SENIOR SECONDARY SCHOOL AFFILIATED TO CBSE

ABOUT SCHOOL

Adharsheela Global School, established in the year 2011 by Public Education Society, is a premier institute engrossed in achieving the fundamental qualities for excellence, which is dynamic in approach and in accordance of the ever-changing needs of the society, thereby providing one of the best learning experiences for our students which enable them to develop a deeper sense of mind-body connection. What started as an institute for classes Nursery to VII, has grown into a fully fledged Senior Secondary School over the years with the constant efforts of our team comprising of luminaries and visionaries from the field of education. The institute is affiliated to the Central Board of Secondary Education (CBSE), New Delhi.

PRINCIPAL'S MESSAGE

Welcome to the world of Adharsheelians, where education means the development of the child into a human being who is full of knowledge and values and exhibits a perfect combination of head (intellect), hand (skill) and heart (values).

As the head of Adharsheela Global School I feel blessed to have the noble calling of shaping the innocent souls into human beings who are full of knowledge, learning and values. The school has a well-planned curriculum so that the co-curricular activities can also be held to help in making of a responsible, confident, and vibrant learner. We give a lot of importance to make discipline a core value and encourage students to develop a sense of respect not only towards themselves but also towards others and also the environment. A well-developed examination schedule, intra school and inter school competitions, house activities, sports & games and morning assemblies, help the Adharsheelians to grow and bloom into knowledgeable, generous and concerned. I hereby thank you for your trust in us and solicit your support and cooperation to bring out the best for your child. Your valuable suggestions are always welcome. God bless you!

Rosemary Gaikwad
(Principal)

OUR MISSION

We at Adharsheela Global School believe in the holistic approach towards education. It is our mission to look beyond the horizon and seek a future for our children to ensure that in a safe, tranquil and intellectually challenging environment, all students shall have ample opportunity to identify and fulfill academic, cultural and social potential through multiple paths to learning; while also focusing on attaining skills and attitudes for life in a rapidly changing world, which requires to develop and maintain psychological, intellectual, moral and spiritual values.

With the ever-changing parameters of success around the globe, Adharsheela Global School aims to build a community of thinking, compassionate, world class citizens, who are committed to learning with enthusiasm and a strong work ethic. While our institute has redesigned the fundamental qualities for achieving excellence appropriately, we still believe that the core value of our programme is holistic in spirit that not only helps the students to develop a soulful mind-body connection, but also making them aware that there is much more to the world than just gaining a materialistic purpose towards life.

At Adharsheela Global School, we strongly believe that the true education must be life sustaining and life empowering. Thus, we live our faith through a creative and competent actualization of a school culture that is broad in vision and is a wholesome, progressive institute with Indian values and a Global outlook.

A WORLD OF OPPORTUNITY BEYOND ACADEMIA

A healthy body and mind that can appreciate the nuances of aesthetics in nature and diverse human activity is the sine qua non for becoming a balanced human being. To facilitate this, the school's calendar contains a host of co-curricular activities that cover a very wide spectrum. Performing and visual arts, sports and games, environmental studies, meditation and yoga will be practiced as a part of the routine. Children are exposed to real world experience through interactions with the community, trips and excursions to places of historical and social importance and by getting term to interact with experts and resource persons from various fields of human endeavour.

FACTS YOU WANTED TO KNOW ABOUT AGS

Why should I entrust my child to AGS?

AGS will provide world class facilities to students, their parents and the team members. All the class rooms in the school are technology enabled classrooms with smart boards installed in it. We follow the thematic study pattern to make the students learn through activities rather than by rote learning. We maintain a competitive student teacher ratio to attain a personal attention to each and every student.

What are the facilities offered at AGS?

AGS understands the need of one stop solution for all routine requirements of a school going child and that the modern day parents are busy - hence the school needs to provide for most of the routine requirement for a child.

What measures does the school take to make the students fluent in English?

Efforts are made to ensure that all students start conversing in English are as early as possible. At AGS we recognize the socio-cultural background of our students and that is the reason why spoken English classes form a part of the Routine Time Table and the school Assembly. To improve communication skills, students should be given every opportunity to participate in the competition for passages, poems, scriptures, extempore speeches, quizzes etc. in English.

However, we seek active participation of the parents in this regard. We suggest that they should speak in English at home and encourage their wards to speak in English too. The child should be provided with age appropriate English books, newspapers and magazines. This will foster good reading habit and will propagate awareness building skills.

COURSES OF STUDY

The school prepares students for All India Secondary School Examination conducted by the Central Board of Secondary Education, New Delhi. The school has classes from Nursery to Class XII.
