Dear Parents

Greetings!

As we approach the second term of the Session 2019-20 we take pride in sharing the glimpses and highlights of the ongoing worthy journey of excellence that we are undertaking with you and your wards.

In an immensely dynamic and multicultural scenario though the world is surging towards IT, Digitization and artificial Intelligence, yet the quintessential role of virtues like empathy, compassion, kindness and humane outlook in evolution of the children as worthy beings can not be undermined.

In the ever so competitive environment Academic performance, subject knowledge and competence definitely pave way for bright career prospects and professional growth. At the same time Education should be holistic aiming at training the students in Life skills enlisted by the World Health Organisation, further mandated by the CBSE namely-Self Awareness, Empathy, Critical Thinking, Creative Thinking, Decision Making, Problem Solving, Effective Communication and Interpersonal Relationship. Coping with stress and emotions. These life skills are abilities for adaptive and positive behavior that enable the students to face the challenges of life.

At Delhi World Public School, Greater Noida we follow a comprehensive interdisciplinary approach combined with a detailed Sports Programme, Arts and Performing Arts to ensure all round grooming and development of each and every child under our care.

Home is the first school and parents are the most powerful teachers. I request you to kindly spend maximum time with your children, not only for studies but otherwise too. Encourage them, motivate them but never compare with others as it is detrimental for their growth. Please practice patience with your children and nurture them like tender saplings, allow them to grow at their own pace. Every child is unique and God has blessed every child with potential.

'Every child will learn, but not on the same day ,not in the same way'

Best wishes!

Profound regards

Principal
