extension believe that teacher home visit program strengthens the relationship between home and school and provides enriching student-teacher interactions. A home-visit programme is about identifying parents and teachers as “co-educators”, who share respective knowledge about that student. It's about helping teachers become culturally aware and parents seriously involved in their child's education.

Ensemble Programme

Ensemble is used as a platform to make a lasting bond with the parent to increase the likelihood of academic success for their child. Children do better in school when parents get involved. Keeping the same in mind, we in our institution regularly hold parent-teacher conferences. These conferences help to communicate to parents the areas their child is excelling in and to give them specific ideas of how to improve upon their child's performance in school.

The Community Connect Project is a continuous program of our school. Through the project, the school, complete with its staff and students, embrace the responsibility towards the community and environment (both ecological and social) in which it operates.

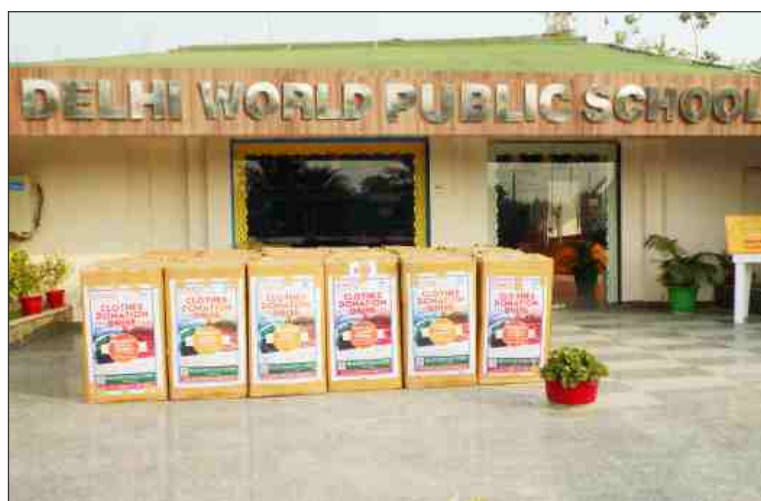

We endeavour to make a positive contribution to the underprivileged communities by supporting a wide range of socio-economic, educational and health initiatives. Also, we are committed to integrate its business values and operations to meet the needs and expectations of the society.

A wide range of activities are covered in the project such as conducting donation drives, providing assistance during times of disaster, encouraging volunteering work, supporting worthy social causes, and working in partnership with civil society organisations (CSOs) and NGOs to widen the reach and leverage individual experience and expertise.

Our students have visited several schools for the underprivileged, and we have also tied up with YouWeCan- Yuvraj Singh's initiative to raise cancer awareness.

YOU WE CAN

A Yuvraj Singh Cancer awareness initiative

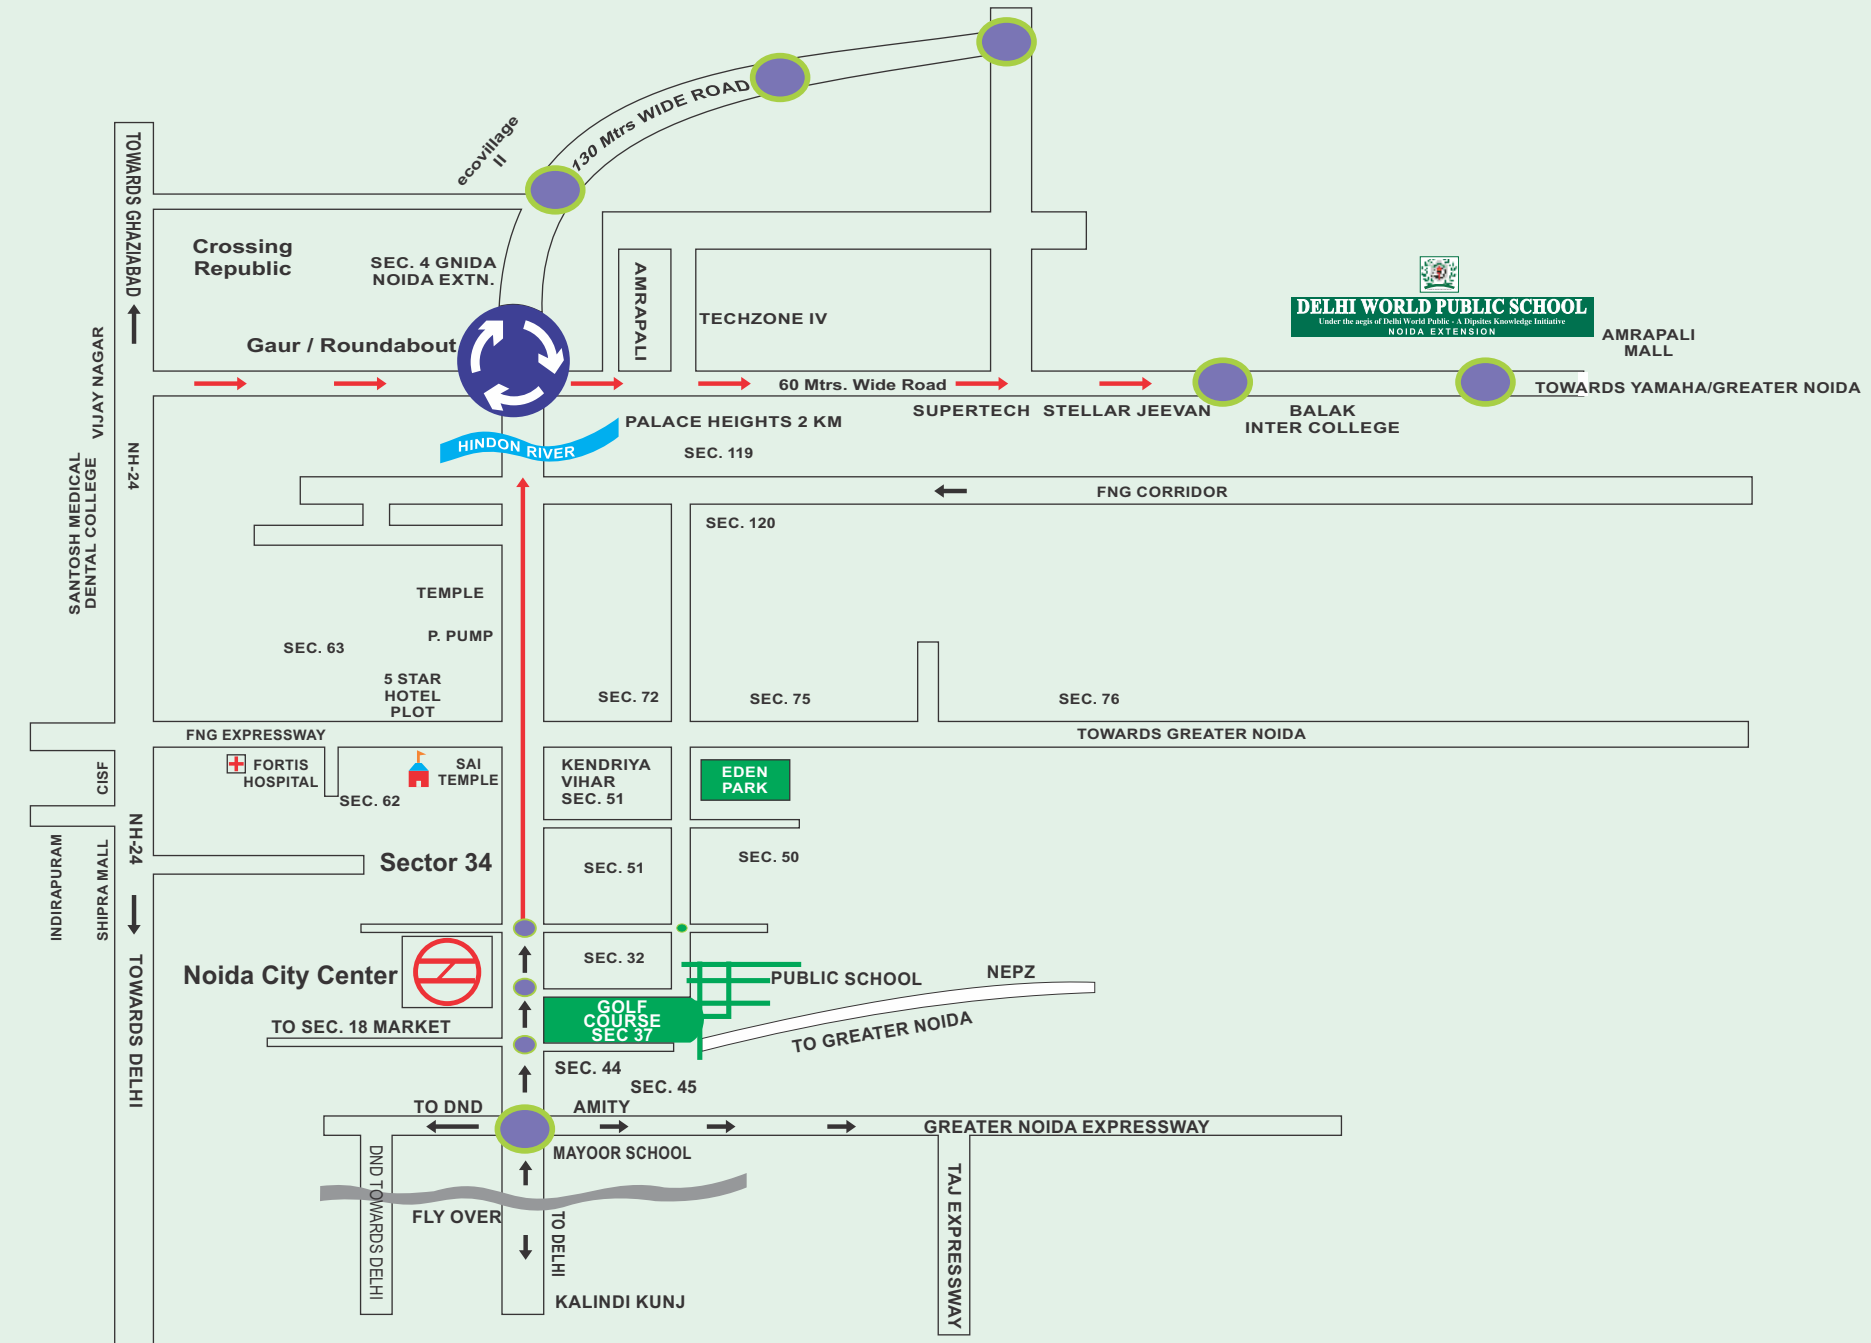

ADMISSIONS

We at Delhi World Public School follow a standard and transparent admission process. Our endeavour is to create a simple procedure, making admissions hassle free for parents.

Registration and Admission forms are available at the back of the prospectus and can also be downloaded from the website. The completed application form along with the required documents has to be submitted at the School Reception on the date of submission. Parents and student will then be called for a formal interaction with the Principal/Head mistress.
