PLATINUM VALLEY
INTERNATIONAL SCHOOL

A CBSE AFFILIATED SENIOR SECONDARY SCHOOL

About the School

"Welcome to the Platinum Valley International School, an educational institution with roots dating back to the illustrious days of July 23rd, 1983. Nurtured under the capable stewardship of the Surya Nagar Educational Society, we proudly stand as a beacon of excellence in the Delhi/NCR region.

Nestled in the heart of Surya Nagar, Ghaziabad, our sprawling 4.24-acre campus serves as a canvas for a rich tapestry of co-curricular pursuits and immersive learning experiences, designed to weave together the threads of global interconnectedness. Our overarching vision is to foster an environment that nurtures the holistic development of our students, crafting well-rounded individuals poised to thrive in the world.

Our mission is crystal clear: we're here to help every student develop in every way. We want to shape well-rounded individuals who are fully prepared to succeed in a globalized world. At Platinum Valley International School, innovation is not just a fancy idea; it's a way of life. Our devoted teachers seamlessly incorporate cutting-edge technology into the curriculum, helping students improve their skills and knowledge. We're getting our students ready to adapt and shine in a world that's always changing. We're giving them the power to be positive forces for change, not just in our school but in the wider community too.

Platinum Valley International School is more than just a place of learning; it's a platform for personal transformation. Welcome to a world where innovation knows no limits, and the possibilities are endless. Come be a part of this exciting journey with us!"

President's Vision

Leading an institution of Platinum Valley International School's caliber is a distinct privilege, one that fills me with great pride and immense satisfaction. Our school has consistently advanced in its mission to shape the comprehensive development and personalities of our students.

Nurturing 21st-century learners requires meticulous planning, unwavering dedication, a clear vision, strategic acumen, and impeccable execution. We take immense pride in being a diverse, student-centric institution that is deeply committed to social engagement, offering a high-value education. We understand the transformative power of education and its role in propelling our students to excellence. I firmly believe that education should instill confidence, discipline, clarity of thought, and the ability to set and achieve goals. Above all, it should cultivate a sense of lifelong social responsibility.

At Platinum Valley International School, we are steadfast in our commitment to instill strong ethical values, including integrity, politeness, kindness, and respect for elders. These values serve as the foundation for a multitude of diverse interests, accompanied by energy, compassion, a love for learning, and a dedication to service.

Our PVIS alumni are a testament to our commitment to nurturing scholars, athletes, artists, musicians, scientists, poets, and actors. They are continuously encouraged to expand their horizons, set ambitious goals, and pursue their dreams.

Mr. Piyush Jain
President

Words of wisdom from General Secretary

"Grooming is the secret of real elegance"

In the realm of education, grooming emerges as the hidden gem of genuine elegance. Education's core purpose lies in nurturing a child's character into a harmonious blend of a healthy mind and a joyful soul. Our education system should serve as a catalyst, imbuing each child with a balanced persona rooted in the profound tapestry of our socio-cultural heritage.

With unwavering commitment, Platinum Valley International School (PVIS) stands as a bastion of quality education. We engage students in a diverse range of activities, fostering their holistic development and encouraging exploration beyond the confines of textbooks. Every decision and action of the School's Governing Body is driven by the sincere desire to uphold these values.

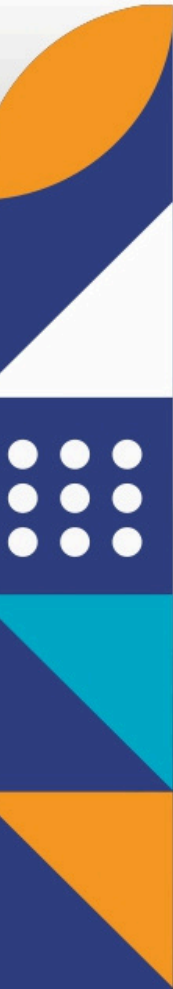

PVIS operates on the principle of 'No Child Left Behind,' leaving no stone unturned in supporting each student on their educational journey. In our relentless pursuit of excellence, we extend our heartfelt appreciation to our parent community for their steadfast support. Our dedicated teachers deserve commendation for their tireless efforts in nurturing each child's innate potential.

To our students, I urge you to embrace humility, discipline, and audacious dreams.

Dr. Alam A. Sisodia
General Secretary

**A School For
Problem Solvers**

**A School For
Lifelong Learning**

From the Desk of **PRINCIPAL**

Platinum Valley International School stands as a beacon of educational excellence, guided by a vision that transcends the ordinary. As the captain of this educational voyage, I am honored to share with you the essence of our school's vision and its far-reaching impact on the future.

Our belief is simple yet profound: dedication, hard work, and unwavering commitment create a win-win scenario for all within our school community. Every moment spent in the hallowed halls of PVIS holds immeasurable value, contributing to our overarching goal of enhancing student learning and providing them with a rock-solid foundation for their future endeavors.

PVIS is more than just an institution; it is a nurturing environment where every teacher, parent, and staff member are united by a shared purpose—the pursuit of learning and discovery. We are dedicated to upholding the highest standards of excellence, continually refining our educational approach, and employing innovative strategies to boost student achievement. Our curriculum is thoughtfully crafted to offer students a balanced, contemporary education, equipping them to confidently tackle life's most formidable challenges. We understand that each student has dreams and aspirations, and our commitment is to help turn those dreams into reality.

As we move forward, we remain steadfast in our dedication to fostering responsible citizenship among our students, aligning with the vision outlined in national policy guidelines. To all those considering PVIS for their educational journey, I extend an open invitation. Our institution is not merely a place of learning; it's a dynamic, supportive ecosystem where students receive the guidance, resources, and encouragement to transform their dreams into tangible achievements.

In the pages of this prospectus, I hope you discover the essence of PVIS—a place where students not only learn but also grow, thrive, and embark on a journey of lifelong success. With unwavering commitment to your child's future.

Ms. Jyoti Saxena
Principal

The Enriching Classroom Experience

In the heart of our school, every classroom is a nurturing space where the future of our country flourishes. These rooms aren't just places of learning; they are the very seeds of inspiration and growth.

Our teaching-learning process is elevated through the careful integration of cutting-edge audio-visual aids and digital enhancements. We believe in creating a dynamic and vibrant atmosphere that sparks curiosity and ignites the desire to explore. In these classrooms, knowledge comes alive through collaborative techniques that foster active engagement.

But our commitment to enriching education doesn't stop here. We understand that true understanding often comes from hands-on experience. That's why we've invested in state-of-the-art Science labs, Math's labs, Language Labs, and a Digital Library, all meticulously designed to make learning an immersive and exciting journey.

At PVIS, we embrace Howard Gardner's Theory of Multiple Intelligences, recognizing that every student is a unique individual with their own set of talents and abilities. To nurture these diverse personalities, we provide a wide range of facilities in sports and the creative arts. Whether your child is an athlete, an artist, a musician, or a scientist, there's a place for them to flourish here.

Our classrooms are not just rooms; they are gateways to a world of knowledge, discovery, and endless possibilities. It's where your child's dreams take root and where they embark on a journey of joyful learning.

Several Facets of Learning for students

- LSEP (Life Skills Enhancement Programme): Prepares a child to face challenges of life.
- AEP (Adolescent Education Programme) - Promotes and develops healthy attitude and skills to enable the student to respond to real life situations in positive and responsible ways.
- Trips Tours - Contribute in developing a greater taste, higher levels of tolerance for art and culture and increased historical empathy.
- Sensitization Programmes - Make student empathetic and responsive to ideas, events, situations, phenomenon with social receptivity.
- Career Counselling.
- Seminars - Provide latest updates in various fields as a part of curriculum integration programme.
- Workshops - Upgrade focused thinking by revisiting, revising and refining.
- 360 Feedback System - Develops positive communication between parents and all the stakeholders to improve academic performance of the child.
- Aptitude Tests.
- Vocational Skill enhancement guidance to overcome the achievement gap.
- Educational & Recreational Visits - To educate in a fun bonding experience where everyone is involved.

A School For
Vibrant Thoughts

A School
For Visionaries

Innovative Excellence At Platinum Valley International School

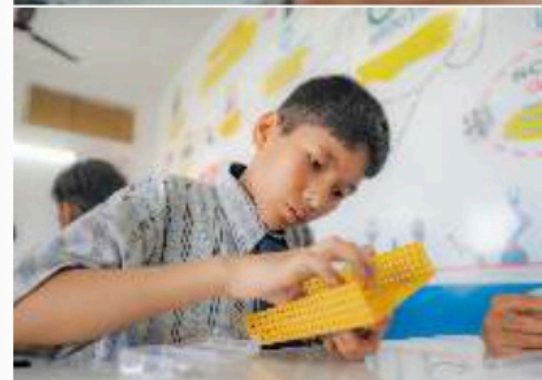

At Platinum Valley International School, innovation is not just a word; it's a way of life. Our remarkable teachers, with their wealth of experience, are masters at seamlessly integrating cutting-edge technology into our curriculum. Their aim? To elevate our students' skills and understanding to new heights.

We are dedicated to providing interactive, hands-on learning experiences that go beyond textbooks, creating a profound connection between our students and their subjects. From the captivating world of robotics to our state-of-the-art labs and our very own radio broadcast channel, PVIS offers a dynamic array of opportunities for our students to explore, learn, and grow.

But innovation at PVIS goes beyond the classroom. We nurture leadership and social skills through engaging clubs and activities that empower our students to be confident, collaborative, and forward-thinking individuals. We believe that with unprecedented changes happening all around us, it's vital to prepare our students to not just adapt but thrive in an ever-evolving world.

PVIS is more than a school; it's a platform for transformation. We empower our students to become catalysts for cohesion, collaboration, and change, both within our school community and beyond. Our commitment to innovation means that we constantly anticipate and evolve with the changing educational landscape. We break down barriers that limit exploration and discovery, encouraging our students to push the boundaries between scientific fields and between science, art, and other human endeavors.

At PVIS, innovation knows no bounds. It's a force that propels us forward, shaping our future leaders and thinkers. Welcome to a world where innovation is the key to limitless possibilities."

Beyond The Classroom

Radio Roar: The Heartbeat of the School! - School Radio and Broadcasting Channel - For the students and by the students!

PVIS News Radar: A window to the world of Media Literacy. - The schools very own In-house channel, bringing news about all the latest from the school, curated and presented by students.

Special Assemblies: Gatherings that Unite. - A platform for celebrating student achievements and instill values.

Guest Assemblies: Gatherings that Inspire. - Society leaders and renowned individuals guests share their thoughts and experiences with students.

Club Activities: Dedication, determination, and endless inspiration. That's what PVIS clubs are all about!

Workshops: Learning by doing: that's the motto of our inspiring school workshops!

Happy Classrooms: Laughter, Smiles, Happiness - Foundational elements contributing to success, well-being and personal growth.

These pursuits aim to incorporate a broad spectrum of activities made available to students in tandem with the various academic initiatives already in place.

A School For Smiles

A School For Curiosity

State-of-the-art Science Laboratories

At Platinum Valley International School (PVIS), we take immense pride in our cutting-edge science laboratories, which are thoughtfully designed to foster efficient and immersive learning experiences in the realms of chemistry, physics, and biology. These labs are more than just spaces; they are vibrant hubs of scientific exploration.

Step into our laboratories, and you'll find a fusion of tradition and technology. Each lab is equipped with modern interactive whiteboards, seamlessly connected to the internet, enabling access to a wealth of resources that complement practical experiments. We understand the power of visual aids and digital resources in enhancing the learning process.

The layout of our labs is carefully crafted to maximize functionality. We have dedicated desk areas for class teaching, providing an ideal environment for theoretical lessons. Simultaneously, ample bench space is available to facilitate practical work. The bench areas are ingeniously equipped with a comprehensive range of services, conveniently accessible from flexible overhead or floor-level service points. This design promotes adaptability, allowing us to swiftly transition between practical and theoretical activities, optimizing the efficient use of time and space.

At PVIS, safety is paramount. Our labs adhere rigorously to all prescribed safety guidelines, ensuring that every laboratory is equipped with state-of-the-art safety features. We leave no room for compromise when it comes to the well-being of our students and staff.

To further support our teachers and students, we have a dedicated preparation area and an on-staff lab technician. Their expertise is readily available to assist with practical experiments and address safety-related concerns. We believe in nurturing a culture of curiosity and exploration while maintaining the highest standards of safety and excellence in our laboratories.

In these laboratories of excellence, we inspire the scientists of tomorrow, encouraging them to push the boundaries of knowledge and make exciting discoveries. Welcome to a world where science comes to life at PVIS."

The Language Lab: Nurturing 21st Century Communication Skills

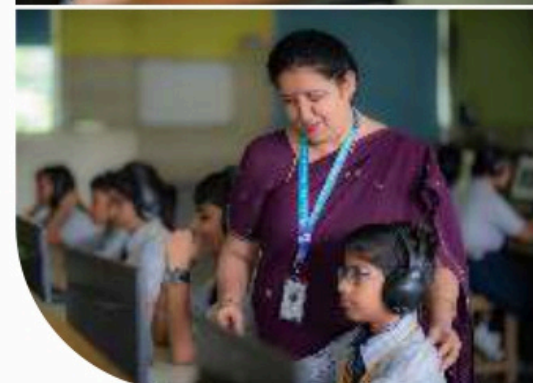

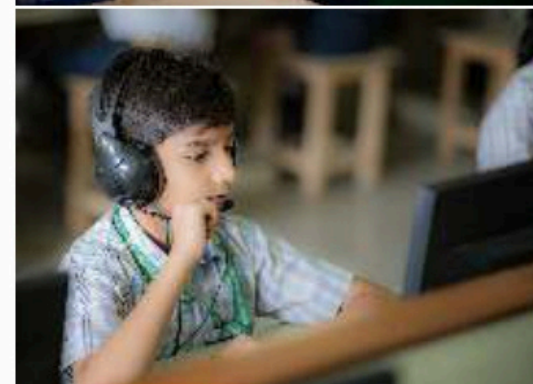

In today's world, effective communication stands as a cornerstone of success. At Platinum Valley International School, we recognize the pivotal role language plays in fostering communication skills that are vital in the 21st century.

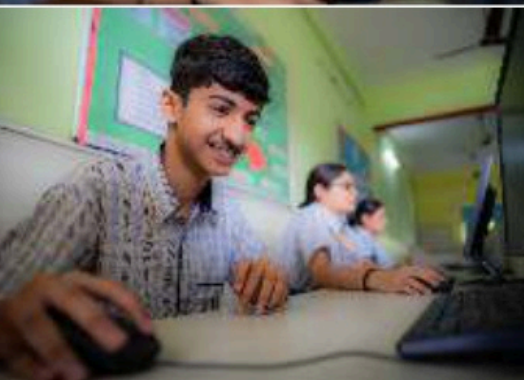

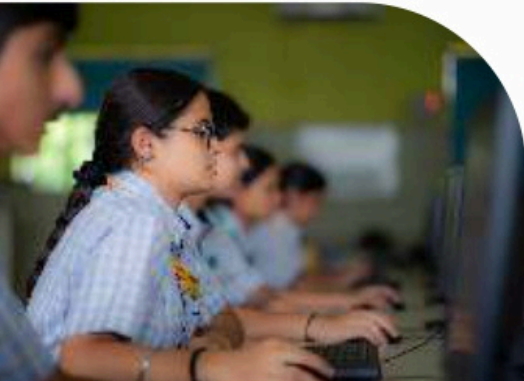

Our state-of-the-art Language Lab is meticulously designed to actively engage students in language learning exercises, offering them unparalleled opportunities to practice and refine their linguistic abilities. Here, the traditional classroom boundaries are transcended, enabling seamless integration of text, images, audio, and video, all tailored to suit the unique needs of our students.

The primary objective of our Language Lab is to empower students to master the fundamental skills of English, equipping them with the proficiency to communicate confidently and effectively. With a capacity to accommodate up to forty students, this lab is well-equipped with cutting-edge electronic devices that not only facilitate learning but also inspire and motivate students to acquire language skills swiftly and effortlessly.

One of the key features of our Language Lab is its capability to allow students to listen to model pronunciation, repeat, record their own speech, and subsequently assess their performance. This invaluable self-assessment tool empowers students to track their progress and refine their language skills with precision.

At PVIS, we understand that communication is a cornerstone of success in the 21st century. Our Language Lab is not just a room filled with technology; it's a transformative space where students cultivate the vital skill of effective communication, setting them on a path to excel in our interconnected world.

The Digital Havens: **Pioneering** Technology

Step into our twin Computer Labs, meticulously designed to cater to students from Class I to Class XII. These labs represent the future, where hands-on experience and technological exploration are the norm.

Each of our spacious air-conditioned labs boasts an impressive array of 40 computers, ensuring that every student has the opportunity to dive into the world of computing individually. Equipped with the latest Windows operating system, these systems provide a seamless and user-friendly platform for practice and learning.

In an era of rapid technological advancement, our Computer Labs are more than just spaces for computer literacy. They are the launchpads for our students to embrace the tools of the future, including deep learning, artificial intelligence, and machine learning. These transformative technologies are seamlessly integrated into our curriculum, allowing students not just to keep pace with the evolving world but to lead it.

To make learning a captivating experience, we've curated specially designed Computer Aided Learning (CAL) packages that engage students and leave an indelible impression on their minds. These packages transform education into an interactive journey, where students actively participate and gain a deeper understanding of the digital realm.

In an age where information is at our fingertips, our Internet facility opens doors to a world of knowledge. Under the watchful guidance of our expert computer teachers, students can access the latest information from computer networks worldwide, ensuring they stay informed and connected to the ever-evolving digital landscape.

The Library: **Bridging** The Pages And Pixels

Within our library's walls reside a treasure trove of knowledge, with around 10,000 books spanning various subjects taught at the school level. What's more, many of these books are accessible as e-books, offering a seamless fusion of tradition and technology.

But our commitment to holistic development goes beyond the printed word. To enrich the minds of our students, we subscribe to an array of competitive materials, including newspapers, journals, magazines, newsletters, and an extensive collection of CDs. In addition, we proudly house approximately 3000 reference books, featuring encyclopedias, dictionaries, tactile books, 3D books, and whimsical cartoon books, specially curated for our nursery students.

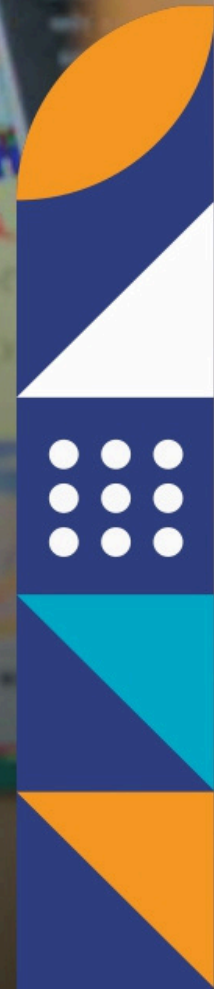

Our library is not just a repository of books; it's a gateway to self-growth and enhanced self-esteem. We aspire to nurture reading habits among our students and staff, which is why our library follows a well-structured policy of lending a generous number of books to both on demand.

As technology reshapes the landscape of education, PVIS embraces the digital era. Our digital library, "eGyanKosh," is a virtual repository of learning resources readily available to our students. It fosters study habits and promotes self-study, empowering our students with the convenience of accessing educational materials at their fingertips.

In this era of evolving technology, we bridge the gap between pages and pixels, ensuring that our students have the best of both worlds.

**A School For
Inquisitive Minds**

The Wonderland For **Little Explorers**

Welcome to the enchanting world of the Kids Zone—a vibrant play area meticulously designed to nurture the budding creativity, curiosity, and boundless energy of our pre-primary and primary champions.

Within these colorful confines, children embark on a delightful journey of self-discovery and growth. It's a place where the laughter of playing with peers resonates, and where the magic of learning knows no bounds.

In our kindergarten section, sensory panels await, inviting little fingers to explore and little minds to expand. Here, coordination blossoms, and the five senses come alive, offering children endless learning opportunities through play.

But the excitement doesn't end there. Step into our sandy haven, where a world of imagination awaits in the sandpit area. As children play with the soft grains of sand, fine motor skills are stimulated, and gross motor skills are honed. It's a place where castles are built, treasures are unearthed, and creativity knows no limits.

And for those who seek aquatic adventures, our swimming pool becomes a realm of exploration and aquatic fun. Here, children not only make a splash but also develop their gross motor skills, contributing to their overall development.

The Kids Zone is not just a play area; it's a gateway to boundless curiosity, creativity, and joy. It's a place where every day is an adventure, and every moment is a treasure.

A School For Champions

Where Dreams Take Flight: PVIS Sports Academy

Sport isn't just a game; it's an inspiration that ignites the spirit of Generation Next. At PVIS, we understand the profound impact of sports on the mind, body, and soul. That's why we've created a haven for physical fitness and athletic excellence—the PVIS Sports Academy.

Step onto our multipurpose and expansive school playground, and you'll discover more than just a place to play. It's a canvas where dreams take shape, where happiness, peace, and an energetic lifestyle become a way of life. Here, we celebrate the joy of movement and the thrill of competition.

Our playground isn't just about courts for basketball, volleyball, and badminton; it's a bustling hub for a myriad of activities that extend beyond the curriculum. From exhibitions to carnivals, from annual days to sports events, our playground is where memories are made and achievements celebrated.

One of our proudest accomplishments is our Taekwondo team, which has not only represented PVIS but also won numerous trophies at state and national championships. Beyond the medals and accolades, our Taekwondo team embodies the values of coordination and discipline, serving as an inspiration to all.

At PVIS Sports Academy, we believe that sports are more than just physical activity; they are a pathway to self-discovery, teamwork, and resilience. It's a place where champions are nurtured, where dreams take flight, and where the spirit of sportsmanship lives on.

We Care For You

Transportation: Safety On The Move PVIS prioritizes safety during transportation with GPS-enabled buses, fire safety systems, and first-aid kits. Qualified drivers with speed governors ensure responsible driving. Backup buses are available for contingencies.

Medical Care: Health First Our students' well-being is paramount. We have a well-equipped medical room, in-house doctor, and 24x7 ambulance service. Parents are promptly informed of serious health issues.

Security: Vigilance Around The Clock Security is top-notch with CCTV surveillance, professional guards, and dedicated attendants. We follow CBSE directives for safety committees and restricted campus access.

Smart Campus: Empowering Education With Technology PVIS embraces technology with state-of-the-art computer labs, high-speed internet, interactive boards, and specialized ICT labs, ensuring an advanced learning experience.

Admission Procedure: Your Path To Joining PVIS

At PVIS, we have a straightforward admission process to ensure that every student gets the opportunity to embark on their educational journey with us:

Registration: To start the admission process, parents are required to register their child with the school. You can easily obtain the prospectus cum admission form by visiting the School's Front Office.

Age Criteria: For admission to Pre-Nursery, the child should have completed 2 years as of July 31st. Please provide an attested copy of the original birth certificate issued by the competent authorities along with the registration form.

Registration & Admission: It's important to note that registration does not guarantee admission. The admission process includes additional steps to ensure the right fit for both the student and the school.

Reservations: PVIS adheres to government guidelines for reservations, including those set by the Central Government, UP Government, and Ghaziabad Development Authority, particularly for the Economically Weaker Sections of society.

Competency Level Assessment:

Grades I to XI: Candidates seeking admission in these grades are required to undergo a competency assessment, which they must qualify.

Pre-Nursery and Prep: Admission for these grades is based on interaction with the school.

For any inquiries related to admissions, feel free to contact us at 7042218095 or 7838078095
